3. SETUP AND ASSEMBLY

PLUS PLUS blocks are designed for intuitive connection. Each piece has a unique shape that allows it to interlock with others. The baseplate provides a stable surface for building larger or more complex structures.

Connecting Pieces:

1. Select two PLUS PLUS pieces.
2. Align the 'plus' shape of one piece with the 'minus' indentation of another.
3. Gently push them together until they interlock securely.

Using the Baseplate:

The baseplate serves as a foundation. Simply attach your PLUS PLUS creations directly onto the studs of the baseplate to provide stability and expand your building area.

4. OPERATING AND PLAY

PLUS PLUS blocks offer versatile play options, allowing for both 2D and 3D construction.

2D Mosaics:

Lay the blocks flat on a surface or the baseplate to create colorful mosaic designs. This method is excellent for developing pattern recognition and artistic expression.

3D Structures:

Connect the blocks in multiple directions to build three-dimensional objects, figures, and structures. The unique shape allows for curves and complex forms.

Refer to the included Building Idea Guide Booklet for initial project ideas and inspiration. Experiment with different color combinations and building techniques to unleash your creativity.

5. MAINTENANCE

To ensure the longevity and cleanliness of your PLUS PLUS blocks, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the blocks with a damp cloth and mild soap if necessary. Rinse thoroughly and air dry. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the blocks in their original Play Tube or another suitable container to prevent loss and keep them free from dust. Keep them away from direct sunlight and extreme temperatures.
