

## MOUNTUP UP314-31

# MOUNTUP 55x28 Inches Electric Height Adjustable Standing Desk

Model: UP314-31 | Brand: MOUNTUP

## INTRODUCTION

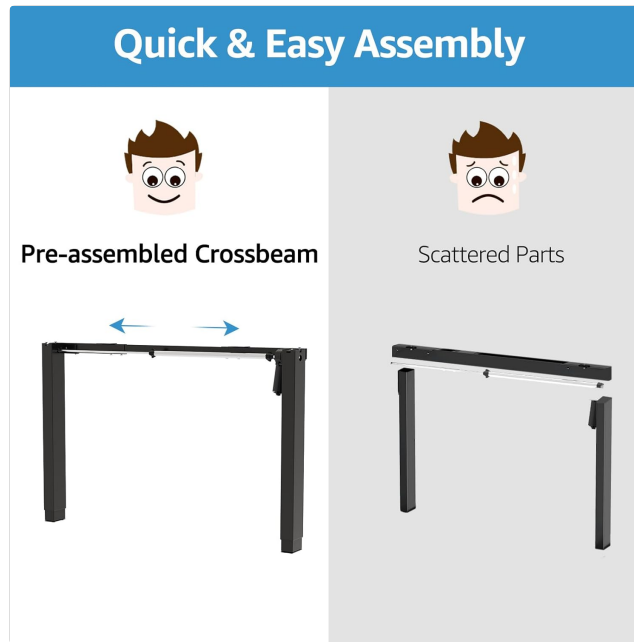

This manual provides detailed instructions for the assembly, operation, and maintenance of your MOUNTUP Electric Height Adjustable Standing Desk. Designed for ergonomic comfort and efficiency, this desk allows seamless transitions between sitting and standing positions, promoting a healthier work environment.

## KEY FEATURES

- **Solid Construction:** The sturdy steel frame and wood desktop allow a 176lbs weight capacity, offering stability and sturdiness. T-shaped bases maintain good stability even at the highest height.
- **Durable Motor:** Customize your working or sitting positions with the adjustable height feature, ranging from 28.7" to 46.5". The advanced motor has a longer service life, usable more than 20,000 times.
- **Spacious Work Area:** A large 55 x 28" desktop offers ample workspace for 2 monitors and laptop setups along with important work materials, supplies, and decor. It provides more space and comfort for your busy working hours.
- **Quick and Easy Assembly:** Pre-assembled crossbeam simplifies the setup process, freeing up time so you can get back to what matters most. Simple use the included parts and installation manual to get the desk setup.
- **Intelligent Control Panel:** User-friendly control panel with four memory functions allows you to easily adjust and save your desired height settings. Effortlessly switch between different heights with a single touch of a button.

## PACKAGE CONTENTS

Before assembly, ensure all components are present. Refer to the included assembly tools and parts list.

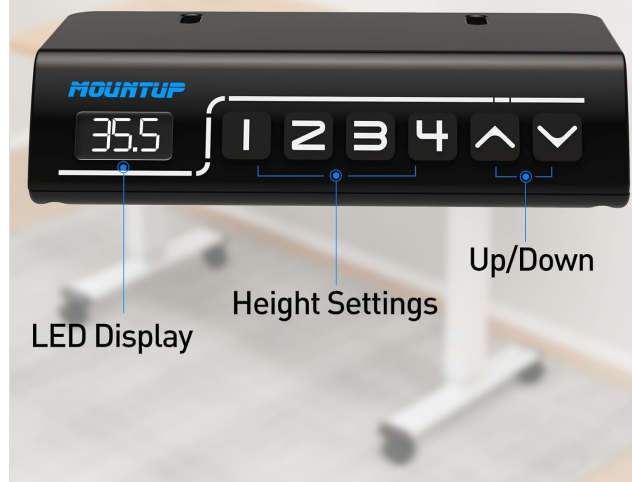

*Image: All components of the MOUNTUP standing desk laid out for assembly, including the desktop sections, legs, and hardware.*

## SETUP AND ASSEMBLY

The MOUNTUP Electric Height Adjustable Standing Desk features a pre-assembled crossbeam design for quicker installation. Follow these steps for efficient setup:

1. **Unboxing and Inspection:** Carefully unpack all components from the box. Verify that all parts listed in the manual are present and undamaged.
2. **Assemble the Frame:** Attach the leg columns to the pre-assembled crossbeam. Secure them firmly using the provided screws and assembly tools.
3. **Attach Desktop Sections:** The desktop comes in splice board sections. Align and secure these sections to the frame using the designated connectors and screws. Ensure all connections are tight for stability.
4. **Install Control Panel and Motor:** Mount the intelligent control panel and connect the motor as per the instructions. Ensure all cables are securely connected and managed to prevent interference with desk movement.
5. **Optional Accessories:** Attach any optional accessories such as headphone hooks or cable management solutions to the designated points on the desk frame.

## OPERATING INSTRUCTIONS

Your MOUNTUP standing desk is equipped with an intelligent control panel for easy height adjustment and memory functions.

### Height Adjustment:

- Use the **Up (^)** and **Down (v)** arrows on the control panel to manually adjust the desk height. The current height will be displayed on the LED screen.
- The desk can be adjusted from 28.7 inches to 46.5 inches.

### Memory Functions:

- The control panel features four memory preset buttons (1, 2, 3, 4).
- To save a desired height: Adjust the desk to your preferred height using the Up/Down arrows. Press and hold one of the memory buttons (1-4) until the LED display confirms the setting is saved (e.g., a beep or a change in display).
- To recall a saved height: Simply press the corresponding memory button (1-4). The desk will automatically move to the saved height.

Image: Close-up of the intelligent control panel with LED display, showing memory buttons and up/down arrows.

Anti-Collision Feature:

The desk is equipped with an anti-collision system. If the desk encounters an obstruction while moving up or down, it will automatically stop and reverse slightly to prevent damage or injury.

MAINTENANCE

- **Cleaning:** Wipe the desk surface with a dry cloth to remove dust and spills. Avoid abrasive cleaners.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight.
- **Weight Capacity:** Do not exceed the maximum weight recommendation of 176 pounds to ensure optimal performance and longevity.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Desk not moving	Power cable disconnected; motor error.	Check power connections. If error persists, consult customer support.
Desk wobbles	Loose screws; uneven floor.	Tighten all assembly screws. Ensure desk is on a level surface.
Height adjustment inconsistent	Overload; motor calibration needed.	Reduce weight on desk. Refer to the full user manual for calibration steps.

## SPECIFICATIONS

Feature	Detail
Brand	MOUNTUP
Model Number	UP314-31
Product Dimensions	28"D x 55"W x 46.5"H
Height Adjustment Range	28.7" to 46.5"
Maximum Weight Capacity	176 Pounds
Top Material Type	Wood
Base Material	Alloy Steel
Special Feature	Adjustable Height, Ergonomic, Electric
Assembly Required	Yes (Assembly Tools Included)

## IMPORTANT SAFETY INFORMATION

Ensure proper assembly and adhere to the stated weight limit of 176lbs for safe usage. Keep children and pets away from the desk during height adjustment. Do not place hands or objects near moving parts.

The desktop material meets EPA and CARB safe air standards for a healthy home environment.
