PANELSBURG Natural Semi-Sheer Curtains (50"W x 102"L) Instruction Manual

Model: BH-PSBB50102-LNAT

INTRODUCTION

Thank you for choosing PANELSBURG Natural Semi-Sheer Curtains. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your new curtains. Please read these instructions carefully before installation and retain them for future reference.

IMPORTANT SAFETY INFORMATION

- Always keep curtains away from heat sources.
- Never leave curtains near open flames or radiators.
- Always ensure curtains are securely fastened to the wall or window frame to prevent them from falling.
- Always follow the care instructions to prevent fire hazards.
- Keep out of reach of children and pets.

PRODUCT FEATURES

- **Material:** Made from a blend of 15% linen, 15% cotton, and 70% polyester, offering a soft touch, good drape, durability, and wrinkle resistance.
- **Light Filtering:** Semi-sheer fabric filters harsh sunlight while allowing natural diffused light to enter, creating a cozy ambiance and providing privacy.
- **Versatile Hanging Options:** Features a top design with back tabs and a loop pocket, providing four distinct hanging methods.
- **Included Accessories:** Each package includes 32 small hooks for pleated hanging. Rings are not included.
- **Aesthetic:** Provides a natural, organic, and textured look suitable for various interior styles, including farmhouse, vintage, rustic, and boho.

SETUP AND INSTALLATION

Your PANELSBURG curtains offer multiple hanging options to suit your preference and existing hardware. Each package contains two curtain panels and 32 hooks.

Hanging Options:

1. **Back Tab:** Utilize the back loops to create an elegant pleated look. This is a popular method for a clean, tailored appearance.
2. **Hooks Belt:** Use the included 32 small hooks on the hook belt. These hooks can then be pinned onto your own curtain rings (rings are not included).
3. **Ring Clips:** Attach your own clip rings directly to the top edge of the curtain panels.
4. **Rod Pocket:** For a classic style, simply pass your curtain rod through the integrated 3-inch rod pocket.

OPERATING YOUR CURTAINS

These semi-sheer curtains are designed to offer flexibility in light control and privacy. They can be easily opened or closed by sliding them along your curtain rod or track.

- **Daytime Use:** For ample natural light while maintaining a degree of privacy, keep the curtains partially or fully closed. The semi-sheer fabric will diffuse harsh sunlight.
- **Evening Use:** Fully close the curtains for enhanced privacy. The fabric provides better privacy protection compared to ordinary sheer curtains.
- **Opening:** Gently slide the panels to the sides of your window or door to fully expose the opening.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your PANELSBURG curtains, please follow these care instructions:

- **Washing:** Machine wash in cold water on a gentle cycle.
- **Drying:** Tumble dry on low heat.
- **Bleaching:** Do not bleach.
- **Ironing:** Iron if needed at a low temperature to remove wrinkles from packaging or after washing.

TROUBLESHOOTING

If you encounter any issues with your curtains, consider the following common solutions:

- **Wrinkles:** New curtains may have wrinkles from packaging. Ironing on a low setting or hanging them for a few days in a humid environment (like a bathroom after a shower) can help them relax.
- **Uneven Hanging:** Ensure your curtain rod or track is level and securely installed. Adjust the hooks or rod pocket placement if necessary to achieve an even drape.
- **Insufficient Privacy:** While semi-sheer, if more privacy is desired, consider adding a blackout liner behind the curtains or using an additional set of curtains.
- **Color Variation:** Slight color variations may occur between different dye lots. If purchasing additional panels, try to buy them together to minimize this.

SPECIFICATIONS

Brand	PANELSBURG
Model Number	BH-PSBB50102-LNAT

Color	Natural
Material	Polyester X Cotton X Linen (15% Linen, 15% Cotton, 70% Polyester)
Product Dimensions (per panel)	50"W x 102"L
