Nathan James 71801-2

Nathan James Jasper Wood Modern Sideboard Accent Storage Cabinet TV Stand User Manual

Model: 71801-2 | Brand: Nathan James

INTRODUCTION

Thank you for choosing the Nathan James Jasper Wood Modern Sideboard Accent Storage Cabinet TV Stand. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

Image: Two Jasper Warm Pine cabinets positioned side-by-side in a modern living room, showcasing their fluted doors and warm wood finish.

SAFETY INFORMATION

- **Weight Limits:** The tabletop has a maximum weight capacity of 75 lbs. Each interior shelf can hold up to 25 lbs. Do not exceed these limits to prevent damage or injury.
- **Assembly:** This product requires assembly. It is recommended to have two people for assembly to ensure stability and ease of handling.
- **Placement:** Place the cabinet on a flat, stable surface. Avoid placing it in areas with high humidity or direct sunlight, which can affect the wood finish.
- **Children Safety:** Do not allow children to climb on or play with the cabinet. Secure the unit to a wall if there is any risk of tipping, especially if used as a TV stand.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Cabinet Panels (Top, Bottom, Sides, Back)
- Fluted Cabinet Doors
- Adjustable Shelves (2 per cabinet)
- Tapered Legs
- Brass-colored Handles
- Assembly Hardware (screws, dowels, hinges, shelf pins, etc.)
- Assembly Guide

ASSEMBLY INSTRUCTIONS

Assembly is estimated to take approximately 170 minutes. Follow the included Assembly Guide for detailed step-by-step instructions. The following tools are required:

- Phillips-head screwdriver
- Drill (optional, but recommended for ease)
- 5/16" Drill bit (if using a drill)
- Packaging carton (as a protective working surface)

Important Assembly Tips:

- Lay out all components on a soft, clean surface (like the packaging carton) to prevent scratches.
- Carefully identify each part using the labels in the Assembly Guide.
- Do not overtighten screws, as this can damage the wood.
- When attaching doors, ensure proper alignment. Adjusting hinges may be necessary to achieve an even gap and smooth closing.
- For adjustable shelves, some users may find it helpful to pre-drill small pilot holes for shelf hardware if not already present, though this is typically not required for standard assembly.

Image: An illustrative diagram of the Jasper cabinet, pointing out key features such as the 75 lbs tabletop weight limit, 25 lbs shelf weight limit, adjustable interior shelves, fluted cabinet doors, brass-colored handles, and tapered legs.

SETUP AND USAGE

The Jasper cabinet is designed for versatile use in various rooms.

- **Placement:** Suitable for living rooms, dining rooms, entryways, kitchens, or bedrooms.
- **Adjustable Shelves:** The interior shelves can be adjusted to different heights to accommodate items of various sizes. Simply remove the shelf pins, reposition the shelf to the desired height, and reinsert the pins securely.
- **Cable Management:** The cabinet features built-in holes in the back panel for cable routing, making it ideal for use as a TV stand or for storing media devices and record players.

MAINTENANCE

To ensure the longevity and appearance of your Jasper cabinet, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the wood veneer finish.
- **Spills:** Clean spills immediately to prevent staining or water damage.
- **Protection:** Use coasters or placemats under hot or wet items to protect the tabletop.
- **Finish Care:** The wood veneer finish can be delicate. Handle with care and avoid dragging sharp or heavy objects across the surface.
- **Environmental Factors:** Maintain a stable room temperature and humidity level. Extreme fluctuations can cause wood to warp or crack.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Doors Not Closing Evenly:** This is often due to hinge alignment. Adjust the screws on the hinges to fine-tune the door position until the gaps are even and the doors close smoothly. Refer to the Assembly Guide for specific hinge adjustment instructions.
- **Missing or Damaged Parts:** If you discover any missing or damaged components during unpacking or assembly, do not proceed with assembly. Contact Nathan James customer support immediately for assistance and replacement parts.
- **Wobbly Cabinet:** Ensure all screws are securely tightened. If the cabinet is still wobbly, check that it is placed on a level surface. Use furniture levelers if necessary.

SPECIFICATIONS

Feature	Detail
Brand	Nathan James
Model Name	Modern Wood Storage Accent Cabinet
Item Model Number	71801-2
Color	Warm Pine
Product Dimensions	16"D x 31"W x 31"H (per cabinet)
