### RUN-CHICKEN Eternal

# RUN-CHICKEN Eternal Solar Powered Automatic Chicken Coop Door Instruction Manual

Model: Eternal

## 1. INTRODUCTION

This manual provides comprehensive instructions for the installation, setup, operation, and maintenance of your RUN-CHICKEN Eternal Solar Powered Automatic Chicken Coop Door. Please read this manual thoroughly before use to ensure proper function and longevity of your product.

## 2. PRODUCT FEATURES

---

The RUN-CHICKEN Eternal door is designed for convenience and reliability, offering advanced features for poultry care:

- **Solar Powered:** Equipped with a solar panel and 2 AA NiMh rechargeable batteries, providing up to 5 years of battery life. Operates in temperatures from -15°F to 140°F.
- **Easy Installation:** Designed for quick setup, typically within 10 minutes, with all necessary accessories included.
- **Safety Mechanism:** Features an anti-pinch sensor that detects obstructions during closing, stopping and reopening the door to prevent injury to chickens.
- **Durable Construction:** Made from sturdy all-aluminum with a high-quality powder coating, resistant to snow, rain, heat, and dust. Provides predator protection.
- **Programmable Timer & Light Sensor:** Automatically opens at dawn and closes at dusk. Programmable via a button on the unit or through a smartphone application.
- **Remote Smart Control:** Control and automate the door via the RUN-CHICKEN app from up to 30 feet away.
- **GPS-Based Timer:** Allows for location-based automation that adjusts with seasonal changes.

# PRODUCT FEATURES

Image 2.1: Key features of the RUN-CHICKEN Eternal door.

## 3. PACKAGE CONTENTS

Verify that all components are present in the package:

- Automatic Chicken Coop Door Unit
- Solar Panel (integrated)
- 2 AA NiMh Rechargeable Batteries (pre-installed)
- Installation Screws (6 pieces)
- Instructional Manual (this document)

## 4. INSTALLATION

The RUN-CHICKEN Eternal door is designed for straightforward installation. No specialized tools or expertise are required.

### 4.1 Mounting the Door

1. Choose a suitable location on your chicken coop where the door can operate freely and the integrated solar panel receives adequate sunlight. Direct sunlight is not strictly necessary for operation, but it aids in optimal battery charging.
2. Position the door unit against the coop wall, ensuring it is level.
3. Use the provided 6 screws to securely fasten the door unit to the coop.

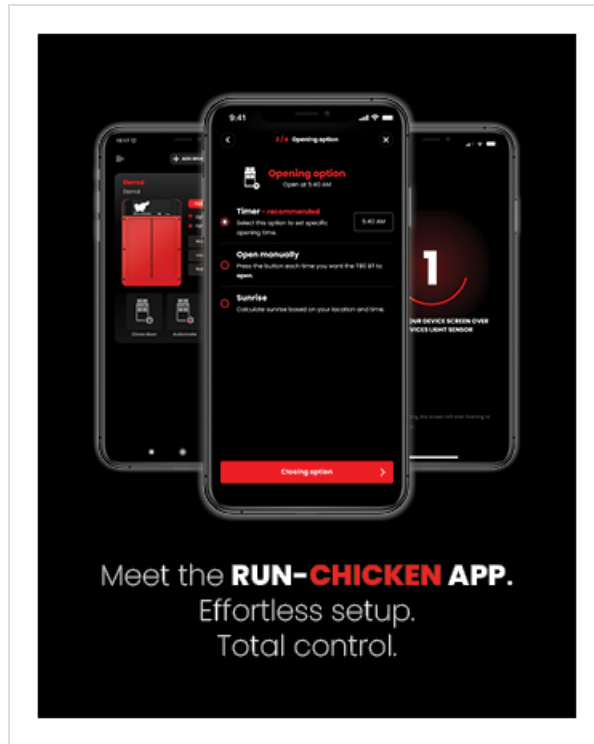

Image 4.1: Illustrates the easy mounting process using a drill.

The door is waterproof and designed to withstand various weather conditions once installed correctly.

## 5. SETUP AND PROGRAMMING

The RUN-CHICKEN Eternal door offers flexible programming options via a physical button or a smartphone application.

### 5.1 Initial Power-Up

The included batteries are pre-charged, allowing immediate use after installation. The solar panel will continuously charge the batteries during daylight hours.

### 5.2 Programming with the RUN-CHICKEN App

For advanced control and customization, use the official RUN-CHICKEN smartphone application:

1. **Download the App:**
  - For Android devices: [Google Play Store](#)
  - For iOS devices: [Apple App Store](#)
2. **Pair Your Device:** Open the app and follow the on-screen instructions to add and pair your RUN-CHICKEN door via Bluetooth. The app connects to the door from up to 30 feet away.
3. **Customize Settings:** Within the app, you can configure various settings:
  - **Timer Mode:** Set specific opening and closing times.

- **Light Sensor Mode:** The door will open at sunrise and close at sunset based on ambient light.
- **GPS-Based Timer:** Utilize your location to automatically adjust opening and closing times with seasonal changes.
- **Manual Operation:** Use the app for immediate opening or closing.

4. **Program Your Door:** Transfer the desired settings from the app to the door. Note that for some models, this involves placing your phone screen against the door's light sensor for data transfer. Adjust the distance between the phone and sensor if transfer fails.

Image 5.1: Overview of the app-based programming process.

Image 5.2: Using the RUN-CHICKEN app to set door opening options.

### 5.3 Manual Programming (Button)

The door can also be programmed using the button on the drive unit. Refer to the quick start guide included with your product for specific button press sequences for basic timer and light sensor settings.

## 6. OPERATION

---

Once programmed, the RUN-CHICKEN Eternal door operates automatically according to your chosen settings.

### 6.1 Automatic Mode

In automatic mode (either timer, light sensor, or GPS-based), the door will open and close at the specified or detected times. This ensures your flock is secured at night and released in the morning without manual intervention.

### 6.2 Manual Override

A manual open/close button is available on the drive unit for immediate control outside of programmed times. The app also provides a manual control option.

Image 6.1: The RUN-CHICKEN door in an open position, allowing chickens access.

## 7. SAFETY FEATURES

---

The RUN-CHICKEN Eternal door incorporates a critical safety mechanism to protect your poultry.

## 7.1 Anti-Pinch Mechanism

If the door encounters an obstruction, such as a chicken, while lowering, it will automatically stop, reopen, and then attempt to close again. This feature prevents injury to your chickens.

Image 7.1: A chicken safely passing through the door, highlighting the anti-pinch feature.

## 7.2 Predator Protection

The robust all-aluminum body and secure closing mechanism are designed to deter common predators, keeping your flock safe overnight.

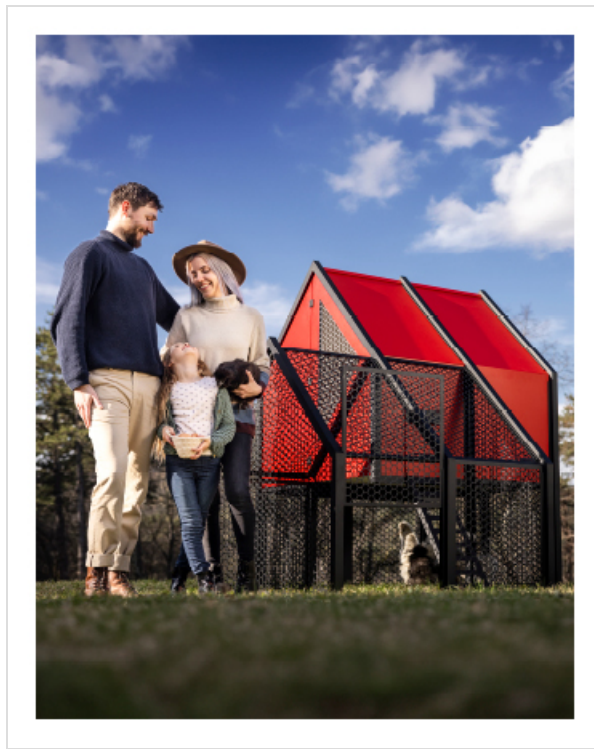

Image 7.2: The door's robust design helps protect against predators.

## 8. MAINTENANCE

---

The RUN-CHICKEN Eternal door requires minimal maintenance to ensure long-term performance.

### 8.1 Cleaning

Clean the door periodically with mild soap and water. Avoid harsh chemicals or abrasive materials that could damage the finish or electronic components. The waterproof design allows for easy cleaning.

## 9. TROUBLESHOOTING

---

If you encounter issues with your RUN-CHICKEN Eternal door, consider the following:

- **Door Not Opening/Closing:**

- Check battery charge. Ensure the solar panel is not obstructed and receives some light.
- Verify programming settings in the app or via the unit's button.
- Inspect for physical obstructions in the door's path.

- **App Connectivity Issues:**

- Ensure Bluetooth is enabled on your smartphone.
- Be within 30 feet of the door unit for connection.
- If programming via light sensor, adjust the distance between your phone screen and the door's sensor.

- **Door Stops During Closing:**

- This is the anti-pinch safety feature. Check for chickens or other obstructions in the door's path.

For further assistance, refer to the Warranty and Support section.
