Model: shoe rack 416

Instruction Manual

## INTRODUCTION

Thank you for choosing the Tribesigns 10-Tier Shoe Storage Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new shoe organizer. Please read these instructions carefully before beginning assembly and retain them for future reference.

## SETUP AND ASSEMBLY

The Tribesigns 10-Tier Shoe Storage Cabinet requires assembly. Please ensure all components are present and undamaged before proceeding.

### 1. Unpacking and Component Check

Carefully unpack all parts from the packaging. Refer to the included parts list to verify that all hardware and wooden panels are present. If any parts are missing or damaged, please contact customer support.

### 2. Assembly Instructions

Detailed, easy-to-follow instructions are included with the product. All necessary tools are provided, along

with extra screws for each type. It is recommended to have a second person assist during certain steps to ensure stability and ease of assembly.

- Follow the step-by-step diagrams and text provided in the separate assembly guide.
- Ensure all connections are secure before moving the unit.

Image: Dimensional diagram of the shoe cabinet, illustrating its compact footprint and vertical storage.

### 3. Placement and Stability

Place the assembled cabinet on a flat, stable surface. For enhanced safety, especially in households with children or pets, utilize the included anti-tipping hardware to secure the unit to a wall. This product is designed for freestanding use but wall-mounting is highly recommended to prevent accidental tipping.

The cabinet features a heightened base for improved stability and aesthetic appeal.

## OPERATION AND USAGE

This shoe storage cabinet is designed to maximize vertical space and organize up to 30 pairs of shoes.

### 1. Shoe Storage

The cabinet features 30 individual cubbies, suitable for various shoe types including flats, sneakers, and high heels. For larger shoes, such as men's sizes, it may be necessary to place one shoe per cubby or utilize the adjustable shelves.

# Movable Wooden Boards

You can remove the shelves and it even fits tall boots

## 2. Adjustable Partitions

Certain shelves within the cabinet are adjustable, allowing you to customize the storage space. This feature is ideal for accommodating taller items such as boots, storage bins, books, or other accessories. Simply remove the desired shelf to create a larger vertical compartment.

### 3. Versatile Storage

Beyond shoes, the cubbies can also be utilized for organizing scarves, gloves, hats, small bags, or other personal items, making it a versatile storage solution for various rooms.

## MAINTENANCE

To maintain the appearance and longevity of your Tribesigns Shoe Storage Cabinet, follow these simple care instructions:

- **Cleaning:** Wipe the surface with a dry, soft cloth. Avoid using harsh chemicals or abrasive cleaners, which may damage the finish.
- **Spills:** Immediately wipe any spills with a damp cloth and dry thoroughly.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration.
- **Moisture:** Keep the cabinet in a dry environment to prevent warping or damage from humidity.

## TROUBLESHOOTING

If you encounter any issues with your shoe storage cabinet, please refer to the following common solutions:

- **Wobbling/Instability:** Ensure all screws and fasteners are tightened securely. Verify the unit is placed on a level surface. If necessary, re-attach the anti-tipping hardware to a wall stud.
- **Difficulty fitting shoes:** Utilize the adjustable shelves to create larger compartments for boots or bulkier footwear. For men's shoes, consider placing one shoe per cubby.
- **Damaged parts:** If any parts were damaged during shipping or assembly, please contact Tribesigns customer support for replacements.

**Important Safety Information:** Do not exceed the maximum weight limit of 300 pounds. Ensure the unit is not placed near edges or unstable surfaces to prevent tipping. Do not hang or climb on the shelves as they

are not designed for such use.

## SPECIFICATIONS

Feature	Detail
Product Dimensions	12.2"D x 25.6"W x 70.9"H
Number of Cubbies	30
Weight Limit	300 Pounds
Material	Manufactured Wood (0.6" thickness)
