## Veslier CONSTRUCTION TRUCKS

# Veslier Construction Truck Toys Instruction Manual

**Model:** CONSTRUCTION TRUCKS

**Brand:** Veslier

## 1. INTRODUCTION

---

This manual provides essential information for the safe and proper use of your Veslier Construction Truck Toys set. This 5-in-1 toy set includes a large construction transport truck and six mini construction vehicles, designed to engage children aged 1-6 years in imaginative play.

Image 1.1: The complete Veslier Construction Truck Toys set, featuring the large carrier truck and various mini construction vehicles including road rollers, bulldozers, and excavators.

## 2. WHAT'S INCLUDED

Upon unboxing, please ensure all components listed below are present:

- 1 x Large Construction Transport Truck
- 6 x Mini Construction Vehicles (including road rollers, bulldozers, excavator trucks, and road openers)

## 3. SETUP

The Veslier Construction Truck Toys are designed for immediate play with minimal setup.

1. **Unboxing:** Carefully remove all components from the packaging. Inspect each toy for any signs of damage.
2. **Battery Installation (Sound & Light Feature):** The large transport truck features sound and light effects. Batteries are typically pre-installed. If the sound and light feature does not activate, refer to the Troubleshooting section for battery replacement instructions.
3. **Initial Placement:** The mini construction vehicles can be placed on the large transport truck's upper and

lower decks, or used independently.

## 4. OPERATING INSTRUCTIONS

This toy set offers various interactive play modes:

### 4.1. Friction Power Vehicle Operation

Both the large transport truck and the mini construction vehicles operate on friction power, requiring no batteries for movement.

- **Large Transport Truck:** Push the large truck forward on a flat surface and release it. The inertial power will propel it forward, carrying any mini cars loaded onto it.
- **Mini Construction Vehicles:** Push each small construction truck forward and release it to activate its friction-powered movement.

### 4.2. Flexible Truck Features

- **Rotatable Head:** The cab of the large truck can be rotated flexibly.
- **Separable Cab and Traction Cabin:** The cab and the traction cabin (trailer) of the large truck can be separated for varied play scenarios.
- **Openable Tailgate:** The tailgate of the transport truck opens to facilitate loading and unloading of the mini vehicles.

Image 4.1: Two children interacting with the large carrier truck, demonstrating the foldable loading ramp for the mini vehicles.

### 4.3. Sound & Light Feature

The large transport truck is equipped with a sound and light feature for enhanced play.

- **Activation:** Press the designated button located on the top of the large construction truck to activate realistic whistle sounds and flashing lights.

Image 4.2: A detailed view of the large construction truck, highlighting the button on top that activates the lighting effects and sound features.

## 5. MAINTENANCE

To ensure the longevity and cleanliness of your Veslier Construction Truck Toys, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the toys with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the plastic or paint.
- **Drying:** Ensure all toys are completely dry before storing them.
- **Storage:** Store the toys in a cool, dry place away from direct sunlight to prevent material degradation.

## 6. TROUBLESHOOTING

If you encounter any issues with your Veslier Construction Truck Toys, please refer to the following common solutions:

- **Sound and Light Not Working:** If the sound and light feature on the large transport truck does not activate, the batteries may need to be replaced. Locate the battery compartment (usually on the underside of the truck) and replace with new batteries of the specified type (not provided in product

details, assume standard toy batteries like AA/AAA).

- **Vehicles Not Moving Smoothly:** Ensure there are no obstructions (e.g., hair, lint) in the wheels or axles of the friction-powered vehicles. Clean the wheels if necessary.

## 7. SAFETY INFORMATION

---

The Veslier Construction Truck Toys are manufactured from high-quality, durable ABS plastic with fine workmanship and smooth surfaces, complying with international children's toy safety standards. This product is designed for the safety and enjoyment of children.

- **Recommended Age:** This toy set is recommended for children aged 36 months (3 years) to 5 years.
- **Supervision:** Adult supervision is recommended during play, especially for younger children.
- **Choking Hazard:** While designed for small hands, always ensure children do not put small parts in their mouths.
- **Material Safety:** The toys are made from non-toxic materials.
