Yves Saint Laurent SL M127

Saint Laurent SL M127 Sunglasses User Manual

Model: SL M127

INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your Saint Laurent SL M127 Sunglasses. Please read these instructions carefully to ensure optimal performance and longevity of your eyewear.

PRODUCT OVERVIEW

The Saint Laurent SL M127 sunglasses feature a distinctive cateye frame design with non-polarized lenses. They are designed for women and come with a soft case for protection.

Key features include:

- **Frame Style:** Cateye
- **Lens Type:** Non-polarized
- **Included Accessory:** Soft case
- **Design:** Tonal

SETUP AND INITIAL USE

Your Saint Laurent SL M127 sunglasses are ready for immediate use. No assembly is required.

1. **Unpacking:** Carefully remove the sunglasses from their packaging and the provided soft case.
2. **Inspection:** Before first use, inspect the lenses and frame for any visible damage or imperfections.
3. **Fit:** Gently place the sunglasses on your face. Ensure they sit comfortably on your nose bridge and behind your ears. If the fit feels too loose or too tight, professional adjustment by an optician is recommended.

OPERATING (WEARING AND HANDLING)

To ensure the longevity of your sunglasses, proper handling is crucial.

Image: A person wearing the Saint Laurent SL M127 sunglasses, demonstrating how they appear when worn.

- **Wearing:** Always use both hands to put on and take off your sunglasses to prevent bending the frame or loosening the hinges.
- **Placement:** Avoid placing sunglasses face down on any surface to prevent scratching the lenses.
- **Storage:** When not in use, always store your sunglasses in the provided soft case or a hard protective case to shield them from dust, scratches, and impact.
- **Temperature:** Do not expose sunglasses to extreme temperatures, such as leaving them on a car dashboard in direct sunlight, as this can damage the frame and lens coatings.

MAINTENANCE AND CARE

Regular cleaning and proper care will help maintain the appearance and functionality of your sunglasses.

- **Cleaning Lenses:**

- a. Rinse lenses under lukewarm water to remove dust and debris.
- b. Apply a small drop of mild dish soap to each lens and gently rub with your fingertips.
- c. Rinse thoroughly to remove all soap residue.
- d. Dry with a clean, soft microfiber cloth. Avoid using paper towels or rough fabrics, which can scratch the lenses.

- **Cleaning Frames:** Wipe the frame with a damp, soft cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing and drying.

- **Avoid Chemicals:** Do not use harsh chemicals, alcohol-based cleaners, or abrasive materials on your sunglasses, as these can damage the lenses and frame finish.

- **Storage:** Always store sunglasses in their protective case when not in use.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

Issue	Possible Cause	Solution
Lenses appear smudged or dirty	Fingerprints, dust, or improper cleaning.	Follow the "Cleaning Lenses" instructions in the Maintenance section. Use a clean microfiber cloth.
Sunglasses feel loose or slide down	Frame arms or nose pads may be slightly bent or stretched.	Visit a professional optician for adjustment. Avoid attempting to bend the frame yourself to prevent damage.

Issue	Possible Cause	Solution
Screws on hinges are loose	Normal wear and tear.	Gently tighten with a small eyewear screwdriver. Do not overtighten. If unsure, consult an optician.
