

ULANZI TB12

ULANZI TB12 Monopod Instruction Manual

Model: TB12

1. INTRODUCTION

Thank you for choosing the ULANZI TB12 Monopod. This portable and versatile monopod is designed to enhance your photography and videography experience, offering stability and flexibility for various shooting scenarios. Please read this manual carefully before using the product to ensure proper operation and longevity.

2. SAFETY INFORMATION

- Do not exceed the maximum load capacity of 5 kg (11.02 lbs). Overloading can cause damage to the monopod or attached equipment.
- Ensure all sections are securely locked before use to prevent accidental collapse.
- Avoid using the monopod in extreme weather conditions (e.g., strong winds, heavy rain) unless specifically designed for such environments. This product is not water resistant.
- Keep out of reach of children.
- Do not attempt to disassemble or modify the monopod. Contact customer support for any issues.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- ULANZI TB12 Monopod (1 unit)

4. PRODUCT FEATURES

The ULANZI TB12 Monopod offers a range of features for versatile use:

- **Portable and Lightweight:** Constructed from aluminum alloy, weighing only 378g, making it

ideal for travel and outdoor activities.

- **Adjustable Height:** Features 5 sections with 4 adjustable levels, extending from a folded height of 43 cm (16.9 inches) to a maximum height of 155 cm (61 inches).
- **Multi-Purpose Design:** Can be used as a camera monopod, a selfie stick, or a hiking stick.
- **Robust Support:** Reinforced aluminum alloy legs provide reliable stability for cameras up to 5 kg (11.02 lbs).
- **Double-Headed Screw:** Equipped with standard 1/4 inch and 3/8 inch screw specifications for broad compatibility with various camera devices.
- **Quick Release Buckle:** Allows for fast and easy height adjustments.
- **Convertible Spike Design:** Features convertible rubber feet and a metal spike for stability on different terrains.
- **Anti-Loss Wrist Strap:** Provides added security during use.

WIDE COMPATIBILITY

Suitable for all kinds of camera equipment

Video Camera

Home Used DV

Telephoto

DSLR

Mini SLR

The monopod is compatible with various camera equipment including video cameras, DVs, telephoto lenses, DSLRs, and Mini SLRs.

5. SETUP

5.1 Attaching Your Camera

1. Locate the mounting screw at the top of the monopod. The monopod features a double-headed screw with 1/4 inch and 3/8 inch threads.
2. If your camera has a 1/4 inch tripod socket, ensure the 1/4 inch thread is exposed. If your camera

has a 3/8 inch socket, you may need to reverse the screw or use an adapter (not included).

3. Carefully screw your camera onto the mounting screw until it is securely fastened. Do not overtighten.

PRODUCT DETAILS

Detail of the double-headed screw design (1/4 inch and 3/8 inch) for connecting various camera devices.

5.2 Adjusting Height

1. To extend a section, open the quick release buckle on that section.
2. Pull the section outwards to the desired length.
3. Close the quick release buckle firmly to lock the section in place.
4. Repeat for all desired sections until the monopod reaches the required height.
5. To retract, open the buckles, push the sections inwards, and close the buckles.

DOUBLE-HEADED SCREW DESIGN

Standard 1/4" and 3/8" specifications for easy connection and switching between devices.

6. OPERATING INSTRUCTIONS

6.1 Using as a Camera Monopod

- Extend the monopod to a comfortable height for shooting.
- Place the base of the monopod on a stable surface. For uneven terrain, consider using the metal spike by twisting the rubber foot to expose it.
- Hold the monopod firmly with one hand, and operate your camera with the other. Lean the monopod slightly towards your body for added stability.
- Utilize the anti-loss wrist strap for extra security, especially when moving.

6.2 Using as a Hiking Stick

- Adjust the monopod to a suitable height for walking, typically with your elbow bent at a 90-degree angle when holding the grip.
- Ensure the metal spike is exposed for better grip on soft ground or trails.
- Use the wrist strap for comfort and to prevent dropping the stick.

6.3 Using as a Selfie Stick

- Attach a phone holder (not included) to the 1/4 inch screw at the top.
- Extend the monopod to capture wider angles or group shots.
- Ensure your device is securely mounted before extending.

7. MAINTENANCE

- Clean the monopod regularly with a soft, dry cloth.
- Avoid using harsh chemicals or abrasive materials that could damage the finish.
- Keep the quick release buckles free from dirt and debris to ensure smooth operation.
- Store the monopod in a dry, cool place when not in use.

8. TROUBLESHOOTING

- **Monopod sections not locking:** Check if the quick release buckles are fully closed. Clean any debris from the locking mechanism.
- **Camera feels unstable:** Ensure the camera is tightly screwed onto the mounting plate. Verify that the monopod sections are fully extended and locked. Do not exceed the maximum load capacity.
- **Difficulty extending/retracting sections:** Clean the inner tubes of the monopod sections. Ensure no foreign objects are obstructing movement.

9. SPECIFICATIONS

Feature	Detail
Brand	ULANZI
Model Name	TB12 (T049GBB1)
