alltogetho Eiffel Tower Micro Mini Block Building Blocks Instruction Manual

Product Overview

This instruction manual provides detailed guidance for assembling the alltogetho Eiffel Tower Micro Mini Block Building Blocks set. This engaging construction set allows you to recreate the iconic Eiffel Tower using intricate micro-sized blocks, fostering construction skills and attention to detail.

Safety Information

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

This building set contains small parts which may pose a choking hazard. Adult supervision is recommended, especially for younger users. Please ensure all small components are kept out of reach of children under 3 years of age.

Setup and Assembly

The alltogetho Eiffel Tower Micro Mini Block Building Blocks set requires careful and precise assembly. Follow the step-by-step instructions provided in the packaging to construct the model. Due to the micro size of the blocks, patience and

attention to detail are essential.

Understanding Micro Mini Blocks

Micro Mini Blocks are significantly smaller than standard building blocks, allowing for highly detailed and intricate models. Familiarize yourself with the different block types and their connections before beginning assembly.

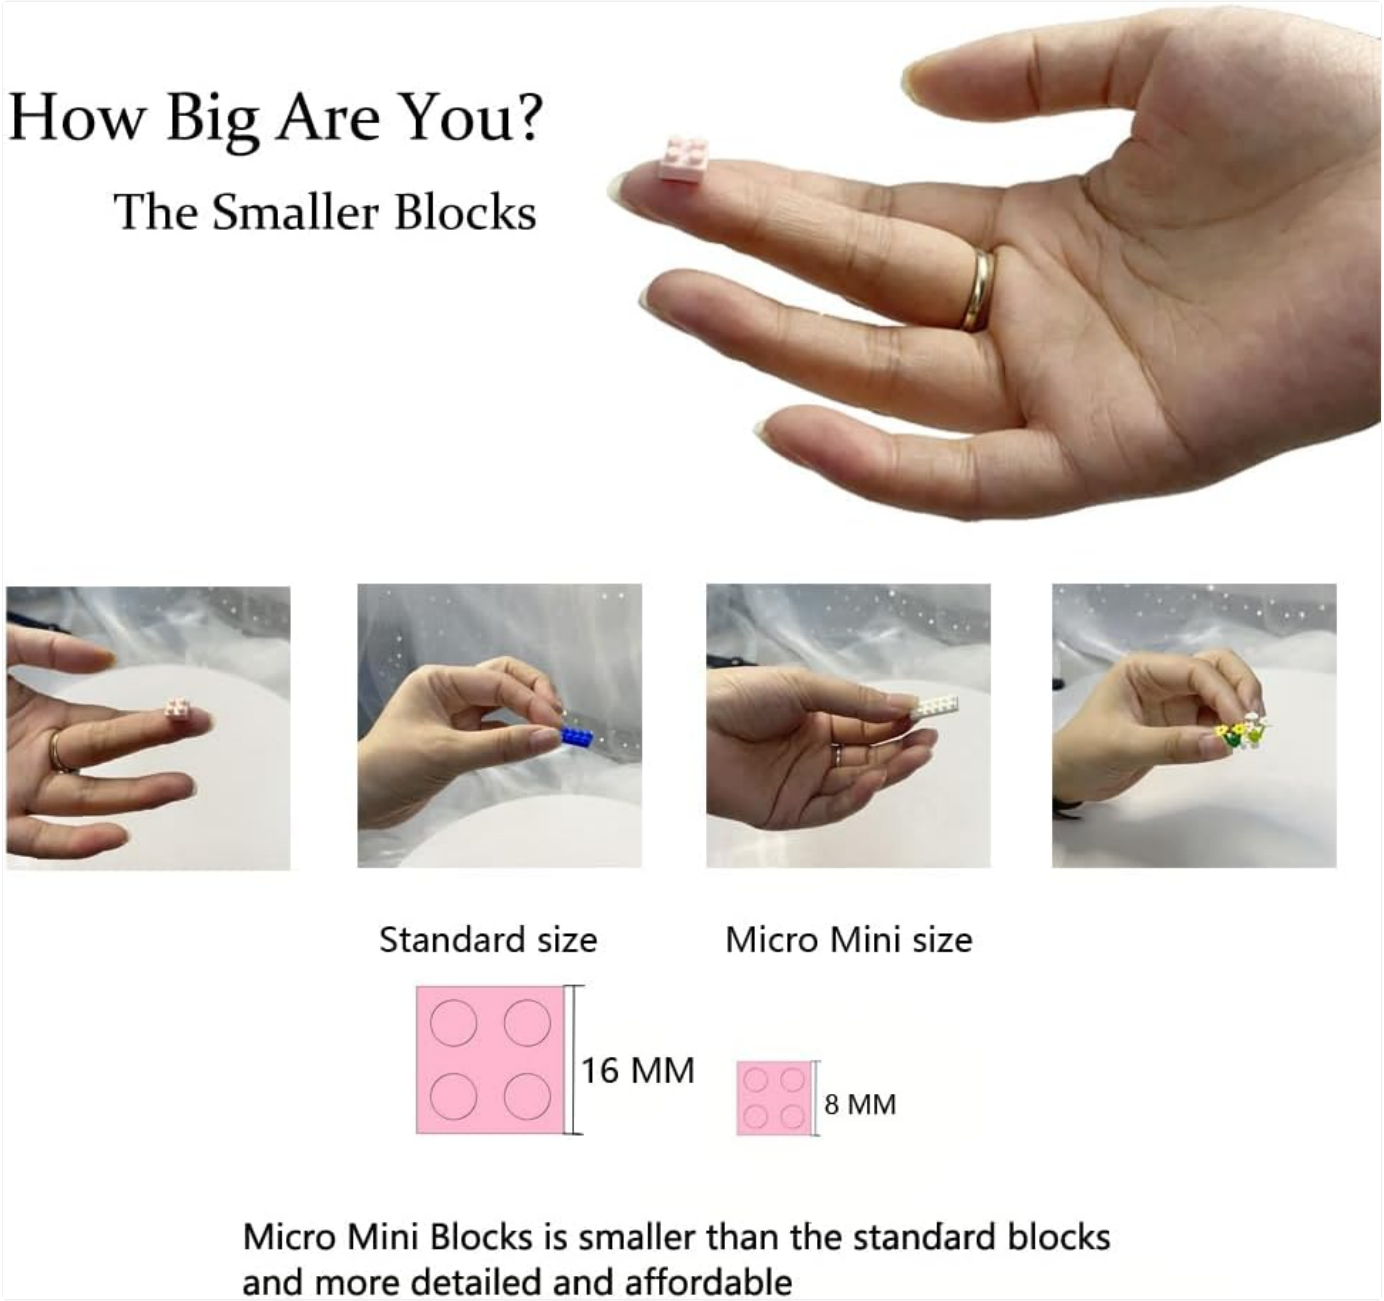

Image: A visual comparison illustrating the small size of micro mini blocks (8mm) compared to standard blocks (16mm).

Assembly Tips

- **Organize Components:** Sort blocks by color and shape to facilitate easier identification during assembly.
- **Work on a Flat Surface:** Ensure a stable and well-lit workspace to prevent loss of small parts and aid in precise placement.
- **Follow Instructions Carefully:** Each step builds upon the previous one. Do not skip steps.
- **Gentle Pressure:** Apply firm but gentle pressure when connecting blocks to ensure a secure fit without damaging components.

Usage and Display

Once assembled, the alltogetho Eiffel Tower model serves as a decorative display piece. Its intricate design makes it suitable for showcasing on shelves, desks, or in display cabinets.

Display Recommendations

- **Stable Surface:** Place the model on a flat, stable surface to prevent accidental falls.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause discoloration of the plastic blocks.
- **Keep Away from High Traffic Areas:** To minimize the risk of damage, display the model in an area where it is less likely to be bumped or disturbed.

Maintenance

Proper care will ensure the longevity and appearance of your alltogetho Eiffel Tower model.

Cleaning

- **Dusting:** Use a soft, dry brush or a can of compressed air to gently remove dust from the model's surface.
- **Spot Cleaning:** For stubborn dirt, lightly dampen a soft cloth with water and a mild soap solution. Gently wipe the affected area, then dry immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.

Storage

- If disassembling for storage, keep all blocks in a sealed container to prevent loss and protect from dust.

- Store in a cool, dry place away from extreme temperatures.

Troubleshooting

While assembling, you might encounter common challenges. Here are some tips to address them:

Loose Connections

- **Re-align and Press Firmly:** Ensure blocks are perfectly aligned before pressing them together. Apply consistent, firm pressure until you feel a secure connection. Some micro mini blocks may require more precise alignment than larger blocks.
- **Check for Debris:** Inspect the studs and holes of the blocks for any small debris that might prevent a proper fit. Clean if necessary.
- **Structural Support:** For cantilevered or unsupported sections, ensure that foundational layers are robustly connected before adding subsequent layers. You may need to temporarily brace sections until they are fully integrated into the structure.

Missing or Damaged Parts

- **Double-Check Packaging:** Thoroughly check all packaging materials for any small blocks that might have been overlooked.
- **Contact Support:** If parts are genuinely missing or damaged upon opening, refer to the Warranty and Support section for contact information.

Specifications

Attribute	Detail
Brand	alltogetho
Model Number	8853
Material Type	Plastic
Product Dimensions (L x W x H)	20.07 x 20.07 x 39.88 cm
Recommended Age	14 years and up
Educational Objective	Construction Skills
Batteries Required	No
Date First Available	19 July 2023
