4. PRODUCT OVERVIEW

The HOCO EQ3 earbuds feature a compact design with a transparent charging case that includes a digital power display. Each earbud is equipped with touch control areas for easy operation.

Charging Case

- **Transparent Lid:** Allows visibility of earbuds and digital display.

- **Digital Power Display:** Shows the remaining battery percentage of the charging case.
- **USB-C Charging Port:** For recharging the case.
- **Lanyard Hole:** For easy portability.

Earbuds

- **Touch Control Area:** Located on the outer surface of each earbud for various functions.
- **LED Indicator:** Displays pairing status and charging status.
- **Microphone:** For clear calls.

5. SETUP

5.1 Charging the Earbuds and Case

1. Place both earbuds into the charging case. Ensure they are correctly seated in their respective slots (L for left, R for right).
2. Connect the USB charging cable to the USB-C port on the charging case and the other end to a

compatible USB power source (e.g., computer USB port, wall adapter).

3. The digital display on the charging case will show the charging status. The earbuds' LED indicators will also show charging status.
4. A full charge for the case takes approximately 1.5-2 hours. The earbuds charge automatically when placed in the case.

5.2 Pairing with a Bluetooth Device

1. Ensure the earbuds are charged.
2. Open the lid of the charging case. The earbuds will automatically power on and enter pairing mode. The LED indicators on the earbuds will flash, indicating they are ready to pair.
3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for new devices.
4. Select "HOCO EQ3" from the list of available devices.
5. Once connected, the earbuds' LED indicators will stop flashing and remain solid or turn off, and you will hear a confirmation tone.
6. The earbuds support master-slave switching, allowing either earbud to be used independently.

6. OPERATING INSTRUCTIONS

The HOCO EQ3 earbuds feature intuitive touch controls. The touch control area is located on the outer surface of each earbud.

BT 5.3 high-speed connection

Smart

BT5.3 has lower power consumption, lower latency and more stable connection.

Control at your fingertips

Smart

A variety of functional operations can be realized with one touch, simple and convenient.

 Tap the touch area Play/Pause	 Double tap the touch area Next track
 Triple tap the touch area Prev track	 Long press the touch area for 2s Voice assistant activation

Image: A diagram illustrating the touch control functions for the HOCO EQ3 earbuds, including single tap, double tap, triple tap, and long press.

6.1 Music Playback

- **Play/Pause:** Tap the touch area on either the Left (L) or Right (R) earbud once.
- **Next Track:** Double tap the touch area on either the Left (L) or Right (R) earbud.
- **Previous Track:** Triple tap the touch area on either the Left (L) or Right (R) earbud.

6.2 Call Management

- **Answer/End Call:** Tap the touch area on either earbud once.
- **Reject Call:** Long press the touch area on either earbud for 2 seconds.

6.3 Voice Assistant

- **Activate Voice Assistant (Siri, Google Assistant, etc.):** Long press the touch area on either earbud for 2 seconds.

7. MAINTENANCE

7.1 Cleaning

- Regularly clean the earbuds and charging case to prevent dust and debris buildup.
- Use a soft, dry, lint-free cloth to wipe the surfaces.
- For the ear tips, remove them from the earbuds and clean with a damp cloth, then dry thoroughly before reattaching.
- Do not use alcohol, benzene, or other volatile liquids for cleaning.

7.2 Storage

- When not in use, store the earbuds in their charging case to protect them and keep them charged.
- Store the device in a cool, dry place, away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

If you encounter any issues with your HOCO EQ3 earbuds, please refer to the following common solutions:

Problem	Possible Cause	Solution
Earbuds not turning on	Low battery	Place earbuds in the charging case and charge the case fully.
Cannot pair with device	Bluetooth off, earbuds not in pairing mode, or previously paired.	Ensure Bluetooth is on. Open case lid to enter pairing mode. Forget "HOCO EQ3" from your device's Bluetooth list and try pairing again.
Only one earbud working	One earbud not connected or low battery.	Place both earbuds back into the charging case, close the lid for 5 seconds, then open again. Ensure both are charged.
No sound or low volume	Device volume too low, earbud volume too low, or poor connection.	Increase volume on your device. Ensure earbuds are properly connected. Clean ear tips if blocked.
Charging case not charging	Faulty cable or power source.	Try a different USB-C cable and power adapter. Ensure the cable is securely connected.
