## Tribit StormBox Flow

# Tribit StormBox Flow Portable Bluetooth Speaker

## USER MANUAL

## Introduction

The Tribit StormBox Flow is a powerful and versatile portable Bluetooth speaker designed to deliver clear, vibrant sound with enhanced bass. Featuring a robust IP67 waterproof rating and a long-lasting battery, it is perfect for both indoor and outdoor use. This manual provides essential information on setting up, operating, and maintaining your StormBox Flow speaker.

Key features include Tribit's exclusive XBass technology for deep bass, up to 30 hours of playtime, Bluetooth 5.3 for stable connectivity, True Wireless Stereo (TWS) pairing for an immersive sound experience, and customizable EQ modes via the Tribit app. A built-in microphone also allows for clear hands-free calls.

## Package Contents

- Tribit StormBox Flow Portable Bluetooth Speaker
- USB-C Charging Cable
- Lanyard
- Quick Start Guide

## Setup

### 1. Charging the Speaker

Before first use, fully charge your StormBox Flow speaker. Connect the included USB-C charging cable to the speaker's USB-C port and a compatible power source. A full charge takes approximately 4 hours.

# PLAY ALL DAY AND NIGHT

Enjoy up to 30h playtime & Recharge fast in just 4 hours using the Type-C port.

Image: The Tribit StormBox Flow speaker connected to a USB-C charging cable, illustrating the charging process and the USB-C port location.

## 2. Powering On/Off

- To power on: Press and hold the Power button until you hear an audible prompt.
- To power off: Press and hold the Power button again until the speaker shuts down.

## 3. Bluetooth Pairing

The StormBox Flow uses Bluetooth 5.3 for a stable connection up to 100 meters (328 feet).

1. Ensure the speaker is powered on and in pairing mode (the Bluetooth indicator light will flash).
2. On your device (smartphone, tablet, computer), enable Bluetooth and search for "Tribit StormBox Flow" in the list of available devices.
3. Select the speaker to connect. Once connected, the Bluetooth indicator light will remain solid.

## Operating Instructions

## 1. Volume Control

- Press the + button to increase volume.
- Press the - button to decrease volume.

## 2. XBass Function

Activate the XBass feature to amplify bass by 9dB, providing a deeper and more powerful audio experience. Press the XBass button on the speaker to toggle this feature on or off.

Image: A cutaway diagram showing the internal speaker components and the effect of XBass technology, highlighting the larger driver size compared to other speakers.

## 3. True Wireless Stereo (TWS) Pairing

Pair two StormBox Flow speakers together for a true stereo sound experience and increased volume.

1. Ensure both speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker, press and hold the TWS button until you hear a prompt.

3. The speakers will automatically connect to each other. Once paired, the TWS indicator light on both speakers will become solid.
4. Connect your device to one of the paired speakers via Bluetooth.

## Two Speakers, Twice the Thrill!

Pair 2 StormBox Flow to fill your space with a powerful stereo sound!

Image: Two individuals holding separate Tribit StormBox Flow speakers, with sound waves emanating from them, illustrating the True Wireless Stereo (TWS) pairing feature for a wider soundstage.

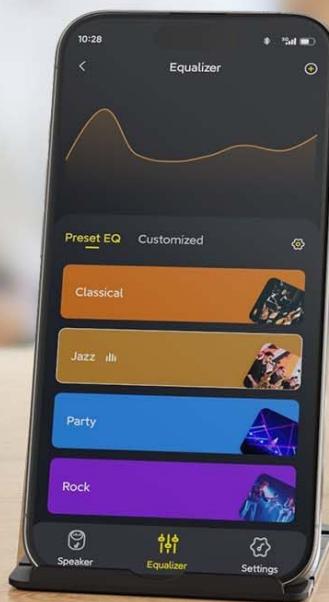

### 4. Customizable EQ Modes

Personalize your audio experience using the Tribit App. The app allows you to select from various preset EQ modes or create your own custom equalization settings.

- Download the Tribit App from your device's app store.
- Connect your StormBox Flow speaker to the app.
- Navigate to the Equalizer section to adjust settings.

# Customized EQ Modes

Customize the sound as you like via TRIBIT App.  
The power of customization is in your hands!

Download the TRIBIT app and upgrade the earbud firmware to the latest version to experience better sound quality.

## 5. Call Management

The integrated microphone allows for clear hands-free calls when connected to your smartphone.

- Answer/End Call: Press the Play/Pause button once.
- Reject Call: Press and hold the Play/Pause button.

## 6. Speaker Placement

The StormBox Flow can be placed vertically for a more focused sound or horizontally for wider sound dispersion, ideal for parties or larger spaces. It also includes a portable lanyard for easy carrying.

# Take the Beat Anywhere!

Stand it for a personal audio feast, lay it flat for a shared, dispersed sound perfect for parties.

## Maintenance

### 1. Cleaning

Wipe the speaker with a soft, damp cloth. Do not use abrasive cleaners or solvents.

### 2. Water Resistance (IP67)

The StormBox Flow is IP67 rated, meaning it is dust-tight and can withstand immersion in water up to 1 meter (3.3 feet) for 30 minutes. While it is waterproof, avoid prolonged submersion and ensure the charging port cover is securely closed before exposure to water.

# IP67 WATERPROOF

Feel the melody wherever you are.

## Troubleshooting

Issue	Possible Cause	Solution
Speaker does not power on	Low battery; Power button not held long enough	Charge the speaker; Press and hold the Power button for 2-3 seconds.
Cannot pair via Bluetooth	Speaker not in pairing mode; Device Bluetooth off; Speaker already connected to another device	Ensure speaker is flashing Bluetooth light; Turn on device Bluetooth; Disconnect from other devices or reset speaker.

Issue	Possible Cause	Solution
No sound or low volume	Volume too low on speaker/device; Speaker not connected; Audio source issue	Increase volume on both speaker and device; Re-pair Bluetooth; Check audio source.
TWS pairing fails	Speakers too far apart; One speaker already paired to a device	Place speakers closer; Ensure both speakers are disconnected from other devices before TWS pairing.
