SAFETY INFORMATION

- Ensure your combination is memorable but not easily guessable.
- Do not use this lock for high-security applications where robust theft prevention is critical.
- Keep the lock away from extreme temperatures or corrosive substances.
- Regularly check the lock for any signs of damage or wear.

PRODUCT OVERVIEW

The BV TSA Accepted Luggage Travel Lock features a durable design with a flexible cable, making it suitable for various items. Key features include:

- **TSA Accepted:** Allows TSA agents to open, inspect, and re-lock your baggage without damage.
- **Resettable Combination:** Set your own 3-digit combination from 1,000 possibilities.
- **No Key to Lose:** Keyless design for convenience.
- **Alert Indicator:** A pop-up indicator shows if the lock has been opened by a TSA master key.
- **Durable Construction:** Crafted from alloy steel and zinc with a high-grade steel cable.

SETUP: SETTING YOUR COMBINATION

Follow these steps to set your personal 3-digit combination:

1. **Initial State:** The lock is preset to open at **0-0-0**. Ensure the dials are set to this default combination.
2. **Release Cable:** Press the button on the side of the lock to release the cable.
3. **Access Reset Button:** Locate the small reset button on the bottom of the lock. Use a pen or a pointed object to press and hold this button until it clicks into position.

4. **Set New Combination:** While the reset button is held, turn the dials to your desired 3-digit combination. Make sure the numbers are clearly aligned.
5. **Confirm New Combination:** Release the reset button. Your new combination is now set.
6. **Test Lock:** Scramble the dials and then enter your new combination to ensure it opens correctly.

OPERATING INSTRUCTIONS

To use your BV TSA Accepted Luggage Travel Lock:

1. **Unlocking:** Enter your personal 3-digit combination. Press the button to release the cable.
2. **Locking:** Thread the flexible cable through the zippers or locking points of your item. Insert the cable ends firmly into the lock body until they click into place. Scramble the dials to secure the lock.

The advertisement features the BV logo at the top center. Below it, the headline reads "Versatile protection for any adventure." Three circular images illustrate the lock's use: a suit case, a backpack, and a gym locker. A callout box points to the cable, stating it fits any hole with a diameter of 0.118".

MAINTENANCE

To ensure the longevity and smooth operation of your lock:

- Keep the dials clean and free from dirt or debris.
- Avoid forcing the dials or cable.
- Store the lock in a dry environment when not in use.

TROUBLESHOOTING

- **Lock will not open:**
 - Ensure the correct combination is entered and the numbers are perfectly aligned.
 - If you have forgotten your combination, the lock cannot be reset without knowing the current combination.
- **Cable will not release/insert:**
 - Verify the correct combination is set and the release button is fully pressed.
 - Check for any obstructions in the cable insertion points.
