MAINTENANCE

1. Cleaning

To clean the screen, gently wipe it with a soft, lint-free cloth. For stubborn marks, slightly dampen the cloth with water or a screen cleaner specifically designed for TVs. Do not spray liquid directly onto the screen. Clean the TV body with a soft, dry cloth.

2. Software Updates

Your Google TV may receive automatic software updates. Ensure your TV is connected to the internet to receive these updates, which can improve performance and add new features.

TROUBLESHOOTING

If you encounter issues with your TV, refer to the following common solutions:

Problem	Possible Solution
No Power	Check if the power cable is securely connected to the TV and the wall outlet. Ensure the outlet is functional.
No Picture/Sound	Verify the correct input source is selected. Check cable connections to external devices. Try a different HDMI port.
Remote Control Not Working	Check and replace batteries. Ensure no obstructions between the remote and the TV's IR sensor.
Wi-Fi Connection Issues	Restart your router and modem. Reconnect the TV to the Wi-Fi network in the settings. Ensure the TV is within range of your router.
Picture Quality Issues	Adjust picture settings (brightness, contrast, color) in the TV menu. Ensure the content source is high quality.

If problems persist, perform a factory reset via the TV settings menu (Settings > System > About > Reset). Note that a factory reset will erase all personal data and settings.
