MISTRAL MMTF08K

Retrograde by Mistral 8" Metal Table Fan

Model: MMTF08K - DC Motor

INTRODUCTION

Thank you for choosing the Mistral MMTF08K 8" Metal Table Fan. This manual provides important information regarding the safe use, operation, and maintenance of your fan. Please read it thoroughly before using the product and retain it for future reference.

IMPORTANT SAFETY INSTRUCTIONS

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and injury to persons.

- Ensure the power supply voltage matches the rating label on the fan.
- Do not immerse the fan, plug, or cord in water or other liquids.
- Unplug the fan from the outlet when not in use, before cleaning, or before moving.
- Keep fingers and other objects away from the fan blades and moving parts during operation.
- Do not operate any fan with a damaged cord or plug, or after the fan malfunctions or has been dropped or damaged in any manner.
- Place the fan on a stable, flat surface to prevent it from tipping over.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

PRODUCT OVERVIEW

Familiarize yourself with the components of your Mistral MMTF08K table fan.

Figure 1: Front view of the Mistral MMTF08K 8-inch metal table fan. This image displays the fan's circular metal grille, the internal blades, and the control panel located on the fan's base. The fan has a dark metallic finish with brass accents.

Figure 2: Side view of the Mistral MMTF08K 8-inch metal table fan. The fan head is shown tilted upwards, highlighting its adjustable angle. The robust cylindrical stand connects the fan head to its stable, round base.

Figure 3: Angled view of the Mistral MMTF08K 8-inch metal table fan. This perspective shows the fan head tilted, emphasizing its manual adjustment capability. The base with its control buttons is also visible from this angle.

SETUP INSTRUCTIONS

1. **Unpacking:** Carefully remove the fan from its packaging. Retain the packaging for storage or if the product needs to be returned.
2. **Placement:** Place the fan on a firm, level surface. Ensure there is adequate space around the fan for proper air circulation and oscillation.
3. **Power Connection:** Plug the power cord into a standard 220V electrical outlet. Ensure the outlet is easily accessible.

OPERATING INSTRUCTIONS

Your Mistral MMTF08K fan features intuitive controls for various settings.

- **Power On/Off:** Press the power button on the base to turn the fan on or off.
- **Speed Adjustment:** The fan offers 12 speeds. Use the speed control buttons to cycle through the available settings.
- **Oscillation:** Press the oscillation button to activate or deactivate the left and right oscillation feature, which covers up to 90 degrees.
- **Manual Tilt Adjustment:** The fan head can be manually adjusted up to 35 degrees vertically to direct airflow. Gently tilt the fan head to your desired angle.
- **Timer Function:** Activate the 8-hour timer function to set the fan to automatically turn off after a specified duration. Refer to the display for timer settings.
- **Display:** The fan features an auto-off blue color light display, which shows current settings and timer status.

MAINTENANCE AND CLEANING

Regular cleaning will help maintain your fan's performance and extend its lifespan.

1. **Before Cleaning:** Always unplug the fan from the power outlet before attempting any cleaning or maintenance.
2. **Exterior Cleaning:** Wipe the exterior surfaces of the fan with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these may damage the finish.
3. **Grille and Blades:** Use a vacuum cleaner with a brush attachment or a soft brush to remove dust from the grilles and fan blades. Do not attempt to disassemble the fan for cleaning the blades.
4. **Storage:** If storing the fan for an extended period, cover it to protect it from dust and store it in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not turn on.	Not plugged in; power outlet not working; power button not pressed.	Ensure the fan is securely plugged into a working outlet. Press the power button.
Weak airflow.	Fan speed set too low; grilles or blades are dusty.	Increase the fan speed. Clean the grilles and blades as per maintenance instructions.
Fan is noisy.	Fan not on a level surface; foreign object in blades; loose parts.	Place the fan on a stable, flat surface. Unplug and check for any obstructions. If noise persists, contact customer support.
Oscillation not working.	Oscillation function not activated.	Press the oscillation button to activate the feature.

If you encounter issues not listed here, or if the problem persists, please contact customer support.

SPECIFICATIONS

Brand	MISTRAL
Model	MMTF08K
Type	8" Metal Table Fan
Motor Type	DC Motor
Speeds	12 Speeds
Oscillation	Up to 90° (Left & Right)
