Thanaddo 8x8 ft

Thanaddo 8x8 ft Portable Outdoor Storage Tent Shelter Shed Instruction Manual

Model: 8x8 ft

1. INTRODUCTION

This manual provides essential instructions for the assembly, operation, and maintenance of your Thanaddo 8x8 ft Portable Outdoor Storage Tent Shelter Shed. Please read all instructions carefully before assembly and use to ensure safe and efficient operation.

2. SAFETY INFORMATION

- **Assembly:** Always assemble the shed on a level surface. Ensure all parts are securely connected as per instructions.
- **Anchoring:** Securely anchor the shed to the ground using the provided stakes and ropes to prevent displacement by wind.
- **Weather Conditions:** In extreme weather conditions (heavy snow, strong winds), it is recommended to remove snow accumulation from the roof and consider temporary disassembly or additional anchoring.
- **Ventilation:** Utilize the roll-up doors for proper air circulation, especially when storing items that may require ventilation.
- **Storage:** Do not store flammable materials, hazardous chemicals, or items exceeding the shed's structural capacity.
- **Children:** Keep children away from the shed during assembly and ensure it is properly secured to prevent accidents.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, contact customer support.

- Heavy-duty steel frame components (numbered for easy identification)
- 180G extra-thick polyethylene canopy cover
- Removable roll-up doors with double zippers
- Bracing bars for structural stability
- Buckles and hook-and-loop fasteners for securing roll-up doors

- 4 Ratchet straps for tightening the structure
- 6 Big ground pegs for anchoring
- Assembly instructions manual

4. SETUP AND ASSEMBLY

Follow these steps to assemble your storage shed. Refer to the numbered parts in the instruction manual provided in the package.

4.1 Frame Assembly

Connect the steel frame components according to the numbering in your manual. Ensure all connections are secure and the frame is stable before proceeding.

4.2 Attaching the Canopy Cover

Carefully drape the polyethylene canopy cover over the assembled frame. Ensure it is centered and evenly distributed. Secure the cover to the frame using the integrated elastic connections and buckles for a tight, gap-free fit.

4.3 Anchoring the Shed

Once the frame and cover are in place, use the provided 6 big ground pegs to anchor the shed securely to the ground. Additionally, utilize the 4 ratchet straps to tighten the structure, ensuring maximum stability against wind and other elements.

Detail Design

Bracing Bar

It can make the storage tent structure more stable and will not be deformed.

Buckles

Roll up the door for easy access formed.

Double Zippers

The door can be easily opened or closed inside and out.

4 Ratchet Strap

Using ratchet straps to tighten the structure up.

6 Big Ground Pegs

Designed to be sturdy and durable.

5. OPERATING INSTRUCTIONS

5.1 Roll-up Doors

The shed features removable roll-up doors with double zippers. To open, unzip both sides and roll the door upwards. Secure the rolled door in place using the hook-and-loop fasteners and buckles located at the top of the entrance. This allows for easy access and improved ventilation.

5.2 Ventilation

The roll-up doors can be kept open to promote air circulation, which is beneficial for preventing moisture buildup and maintaining the condition of stored items. The shed also features small mesh windows on the sides that can be opened for additional airflow.

6. MAINTENANCE

- **Cleaning:** Clean the canopy cover periodically with mild soap and water. Avoid harsh chemicals or abrasive cleaners that could damage the material.
- **Inspection:** Regularly inspect the frame for any signs of rust or damage. Check the integrity of the canopy cover for

tears or wear. Ensure all anchoring points and straps are secure.

- **Weather Preparedness:** During periods of heavy snowfall, gently remove snow from the roof to prevent structural strain. In anticipation of strong winds, double-check all anchors and consider adding extra tie-downs if necessary.

7. TROUBLESHOOTING

- **Shed Instability:** Ensure all ground pegs are fully inserted and ratchet straps are tightened. Verify that the frame connections are secure.
- **Water Leakage:** Check for any tears or punctures in the canopy cover. Ensure the doors are fully zipped and the extended tarp covers the ground adequately.
- **Difficulty Rolling Doors:** Ensure zippers are fully open and free of debris. Roll the door evenly to prevent snagging.

8. SPECIFICATIONS

| Feature | Detail |
|------------------------|---|
| Brand | Thanaddo |
| Model | 8x8 ft Portable Outdoor Storage Tent Shelter Shed |
| Dimensions | 94.92 x 96.12 x 85.44 inches (8x8 ft) |
