## SETUP

### 1. Charging the Headphones

1. Connect the USB Type-C end of the charging cable to the charging port on the headphone.
2. Connect the USB-A end of the cable to a compatible USB power adapter (not included) or a computer's USB port.
3. The LED indicator on the headphone will show the charging status. Once fully charged, the indicator will change (refer to product-specific LED behavior).
4. A full charge provides up to 30 hours of playback time.

### 2. Powering On/Off

- **Power On:** Press and hold the Power button (usually the Multifunction Button) for a few seconds until the LED indicator lights up and you hear an audible prompt.
- **Power Off:** Press and hold the Power button for a few seconds until the LED indicator turns off and you hear an audible prompt.

### 3. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, laptop, etc.), enable Bluetooth and search for available devices.
4. Select "boAt Rockerz 460" from the list of devices.
5. Once connected, the LED indicator will flash blue periodically, and you will hear a confirmation tone.

#### 4. Dual Pairing

The boAt Rockerz 460 supports dual pairing, allowing you to connect to two devices simultaneously.

1. Pair the headphones with the first device as described above.
2. Disable Bluetooth on the first device. The headphones will re-enter pairing mode.
3. Pair the headphones with the second device.
4. Enable Bluetooth on the first device. The headphones will automatically connect to both devices.
5. You can now seamlessly switch audio playback between the two connected devices.

### OPERATING INSTRUCTIONS

#### 1. Basic Controls

The headphones feature easy-access controls on the earcup:

- **Play/Pause:** Single press the Multifunction Button.
- **Next Track:** Long press the Volume Up button.
- **Previous Track:** Long press the Volume Down button.
- **Volume Up:** Short press the Volume Up button.
- **Volume Down:** Short press the Volume Down button.
- **Answer/End Call:** Single press the Multifunction Button.

- **Reject Call:** Long press the Multifunction Button.

Image: A detailed view of the earcup with clearly labeled control buttons for easy access.

## 2. Voice Assistant Activation

Activate your device's voice assistant (Google Assistant or Siri) by pressing the Multifunction Button for 2 seconds. This allows for hands-free control of music, calls, and information retrieval.

## 3. BEAST Mode (Low Latency)

The boAt Rockerz 460 features a dedicated button to activate BEAST Mode, which reduces audio latency for an enhanced gaming experience. Press the designated BEAST Mode button to toggle this feature on or off.

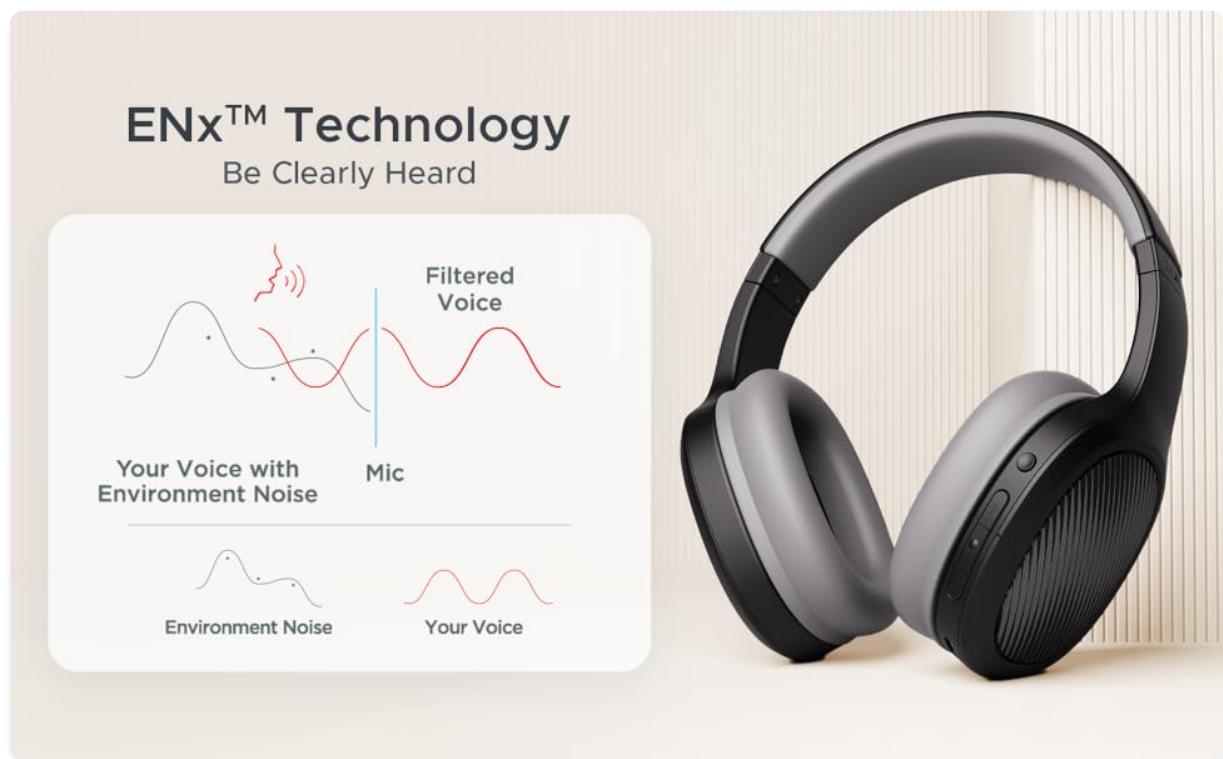

Image: The boAt Rockerz 460 headphones with a visual cue for BEAST Mode, indicating low latency for gaming.

## 4. ENx Technology (Environmental Noise Cancellation)

ENx Technology ensures your voice is transmitted with high clarity during calls by filtering out environmental noise. This feature is automatically active during calls.

Image: A diagram illustrating how ENx Technology filters environmental noise to deliver clear voice during calls.

## 5. Adaptive Fit

The headphones are designed with an adaptive fit headband and cushioned earcups for extended comfort during long listening sessions or gaming.

## MAINTENANCE

- Clean the headphones regularly with a soft, dry cloth.
- Avoid exposing the headphones to extreme temperatures, moisture, or dust.
- Do not use abrasive cleaners or solvents.
- Store the headphones in a cool, dry place when not in use.

## TROUBLESHOOTING

- **No Power:** Ensure the headphones are fully charged.
- **Cannot Pair:** Make sure the headphones are in pairing mode (flashing blue and red LED). Disable and re-enable Bluetooth on your device.
- **No Sound:** Check the volume levels on both the headphones and your connected device. Ensure the headphones are properly paired.
- **Poor Sound Quality:** Move closer to your connected device to avoid interference. Ensure there are no obstructions between the headphones and the device.
