MAINTENANCE

- **Cleaning:** Wipe the desk surface with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure.
- **Electrical Safety:** Unplug the desk from the power outlet when not in use or before performing any cleaning or maintenance. Keep electrical components away from water or other liquids.
- **Weight Limit:** Do not exceed the maximum weight capacity of 178 lbs to ensure longevity and safe operation.

TROUBLESHOOTING

If you encounter any issues with your FEZIBO Electric Standing Desk, please refer to the following common troubleshooting tips:

- **Desk Not Moving:**
 - Check if the power cord is securely plugged into both the desk and a working wall outlet.
 - Ensure no cables are tangled or obstructing the motor mechanism.
- **Uneven Movement:**
 - Verify that the desk is placed on a level surface.
 - Check that all frame connections are securely tightened.
- **Error Codes:**
 - If the control panel displays an error code, refer to the specific error code section in the full user manual (not included here) or contact customer support.
- **Reset Function:**
 - If the desk is unresponsive, try performing a reset by pressing and holding the 'Reset' button on the control panel until the desk moves to its lowest position and then slightly rises.

For persistent issues or complex problems, please contact FEZIBO Customer Support.
