Yaheetech Stackable Dog Crate with Divider

Model: YT-00126707

Instruction Manual

PRODUCT OVERVIEW

The Yaheetech Stackable Dog Crate is a versatile and durable solution designed for the comfort and safety of small to medium-sized dogs. Crafted from solid metal wires with a water-resistant powder coating, this heavy-duty crate offers exceptional strength and longevity. Its innovative design includes an open top for easy access, a space-saving stackable feature, and smooth-rolling industrial wheels for effortless mobility. The crate also features a removable divider, allowing for flexible space configuration, and pull-out trays for convenient cleaning.

SETUP AND ASSEMBLY

The Yaheetech Stackable Dog Crate is designed for straightforward assembly. Follow the included instructions and use the provided accessory kit for a quick setup. It is recommended to have two people for easier assembly due to the sturdy nature of the components.

Assembly Steps:

1. Unpack all components and verify against the parts list in the included manual.
2. Assemble the base frame, ensuring all screws are securely tightened.
3. Attach the side panels and back panel to the base.
4. Install the top panel, securing it with the designated fasteners.
5. Attach the front doors, ensuring they open and close smoothly and the latches function correctly.
6. Insert the removable metal floor grids and pull-out trays.
7. Screw in the 360-degree swivel industrial wheels to the bottom of the crate, ensuring two are lockable.
8. If stacking, ensure the bottom crate's wheels are locked and carefully place the second crate on top.

securing it using the designated stacking mechanism.

OPERATING INSTRUCTIONS

Access and Interaction:

- Front Doors:** The crate features double front doors with secure slide latches. Lift the latch to open and close the doors. For added security, carabiners are included to further secure the latches.
- Open Top:** The top panel of the crate can be easily opened and securely fastened, providing convenient access for interacting with your pet, cleaning the interior, or placing/removing items.
- Feeding Doors:** Small feeding doors are integrated into the main doors, allowing you to provide food and water without fully opening the main doors.

Space Management:

- **Removable Divider:** A detachable divider is included to transform the crate from a single spacious enclosure into two separate compartments. This is ideal for housing multiple small pets or for separating a mother dog from her puppies.
- **Stackable Design:** Multiple crates can be stacked securely to maximize vertical space, creating a multi-level housing unit. Ensure all connecting points are fastened when stacking.

Mobility:

- **Industrial Wheels:** The crate is equipped with 360-degree swivel industrial wheels for easy movement.
- **Lockable Wheels:** Two of the four wheels are lockable. Engage the locks to keep the crate stationary and secure when not in motion.

MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and hygiene of your Yaheetech dog crate.

Cleaning:

- **Pull-Out Trays:** The two pull-out trays are designed for easy cleaning. Simply slide them out, dispose of any waste, and wash with mild soap and water. Rinse thoroughly and dry before reinserting.
- **Metal Grids:** The metal floor grids can be removed for thorough cleaning. Wash with mild soap and water, rinse, and dry completely to prevent rust.
- **Crate Frame:** Wipe down the metal frame with a damp cloth and mild detergent as needed. Avoid abrasive cleaners that could damage the powder coating.

General Care:

- Periodically check all screws and fasteners to ensure they are tight.
- Inspect the wheels for any debris or damage that might hinder smooth operation.
- Ensure the crate is placed on a level surface, especially when stacked, to maintain stability.

LOCKABLE DOORS

Ensure Your Dogs' Safety

Image: The dog crate is shown with its two pull-out trays extended, demonstrating the ease of access for cleaning and maintenance.

TROUBLESHOOTING

- **Crate is wobbly:** Ensure all screws and fasteners are securely tightened. Check that the wheels are properly installed and, if applicable, locked when stationary.
- **Doors do not close properly:** Inspect the door hinges and latches for any obstructions or misalignment. Ensure the crate frame is assembled squarely.
- **Difficulty moving the crate:** Check if the lockable wheels are disengaged. Clean any debris from the wheel casters.
- **Divider does not fit:** Ensure the divider is oriented correctly and aligned with the designated slots.

SPECIFICATIONS

Feature	Detail
Brand	Yaheetech

Model Name	Dog Crate
Item Model Number	YT-00126707
Product Dimensions (L x W x H)	42.5" x 28" x 58"
Item Weight	62.72 Pounds
Material	Metal
Color	Black
Number of Items	2 (crates)
Included Components	Kennel, Dog Bowls, Accessory Kit, Assembly Instructions
Specific Uses	Indoor, Outdoor
Maximum Weight Capacity	88 lb (total)
