› **Sentry Behavior Portable Calming Diffuser for Cats, Reduces Stress and Bad Behavior with Calming Pheromones, Easy-to-use Portable Design, 30 Day Release Cat Diffuser Portable**

Sentry 4023

SENTRY® Portable Calming Diffuser for Cats Instruction Manual

Model: 4023

PRODUCT OVERVIEW

The SENTRY® Portable Calming Diffuser for Cats is designed to help reduce stress-related issues in cats, such as scratching, marking, or excessive meowing. This portable diffuser utilizes calming pheromones to provide a sense of comfort and calm in any space, without requiring batteries or an electrical outlet.

- **Scientifically Proven:** Helps reduce stress-related issues.
- **Up to 30 Days of Calming Pheromones:** Provides continuous release for extended relief.
- **No Electricity Needed:** Operates without batteries or an outlet, offering true portability.
- **Covers up to 700 Square Feet:** Effective in various room sizes.

SETUP AND INSTALLATION

Setting up your SENTRY® Portable Calming Diffuser is quick and easy. Follow these steps to begin providing a calming

environment for your cat:

1. **Remove the cartridge from packaging:** Carefully open the product packaging and take out the pheromone cartridge.
2. **Prepare the cartridge:** On the backside of the cartridge, pull the foil tab downward to remove the seal backing. This exposes the pheromone for release.
3. **Insert into holder:** Slide the prepared cartridge back into the diffuser holder along its internal tracks. Ensure it is seated securely.
4. **Placement:** Place the diffuser in an area your pet frequently visits, such as social areas, sleeping spots, or resting places. Ensure good airflow to the desired location for optimal diffusion.

SIMPLE & EASY TO USE

SENTRY.

PORTABLE CALMING DIFFUSER FOR CATS

WE UNDERSTAND ANXIOUS CATS.

We've developed our SENTRY® line of products because at SENTRY®, we are dedicated to helping pets feel their very best wherever they may be. Our calming products work to help soothe those stressful situations both at home and on the go. For more than a decade, we've worked side by side with leading pet experts and top universities researching safe, effective ways to help pets lead happier, less stressful lives. The SENTRY® Portable Calming Diffuser for Cats adds to the SENTRY® behavior line of calming products to bring your cat the relaxation they need. Our portable diffuser provides consistent delivery of the pheromone for up to 30 days to help calm your cat conveniently and with no electricity needed.

COMPOSITION:

PHEROMONE	3.0%
INERT INGREDIENT	97.0%
TOTAL	100%

KEEP OUT OF REACH OF CHILDREN AND PETS

Cartridge - Product of Portugal

DIRECTIONS:

Remove the cartridge from packaging.

On the backside of the cartridge, pull the foil tab downward to remove seal backing.

Slide the cartridge back into the holder along internal tracks.

After 30 days, replace used cartridge with a new SENTRY® Refill.

Dispose of used cartridge in trash.

Give your cat the best relief by placing the diffuser off the floor in places they frequently use (i.e., social areas, sleeping or resting places), and ensure good airflow to the desired location. Continue to replace the used diffuser cartridge every 30 days, as the calming pheromone may have evaporated by the end of the 30 days even if liquid remains. Move the diffuser where required, however, do not place the product on the floor.

OPERATING PRINCIPLES

The SENTRY® Portable Calming Diffuser works by passively releasing calming pheromones into the air. These

pheromones mimic those naturally produced by cats, helping them feel more secure and relaxed in their environment.

- **Continuous Release:** The diffuser provides a consistent delivery of pheromones for up to 30 days.
- **Wide Coverage:** Effective in areas covering up to 700 square feet, making it suitable for various rooms in your home or during travel.
- **No Power Source Required:** Its portable design means no batteries or electrical outlets are needed, allowing for flexible placement.

PASSIVELY
RELEASES
PHEROMONES
FOR 30 DAYS

PROVIDES CALMING
SUPPORT IN AREAS
UP TO 700 SQ FT

BENEFITS AND APPLICATIONS

This diffuser is particularly beneficial for cats experiencing anxiety or stress due to various situations. It helps to alleviate common stress-related behaviors:

- **Reduces Scratching:** Helps minimize destructive scratching behavior.

- **Decreases Marking:** Aids in reducing inappropriate urine marking.
- **Calms Excessive Meowing:** Soothes cats prone to excessive vocalization due to stress.

SENTRY®'s pheromone technology is backed by scientific research, demonstrating its effectiveness in promoting a calmer state in felines.

MAINTENANCE

To ensure continuous effectiveness of your SENTRY® Portable Calming Diffuser, regular cartridge replacement is necessary.

- **Cartridge Replacement:** After approximately 30 days of use, the pheromone liquid in the cartridge may be depleted. Replace the used cartridge with a new SENTRY® Refill.
- **Disposal:** Dispose of the used cartridge in household trash.

Note: Even if some liquid remains, the pheromone may have evaporated by the end of 30 days. For best results, replace the cartridge monthly.

TROUBLESHOOTING

If you observe that the diffuser is not effectively calming your cat, consider the following:

- **Placement:** Ensure the diffuser is placed in an area with good air circulation and where your cat spends a significant amount of time. Avoid placing it directly on the floor, as this may impede proper diffusion.
- **Cartridge Life:** Verify that the cartridge has not exceeded its 30-day effective period. Replace if necessary.
- **Environmental Factors:** Extreme environmental stressors (e.g., loud, continuous noises, new pets, significant household changes) might require additional calming strategies in conjunction with the diffuser.
