5. INSTALLATION

5.1 Dimensions

Ensure your car's dashboard opening matches the installation dimensions of the MP5 player.

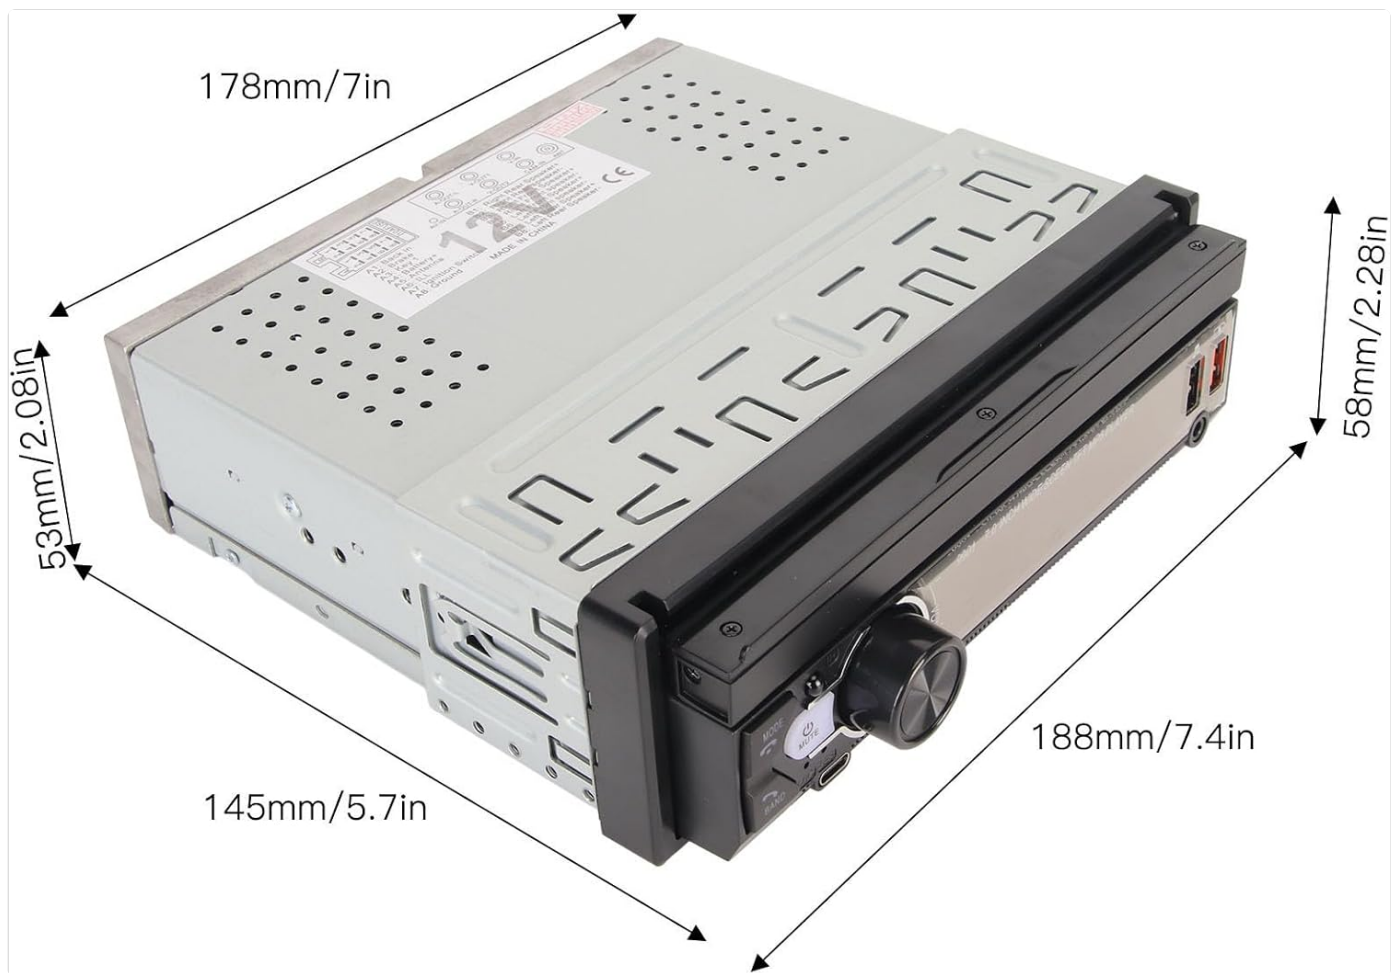

Image: Dimensional drawing of the Car MP5 Player, indicating its width (178mm/7in), height (53mm/2.08in), depth (145mm/5.7in), and the extended screen height (58mm/2.28in).

5.2 Wiring Diagram

Refer to the 'Panel Description' section (Image 2.2) for a visual guide to the rear panel connections. Connect the power cords, speaker wires, video input/output cables, and the radio antenna as indicated. Ensure all connections are secure before powering on the device.

5.3 Mounting the Unit

1. Carefully slide the MP5 player into the car's dashboard opening until it clicks into place.
2. Secure the unit using the provided screws or mounting brackets.
3. Connect the backup camera and other external devices if applicable.

6. OPERATION GUIDE

6.1 Basic Controls

Upon powering on the device, the main interface will be displayed. Use the touch screen or physical buttons to navigate.

Image: The primary user interface of the Car MP5 Player, displaying a grid of application icons for various functions such as home, settings, phone, music, and navigation.

6.2 Bluetooth Connectivity

To connect your phone via Bluetooth:

1. Go to the Bluetooth settings on the MP5 player.
2. Enable Bluetooth on your mobile device and search for available devices.
3. Select the MP5 player from the list (usually named 'CarBT' or similar) and pair.
4. Once connected, you can play music and make/receive calls hands-free.

6.3 Smartphone Integration (CarPlay, Android Auto, Mirror Link)

Connect your smartphone via USB to enable CarPlay (for iOS), Android Auto (for Android), or Mirror Link functionality. This allows you to access compatible apps, navigation, and media directly from the player's screen.

6.4 Reversing Camera Function

When the vehicle is shifted into reverse gear, the screen will automatically display the view from the connected backup camera, providing parking assistance with guide lines.

Image: The Car MP5 Player's screen showing the live feed from the backup camera, complete with dynamic parking guidelines, as seen in a parking lot environment.

6.5 Steering Wheel Control

The unit supports learning functions for your car's steering wheel controls, allowing you to operate the player without taking your hands off the wheel.

Instructions for use: Open the steering wheel panel, select the button usage, and then press the steering wheel. The button on the top gives it its function, and after the confirmation is completed, the steering wheel can control the machine.

Image: The Car MP5 Player's interface for configuring steering wheel controls, demonstrating how to map vehicle steering wheel buttons to player functions.

6.6 USB and Type-C Charging

The player is equipped with USB2.0 and Type-C ports that support PD fast charging for your mobile devices.

Image: A close-up view of the Car MP5 Player's front panel, highlighting the USB and Type-C ports, with a smartphone connected and actively fast charging.

6.7 Audio Input

Connect external audio sources via the AUX input port using a 3.5mm audio cable.

Image: The Car MP5 Player displaying 'NO SIGNAL' on its screen, while a smartphone is connected via an AUX cable to its audio input port, indicating external audio playback capability.

6.8 Car Location Feature

The player supports a 'Locate and Find the Car' function, which can help you find your parked vehicle using a connected smartphone application.

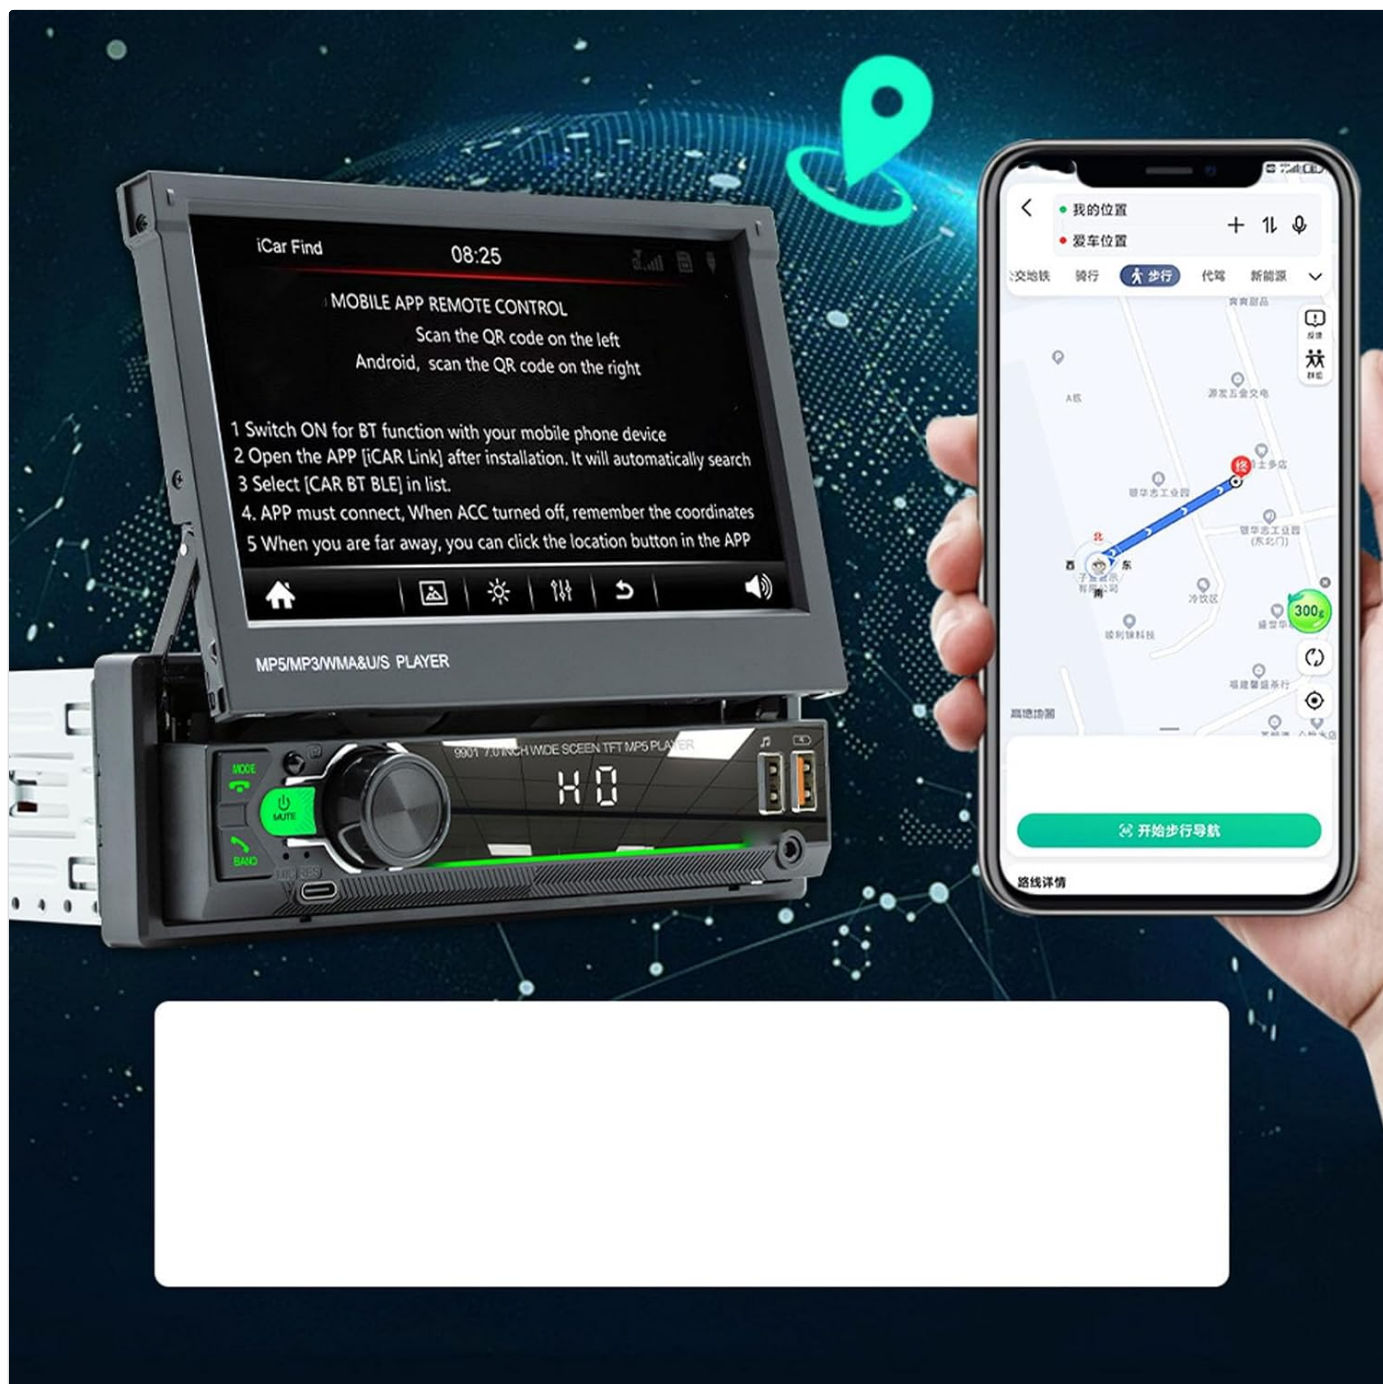

Image: The Car MP5 Player screen displaying instructions for its 'iCar Find' mobile app remote control feature, alongside a smartphone showing a map with a car's location marked.

7. MAINTENANCE

To ensure the longevity and optimal performance of your Car MP5 Player, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Avoid abrasive cleaners or solvents.
- **Temperature:** Do not expose the unit to extreme temperatures or direct sunlight for prolonged periods.
- **Moisture:** Keep the unit dry. Do not expose it to water or excessive humidity.
- **Ventilation:** Ensure proper ventilation around the unit to prevent overheating.

8. TROUBLESHOOTING

If you encounter issues with your Car MP5 Player, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power	Incorrect wiring; Blown fuse; Vehicle battery issue	Check power connections; Replace fuse; Check car battery
No sound	Speaker wires disconnected; Volume too low; Mute activated	Check speaker connections; Increase volume; Deactivate mute
Bluetooth not connecting	Bluetooth off on device/phone; Pairing issue	Ensure Bluetooth is on; Delete previous pairings and re-pair
Backup camera not displaying	Camera not connected; Incorrect wiring; Camera faulty	Check camera cable connection; Verify reverse trigger wire; Test camera
Screen unresponsive	System crash; Software glitch	Perform a soft reset (use the reset button if available); Power cycle the unit

9. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the documentation provided with your purchase or contact Pomya customer service through the official channels. Keep your proof of purchase for warranty claims.
