LVSOMT 9136

LVSOMT LED Wine Bar Cabinet Model 9136 User Manual

Your Guide to Setup, Operation, and Maintenance

1. Important Safety Information

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Assembly:** Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- **Stability:** Place the cabinet on a flat, stable, and level surface to prevent tipping.
- **Weight Capacity:** Do not overload shelves. Distribute weight evenly.
- **Electrical Safety:** Ensure the LED lighting system is connected to a suitable power source. Do not expose electrical components to water or excessive moisture. Unplug the unit before cleaning or maintenance.
- **Children and Pets:** Keep small parts away from children and pets during assembly. Do not allow children to climb on or play with the cabinet.
- **Cleaning:** Use only a damp cloth for cleaning. Avoid harsh chemicals or abrasive cleaners.

2. Product Overview and Dimensions

The LVSOMT LED Wine Bar Cabinet Model 9136 is a versatile storage solution featuring integrated LED lighting with color and brightness control, a motion sensor, and a removable wine rack. It is designed for use in kitchens, dining rooms, living rooms, or home bar areas.

Figure 1: Fully assembled LVSOMT LED Wine Bar Cabinet.

Product Dimensions

Refer to the diagram below for detailed measurements of your cabinet.

Figure 2: Product Dimension Overview.

Overall Dimensions (D x W x H): 15.7"D x 29.5"W x 65"H

3. Package Contents

Before beginning assembly, please check that all the following components are present and undamaged:

- Cabinet Body Components
- Removable Wine Rack
- LED Lighting Strip and Controller
- Hardware Pack (screws, dowels, connectors, etc.)
- User Manual (this document)

- Assembly Instructions Guide

If any parts are missing or damaged, please contact customer support immediately.

4. Assembly Instructions

Your LVSOMT LED Wine Bar Cabinet requires assembly. A detailed, step-by-step assembly guide is included in your package. Please follow the instructions in that guide carefully.

- **Tools Required:** Typically, a Phillips head screwdriver and a hammer (for dowels) are needed.
- **Preparation:** Clear a spacious area for assembly. Lay out all components and hardware.
- **Team Assembly:** It is recommended that two people assemble this cabinet for ease and safety.
- **LED Installation:** Follow the specific instructions in the assembly guide for installing the LED light strip and connecting the controller.

5. Operating Instructions

5.1. LED Lighting Control

The cabinet features dimmable LED lights with three color options (Blue, Warm, White) and adjustable brightness.

Figure 3: LED Color Selection.

- **Changing Colors:** Locate the light button on the cabinet. A**short press** of this button will cycle through the three available light colors: Blue, Warm, and White.

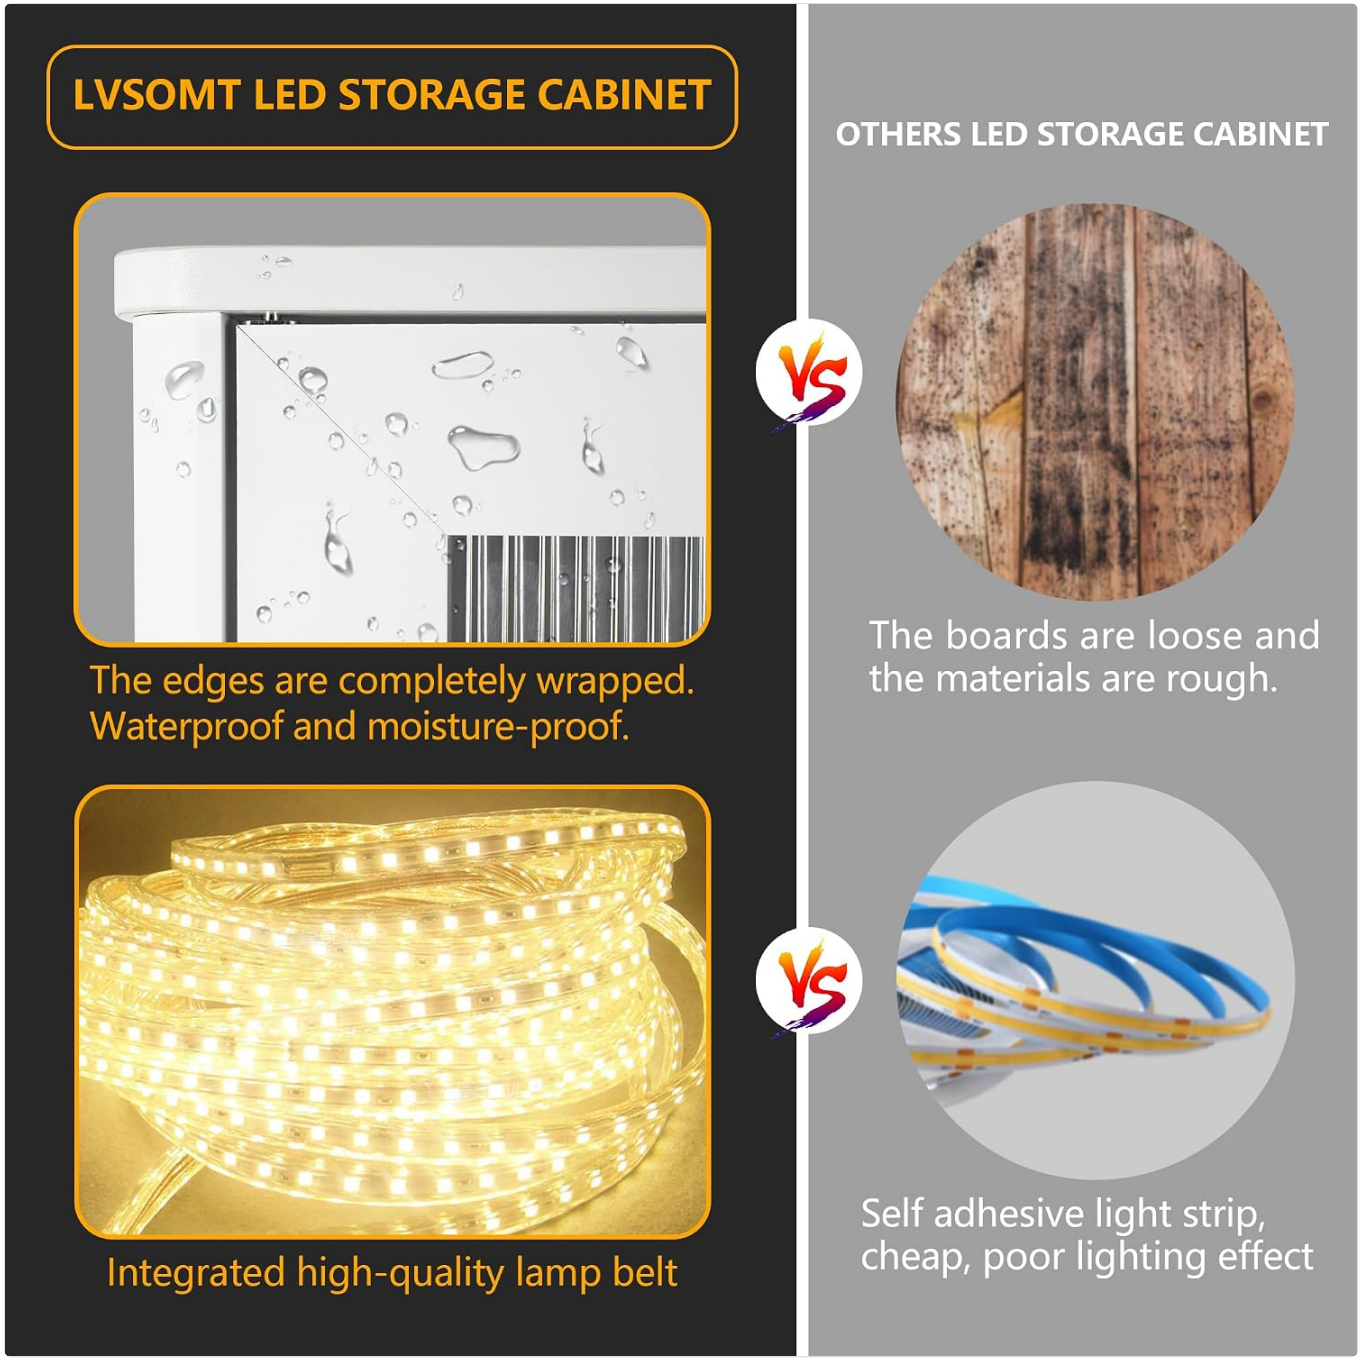

Figure 4: LED Brightness Adjustment.

- **Adjusting Brightness:** To change the brightness, **long press** the light button. The brightness will gradually adjust from 10% to 100%. Release the button when the desired brightness level is reached.

5.2. Motion Sensor Activation

The cabinet is equipped with an intelligent human body induction sensor that controls the lights within a 3-meter range.

Figure 5: Motion Sensor Lighting Control.

- **Activation:** Ensure the motion sensor is enabled (refer to assembly guide for sensor setup). The lights will automatically turn on when motion is detected within approximately 3 meters of the sensor.
- **Deactivation:** The lights will turn off automatically after a period of no motion.

5.3. Official Product Videos

Video 2: Showcases the LED lighting options and the motion sensor functionality of the LVSOMT LED Wine Cabinet Model 9136.

5.4. Wine Rack Usage

The cabinet includes a removable wine rack for convenient storage of wine bottles.

- **Installation:** The wine rack can be placed in the designated compartment as shown in the product images.
- **Removal:** The rack can be easily removed if you prefer to use the space for other items.

6. Care and Maintenance

- **Cleaning the Cabinet:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or furniture polish that may damage the finish.
- **Cleaning LED Lights:** Gently wipe the LED strip and controller with a dry, soft cloth. Ensure the unit is unplugged before cleaning electrical components.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

7. Troubleshooting

If you encounter any issues with your LVSOMT LED Wine Bar Cabinet, please refer to the following common solutions:

Problem	Possible Cause	Solution
LED lights do not turn on.	Power cable not connected; LED strip not properly installed; faulty power adapter.	Check power connections. Ensure LED strip is securely plugged into the controller. Test the power outlet.
Lights do not change color or brightness.	Controller malfunction; button issue.	Ensure you are using short press for color and long press for brightness. If issue persists, contact support.
Motion sensor not working.	Sensor obstructed; sensor not enabled; sensor malfunction.	Ensure the sensor is not blocked. Check sensor connection. Test in different lighting conditions.
Cabinet feels wobbly.	Uneven floor; loose connections.	Move to a level surface. Retighten all assembly screws.

8. Product Specifications

Feature	Detail
