Dexnor Google Pixel 8 Pro

Dexnor Full Body Case for Google Pixel 8 Pro - Instruction Manual

Model: Google Pixel 8 Pro

1. PRODUCT OVERVIEW

The Dexnor Full Body Case provides comprehensive protection for your Google Pixel 8 Pro. This rugged cover features military-grade drop protection, a built-in screen protector, and a versatile kickstand. It is designed to safeguard your device from drops, impacts, and scratches while maintaining full functionality.

2. COMPATIBILITY

This case is specifically designed for the **Google Pixel 8 Pro (2023 release)**. It is not compatible with Google Pixel 8 or Pixel 7a models. To confirm your phone model, navigate to "Settings" > "General" > "About" on your device.

3. PACKAGE CONTENTS

- Dexnor Full Body Case (Back Case with Kickstand)

- Front Frame with Built-in Screen Protector
- Extra Front Frame (without screen protector)

4. INSTALLATION GUIDE

Follow these steps to properly install your Dexnor Full Body Case:

1. **Separate the Case:** Gently separate the front part of the case from the back case, starting from the bottom right corner.
2. **Choose Front Frame:** You have two front frames: one with a built-in screen protector and one without. Select the frame that best suits your preference. If using your own tempered glass, choose the frame without the built-in protector.
3. **Clean Your Phone:** Before installation, ensure your Google Pixel 8 Pro screen is clean and free of dust or smudges.
4. **Remove Protective Film (if applicable):** If using the front frame with a built-in screen protector, carefully tear off any inside protective films from the screen protector.
5. **Install Front Frame:** Place your phone into the chosen front frame, ensuring it fits securely.
6. **Install Back Case:** Align the front frame assembly with the back case and snap them together firmly, ensuring all edges are sealed.
7. **Remove Outer Film (if applicable):** If using the built-in screen protector, remove any outer protective film from the screen protector surface.

5. KEY FEATURES AND OPERATION

5.1. 360° Full-Body Protection

The Dexnor case provides comprehensive 360-degree protection for your Google Pixel 8 Pro. It combines a hard PC back cover, soft TPU edges, and a front frame to shield your device from all angles. Reinforced corners and raised edges around the camera and screen offer additional defense against drops, cracks, and scratches.

7. MAINTENANCE

To maintain the appearance and functionality of your Dexnor case:

- Clean the case regularly with a soft, damp cloth.
- For the built-in screen protector, use a microfiber cloth to gently wipe away fingerprints and smudges. Avoid abrasive cleaners.
- Ensure no debris accumulates between your phone and the case, as this can cause scratches over time.

8. TROUBLESHOOTING

If you encounter any issues with your Dexnor case, consider the following:

- **Screen Protector Sensitivity:** If touch sensitivity is reduced, ensure the screen protector is clean and properly seated. For optimal performance, enable "Screen Protector Mode" in your phone's display settings if available.
- **Fingerprint Recognition:** Ensure the fingerprint sensor area on the screen protector (if used) is clean. Re-register your

fingerprints after installing the case for improved accuracy.

- **Case Fit:** If the case does not fit perfectly, double-check that you have the correct model (Google Pixel 8 Pro) and that all parts of the case are securely snapped together.
- **Kickstand Issues:** If the kickstand feels loose or stiff, gently operate it a few times to ensure smooth movement. Avoid excessive force.
