Belkin WIZ019ttWH

Belkin BoostCharge Pro 2-in-1 Wireless Charging Pad with MagSafe 15W User Manual

Model: WIZ019ttWH

1. INTRODUCTION

The Belkin BoostCharge Pro 2-in-1 Wireless Charging Pad with MagSafe 15W offers convenient and efficient wireless charging for your compatible devices. This dual charging pad is designed to deliver fast charging to your iPhone (16, 15, 14, 13, or 12 series) via MagSafe and simultaneously charge a second device, such as AirPods, on its 5W Qi pad. This manual provides essential information for the proper setup, operation, and maintenance of your charging pad.

2. WHAT'S IN THE BOX

Carefully unpack your Belkin BoostCharge Pro 2-in-1 Wireless Charging Pad and ensure all components are present:

- 1 x Belkin BoostCharge Pro 2-in-1 Wireless Charging Pad with MagSafe 15W
- 1 x USB-C to USB-C cable (5 ft. / 1.5M)

Image: Contents of the Belkin BoostCharge Pro 2-in-1 Wireless Charging Pad package, showing the charging pad, a smartphone, AirPods, and the USB-C cable with power adapter.

3. SETUP

Follow these steps to set up your charging pad:

1. **Connect the Cable:** Insert one end of the provided USB-C to USB-C cable into the USB-C port on the back of the charging pad.
2. **Connect to Power:** Insert the other end of the USB-C cable into a compatible USB-C power adapter (not included) with a minimum output of 20W for optimal performance. Plug the power adapter into a wall outlet.
3. **Placement:** Place the charging pad on a flat, stable surface away from direct sunlight or heat sources.

4. OPERATING INSTRUCTIONS

4.1. MagSafe Charging (for iPhone)

The MagSafe charging area is designed for iPhone 16, 15, 14, 13, and 12 series models, providing up to 15W of fast wireless charging.

1. Ensure the charging pad is connected to power.
2. Place your MagSafe-compatible iPhone onto the designated MagSafe charging area. The magnets will align your iPhone automatically for a secure connection.
3. Charging will begin automatically. The iPhone screen will indicate charging status.

Faster wireless charging.

Harness the power of MagSafe for up to 15W of wireless charging.

4.2. Qi Charging (for AirPods and other devices)

The secondary charging area is a 5W Qi pad, suitable for AirPods or other Qi-enabled devices.

1. Ensure the charging pad is connected to power.
2. Place your AirPods case or other Qi-enabled device onto the flat, secondary charging area.
3. Charging will begin automatically. Refer to your device's indicator for charging status.

Wireless charging for two.

In addition to the MagSafe pad, a second pad offers 5W wireless charging optimized for Qi devices.

4.3. LED Indicator Light

A built-in LED indicator light on the 5W Qi pad provides visual feedback on the charging status of your AirPods or other device:

- **Solid Green:** Device is charging correctly.
- **Solid Amber:** Foreign object detected (e.g., keys, coins). Remove the object immediately.

5. KEY FEATURES

- **2-in-1 Fast Charging:** Provides up to 15W for MagSafe-compatible iPhones and 5W for Qi-enabled devices simultaneously.
- **Travel-Friendly Design:** Slim and lightweight, making it easy to transport. The included 5ft USB-C to USB-C cable adds to its portability.
- **Case Compatible:** Charges iPhones with MagSafe-compatible cases without needing to remove the case.
- **Built-in Safeguards:** Incorporates temperature control, overvoltage protection, and foreign object detection to protect connected devices.
- **Eco-Friendly Construction:** Product housing is made with a minimum of 72% post-consumer recycled content, and packaging is 100% plastic-free.

Built-in safeguards protect connected devices.

Stay safe with temperature control, overvoltage protection, and foreign object detection.

6. MAINTENANCE

To ensure the longevity and optimal performance of your charging pad, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect the charging pad from power before cleaning. Use a soft, dry, lint-free cloth to wipe the surface. Do not use abrasive cleaners, solvents, or aerosol sprays.

- **Storage:** When not in use, store the charging pad in a cool, dry place away from extreme temperatures and direct sunlight.
- **Handle with Care:** Avoid dropping the device or subjecting it to strong impacts.

7. TROUBLESHOOTING

If you encounter issues with your charging pad, refer to the table below for common problems and solutions:

Problem	Solution
Device not charging.	Ensure the charging pad is properly connected to a power source. Verify the power adapter is functioning. Reposition the device on the charging pad to ensure proper alignment, especially for MagSafe. Remove any foreign objects.
Slow charging.	Ensure you are using a compatible power adapter with sufficient wattage (20W or higher recommended). Check if your device's case is MagSafe compatible; non-compatible cases may hinder charging efficiency.
LED indicator is amber.	An amber LED indicates a foreign object (e.g., keys, coins, credit cards) has been detected on the Qi charging area. Remove the object immediately.
Device or charger feels warm.	It is normal for the device and charger to become slightly warm during wireless charging. If it becomes excessively hot, disconnect the device and charger from power and allow them to cool down. Ensure proper ventilation around the charging pad.

8. SPECIFICATIONS

Specification	Detail
Model Number	WIZ019ttWH
Product Dimensions	6.7 x 4.2 x 3.3 inches (17.02 x 10.67 x 8.38 cm)
Item Weight	1.1 pounds (0.5 kg)
MagSafe Output	Up to 15W
Qi Output	Up to 5W
Input Voltage	9 Volts (requires compatible USB-C power adapter)
Cable Length	5 ft. / 1.5M (USB-C to USB-C)
Compatible Devices	iPhone 16, 15, 14, 13, 12 series (MagSafe), AirPods, and other Qi-enabled devices
Special Features	5W Qi pad, Built-in LED Indicator Light, Fast Charging, MagSafe Compatible, Slim & Lightweight, Modern Design
Material	Housing made with a minimum of 72% post-consumer recycled content

9. WARRANTY AND SUPPORT

The Belkin BoostCharge Pro 2-in-1 Wireless Charging Pad comes with a **2-year limited warranty**. This warranty covers defects in materials and workmanship under normal use.
