## 4. SETUP

### 4.1 Inserting SIM Cards

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM tray ejector tool into the small hole next to the tray to open it.
3. Place your Nano SIM card(s) into the designated slots on the tray. Ensure the gold contacts are facing down.
4. Carefully push the tray back into the device until it clicks into place.

### 4.2 Initial Power On and Setup Wizard

1. Press and hold the Power button (located on the right side) until the Unihertz logo appears.
2. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, Google account sign-in, and security settings (fingerprint, PIN, pattern).

### 4.3 Carrier Compatibility Notes

The Unihertz Jelly Star supports T-Mobile and Verizon in the US. For Verizon users, please note:

- All phones are UNLOCKED.
- Local Verizon stores may not be able to provide direct assistance as these phones are not in Verizon's local database.
- It is recommended to activate your SIM card with another Verizon-certified phone first, then transfer the activated SIM card to your Unihertz Jelly Star.

To Verizon Users:

1. Our phones are All UNLOCKED
2. You can NOT get any help from the local Verizon store as our phones are not in Verizon's local database.
3. Activate the SIM card with another Verizon-certified phone first, then transfer the SIM card to our product.

## 5. OPERATING YOUR DEVICE

### 5.1 Basic Navigation

The Jelly Star runs on Android 13, offering a familiar and intuitive user experience. Navigate using gestures or the traditional three-button navigation bar.

### 5.2 Dynamic LED Notification Lights

The transparent back features dynamic LED lights that can be customized for various notifications, calls, and charging status. You can configure these settings in the phone's display or notification settings.

Your browser does not support the video tag.

## 6. MAINTENANCE

- **Software Updates:** Regularly check for system updates to ensure optimal performance and security. Go to Settings > System > System update.
- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid harsh chemicals.
- **Battery Care:** To prolong battery life, avoid extreme temperatures and do not let the battery drain completely often.
- **Storage Management:** Periodically clear cache and unnecessary files to free up storage space. The phone supports microSD for expandable storage.

### 6.1 Safety Information

**Safety:** Please do not attempt to disassemble or replace the battery yourself, as this may lead to battery leakage, overheating, fire, explosion, etc.

**Sicherheit:** Bitte versuchen Sie nicht, die Batterie selbst zu zerlegen oder auszutauschen, da dies sonst zum Auslaufen der Batterie, Überhitzung, Feuer, Explosion usw. führen kann.

**Sécurité:** N'essayez pas de remplacer la batterie ou de la réinitialiser vous-même pour éviter les fuites, la surchauffe, les incendies et les explosions de la batterie.

**Sicurezza:** Si prega di non tentare di sostituire la batteria da soli né di smontarla per ripristinarla, al fine di evitare perdite, surriscaldamenti, incendi ed esplosioni.

**Seguridad:** Por favor, no intente reemplazar la batería usted mismo ni desarmarla para reiniciarla, a fin de evitar fugas, sobrecalentamiento, incendios y explosiones.

**Veiligheid:** Probeer de batterij niet zelf te vervangen of te demonteren om deze te resetten, om lekkage, oververhitting, brand en explosies te voorkomen.

## 7. TROUBLESHOOTING

- **Poor Signal/Call Quality:** Ensure your SIM card is properly inserted. If using Verizon, ensure the SIM was activated on a Verizon-certified device first. Check for network coverage in your area.
- **Fingerprint Reader Issues:** Ensure your finger is clean and dry. Re-register your fingerprints if issues persist.
- **Battery Draining Quickly:** Reduce screen brightness, close unused apps, and limit background data usage. Consider disabling dynamic LED lights if not needed.
- **Charging Issues:** Use the provided power adapter and USB cable. Ensure connections are secure. Some third-party chargers may not be fully compatible.
- **Display Fatigue:** Due to the compact 3-inch display, prolonged viewing of text or videos may cause eye strain. Take regular breaks.
