

GEEKRIA SNB5-01

Geekria Dual Microphone Hard Shell Carrying Case SNB5-01 User Manual

Model: SNB5-01 | Brand: GEEKRIA

INTRODUCTION

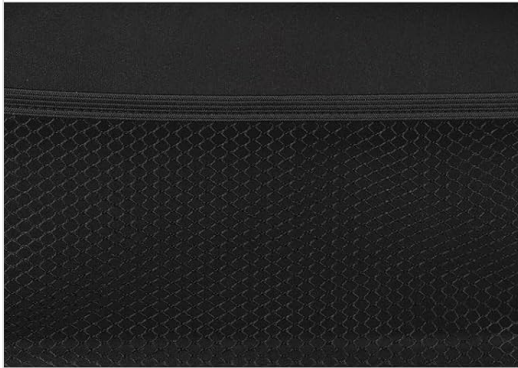

This manual provides comprehensive instructions for the Geekria Dual Microphone Hard Shell Carrying Case, model SNB5-01. Designed to protect your valuable microphones and accessories, this case offers durable construction and thoughtful features for secure storage and transport. Please read this manual thoroughly to ensure proper use and care of your product.

KEY FEATURES

- **Hard Shell Protection:** Constructed from Ethylene Vinyl Acetate (EVA) material, providing robust protection against impacts, drops, and scratches.
- **Dual Microphone Capacity:** Designed to securely hold two microphones.
- **Thickened Sponge Interior:** Features a custom-fit, thickened sponge interior to cushion and protect microphones from movement and damage.
- **Mesh Storage Pocket:** An internal mesh pocket provides convenient storage for cables, adapters, and other small accessories.
- **Durable Zipper:** Equipped with a strong and durable zipper for reliable closure and easy access.
- **Integrated Handle:** A comfortable handle allows for easy carrying.
- **Wide Compatibility:** Compatible with a range of popular microphones including Bietrun SY-WXM-2, WXM02, WXM19, WXM31, Shure BLX2, SM57, SM58, and many others.

SETUP AND USAGE

1. **Opening the Case:** Unzip the case completely using the durable zipper. The case is designed to open flat for easy access.
2. **Placing Microphones:** Gently place your microphones into the designated slots within the thickened sponge interior. Ensure they fit snugly to prevent movement during transport. The case is designed for two microphones.
3. **Storing Accessories:** Utilize the internal mesh pocket to store cables, batteries, or other small accessories. This helps keep items organized and prevents them from scratching your microphones.
4. **Closing the Case:** Once all items are securely placed, carefully close the case and zip it up completely. Ensure no items are protruding or obstructing the zipper path.
5. **Carrying:** Use the integrated handle for convenient and secure transportation of your microphone case.

MAINTENANCE AND CARE

- **Cleaning the Exterior:** Wipe the exterior of the case with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Cleaning the Interior:** The sponge interior can be gently vacuumed or wiped with a lint-free cloth to remove dust or debris.
- **Drying:** Allow the case to air dry completely before closing or storing any equipment inside, especially if it has been exposed to moisture.
- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Zipper Care:** Periodically check the zipper for any debris and ensure it operates smoothly. Do not force the zipper if it snags.

TROUBLESHOOTING

- **Case does not close properly:** Ensure no items are obstructing the zipper path. Check that

microphones and accessories are correctly seated within their compartments.

- **Microphones feel loose inside:** Verify that your microphone model is compatible with the case's dimensions. The foam inserts are designed for a snug fit for compatible models.
- **Zipper is stiff:** Clean the zipper teeth with a small brush to remove any accumulated dust or grit. A small amount of zipper lubricant (e.g., beeswax or silicone spray) can be applied if necessary.

SPECIFICATIONS

Model Number	SNB5-01
Material	Ethylene Vinyl Acetate (EVA)
Shell Type	Hard
Color	Black
Product Dimensions (External)	11.42 x 6.1 x 2.56 inches (29 x 15.5 x 6.5 cm)
