DaVinci Birdie 3-in-1 Convertible Crib

DaVinci Birdie 3-in-1 Convertible Baby Crib Instruction Manual

Model: Birdie 3-in-1 Convertible Crib

INTRODUCTION AND OVERVIEW

The DaVinci Birdie 3-in-1 Convertible Crib is designed for versatility, safety, and style, adapting to your child's growth from infancy through toddlerhood. This crib transitions seamlessly from a baby crib to a toddler bed and then to a daybed, offering years of use. Crafted from sustainably sourced New Zealand pine wood, it is built for durability and features hidden hardware for a clean, modern aesthetic. The crib is GREENGUARD Gold Certified, ensuring it meets high standards for a healthier indoor environment by being tested for over 10,000 chemical emissions. Your child's health and safety are paramount. This crib is finished with a non-toxic painting process, free from lead and phthalates, providing a safe space for sleep and play. It also features four adjustable mattress heights to accommodate your baby's developmental stages, making it easier to access newborns and adjust as they grow.

SETUP AND ASSEMBLY

The DaVinci Birdie 3-in-1 Convertible Crib is designed for easy assembly. An assembly instruction manual is included with your purchase. Please follow all instructions carefully to ensure proper and safe setup.

Initial Crib Assembly:

1. Unpack all components and verify against the parts list in the included assembly instructions.
2. Assemble the crib frame according to the step-by-step guide. Ensure all screws and fasteners are securely tightened.
3. Install the mattress support at the appropriate height for a newborn. Refer to the "Operating Instructions" section for guidance on mattress height adjustments.
4. Place a standard-size crib mattress (sold separately) into the crib. Ensure there are no gaps larger than 1 inch between the mattress and the crib sides.

Conversion to Toddler Bed or Daybed:

This crib is designed to convert into a toddler bed and a daybed. The toddler kit (model #M14799) is sold separately and required for conversion to a toddler bed. Detailed instructions for conversion are provided with the toddler kit.

OPERATING INSTRUCTIONS

Adjusting Mattress Height:

The DaVinci Birdie crib features four adjustable mattress height positions to ensure safety and convenience as your child grows.

- **Highest Position:** For newborns and infants who cannot push up on their hands and knees. This position allows for easier access to your baby.
- **Mid-High Position:** Use when your baby begins to push up on hands and knees.
- **Mid-Low Position:** Use when your baby begins to sit up unassisted.
- **Lowest Position:** Use when your baby begins to stand. This is the safest position to prevent your child from climbing out of the crib.

Always ensure the mattress support is securely locked into place after adjustment. Refer to your assembly manual for specific instructions on how to safely adjust the mattress height.

Safety Guidelines:

- Always place your baby on their back to sleep.
- Do not use pillows, quilts, comforters, or soft bedding in the crib with infants.
- Ensure all hardware is tightened regularly and check for any loose parts.
- Do not use the crib if any parts are missing, damaged, or broken.

MAINTENANCE

To maintain the quality and appearance of your DaVinci Birdie crib, follow these simple care instructions:

- **Cleaning:** Wipe the crib surfaces with a damp cloth. Avoid using abrasive cleaners or strong chemicals, as these can damage the finish.

- **Inspections:** Periodically check all screws, bolts, and other hardware to ensure they are tight and secure. Loose hardware can compromise the crib's safety.
- **Storage:** If disassembling for storage, keep all parts and hardware in a safe, dry place. Store the assembly instructions for future reference.

TROUBLESHOOTING

If you encounter any issues with your DaVinci Birdie crib, please refer to the following common solutions:

- **Crib feels wobbly:** Ensure all bolts and screws are fully tightened. Over time, hardware can loosen, requiring re-tightening.
- **Difficulty adjusting mattress height:** Check that the mattress support brackets are properly aligned with the designated slots on the crib frame. Do not force the adjustment.
- **Missing parts:** If any parts were missing upon delivery, please contact customer support immediately for assistance.

For issues not covered here, or if problems persist, please contact DaVinci customer support.
