SETUP

1. Charging the Headphones

Before first use, fully charge your headphones. Use the provided magnetic charging cable. Connect the magnetic end to the charging port on the headphones and the USB end to a compatible power source (e.g., computer USB port, USB wall adapter).

- **Charging Time:** Approximately 1.5 hours for a full charge.
- **Battery Indicator:** Refer to the LED indicator on the headphones for charging status.

Image: A close-up view of the magnetic charging connection point on the headphones.

2. Powering On/Off

- **Power On:** Long press the Power button for 3 seconds until the LED indicator lights up and you hear a power-on prompt.
- **Power Off:** Long press the Power button for 3 seconds until the LED indicator turns off and you hear a power-off prompt.

3. Bluetooth Pairing

To connect your headphones to a device:

1. Ensure the headphones are powered off.
2. Long press the Power button for 3 seconds to power on. The headphones will automatically enter pairing mode, indicated by a flashing LED light.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "S800C" from the list of found devices to connect.
5. Once connected, the LED indicator will stop flashing, and you will hear a connection confirmation.

Your headphones are now ready for use.

OPERATING INSTRUCTIONS

Music Playback

- **Play/Pause:** Click the Power button once.
- **Volume Up:** Click the "+" button once.
- **Volume Down:** Click the "-" button once.
- **Next Song:** Long press the "+" button for 2 seconds.
- **Previous Song:** Long press the "-" button for 2 seconds.

Image: A visual guide detailing the functions of each button for music playback and call management, including single clicks and long presses.

Call Management

- **Answer/Hang Up Call:** Click the Power button once.
- **Refuse Call:** Long press the Power button for 2 seconds.

MAINTENANCE

- **Cleaning:** Wipe the headphones with a soft, damp cloth. Do not use abrasive cleaners or immerse in water for cleaning.
- **Water Resistance:** The headphones are IPX7 water-resistant, meaning they can withstand splashes, rain, and sweat. They are not suitable for swimming or prolonged submersion. Ensure the charging port is dry before charging.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures. The flexible design allows for easy storage.

IPX7 Waterproof and Sweatproof

The IPX7 rating is completely waterproof and sweatproof not afraid of strenuous exercise and extreme weather
