MAINTENANCE AND CARE

To maintain the appearance and longevity of your VanAcc Sofa Bed, follow these care instructions:

- **Cleaning:** Wipe the fabric surfaces with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the boucle fabric.
- **Cushion Care:** The high-elasticity sponge and fluffy cushions are designed for comfort. Periodically fluff and rotate cushions to maintain their shape and support.
- **Frame Care:** The sturdy metal frame requires minimal maintenance. Ensure all bolts and screws remain tight.
- **General Care:** Avoid direct sunlight exposure for prolonged periods to prevent fading. Keep away from excessive moisture and heat sources.

TROUBLESHOOTING

If you encounter any issues with your VanAcc Sofa Bed, consider the following common solutions:

- **Difficulty with Assembly:** Double-check the installation manual to ensure all steps were followed correctly and all hardware is used in the correct locations. Ensure the two packages have both arrived.
- **Squeaking during operation:** Ensure all connections and bolts are tightened. The firm frame is designed to prevent squeaking.
- **Chaise storage not closing properly:** Check for any obstructions within the storage compartment or along the closing mechanism.
- **Cushions appear flat:** Allow time for cushions to fully expand after unpacking. Periodically fluff and rotate them to restore volume.

If problems persist, please contact customer support for assistance.
