

Unihertz Jelly Star

Unihertz Jelly Star User Manual

Model: Jelly Star

INTRODUCTION

The Unihertz Jelly Star is the world's smallest 4G Android 13 smartphone, featuring a unique transparent design with dynamic LED lights. Despite its compact size, it offers powerful performance, a high-quality camera, and a range of modern features for daily use.

WHAT'S IN THE BOX

Upon unboxing your Unihertz Jelly Star, please verify that all the following items are included:

- Unihertz Jelly Star Smartphone
- USB Cable (Type-C)
- Screen Protector (pre-applied, with an additional spare)
- Phone Case (pre-applied)
- Power Adapter
- SIM Tray Ejector
- User Guide (this manual)
- Warranty Card
- Phone Lanyard

SETUP

1. Inserting SIM Cards and MicroSD Card

1. Locate the SIM tray on the side of the phone.
2. Insert the SIM Tray Ejector tool into the small hole next to the tray and push gently until the tray pops out.
3. Place your Nano-SIM card(s) and/or MicroSD card into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully reinsert the tray into the phone until it clicks into place.

2. Initial Power On and Setup

1. Press and hold the Power button (located on the right side) until the Unihertz logo appears.
2. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, Google account login, and security settings (fingerprint, PIN, pattern).

3. Charging the Device

Connect the provided USB Type-C cable to the charging port at the bottom of the phone and the other end to the Power Adapter. Plug the adapter into a wall outlet. The LED lights on the back will indicate charging status.

OPERATING YOUR JELLY STAR

Basic Navigation

- **Touchscreen:** Navigate the 3-inch display by tapping, swiping, and pinching.
- **Home Button:** Tap the circle icon at the bottom center to return to the home screen.
- **Back Button:** Tap the triangle icon to go back to the previous screen.
- **Recent Apps Button:** Tap the square icon to view and switch between recently used applications.

Dynamic LED Notification

The transparent back design features dynamic LED lights that can be customized for notifications, calls, and other alerts. Configure these settings in the phone's display or notification settings.

MAINTENANCE

Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of your Jelly Star. Avoid using harsh chemicals or abrasive materials, as they may damage the device's finish or screen coating.

Battery Care

To prolong battery life, avoid exposing the phone to extreme temperatures. It is recommended to use the provided charger and cable for optimal charging. Do not attempt to disassemble or replace the battery yourself, as this can lead to battery leakage, overheating, fire, or explosion.

Sicherheit: Bitte versuchen Sie nicht, die Batterie selbst zu zerlegen oder auszutauschen, da dies sonst zum Auslaufen der Batterie, Überhitzung, Feuer, Explosion usw. führen kann.

Sécurité: N'essayez pas de remplacer la batterie ou de la réinitialiser vous-même pour éviter les fuites, la surchauffe, les incendies et les explosions de la batterie.

Sicurezza: Si prega di non tentare di sostituire la batteria da soli né di smontarla per ripristinarla, al fine di evitare perdite, surriscaldamenti, incendi ed esplosioni.

Seguridad: Por favor, no intente reemplazar la batería usted mismo ni desarmarla para reiniciarla, a fin de evitar fugas, sobrecalentamiento, incendios y explosiones.

Veiligheid: Probeer de batterij niet zelf te vervangen of te demonteren om deze te resetten, om lekkage, oververhitting, brand en explosies te voorkomen.

Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. You can usually find this option in the phone's Settings menu under "System" or "About phone."

TROUBLESHOOTING

Common Issues and Solutions

Issue	Possible Solution
Device not turning on	Ensure the battery is charged. Press and hold the power button for at least 10 seconds to force a restart.
Poor network signal	Check SIM card insertion. Move to an area with better network coverage. Restart the phone.
Apps crashing or freezing	Clear the app's cache and data in Settings > Apps. Uninstall and reinstall the app. Ensure sufficient storage space.
Battery draining quickly	Reduce screen brightness. Close unused apps. Disable unnecessary features like GPS or Bluetooth when not in use.

Verizon Network Specifics

For Verizon users, please note the following:

- 1. Our phones are All UNLOCKED.
- 2. You can NOT get any help from the local Verizon store as our phones are not in Verizon's local database.
- 3. Activate the SIM card with another Verizon-certified phone first, then transfer the SIM card to our product.

Sicherheit: Bitte versuchen Sie nicht, die Batterie selbst zu zerlegen oder auszutauschen, da dies sonst zum Auslaufen der Batterie, Überhitzung, Feuer, Explosion usw. führen kann.

Sécurité: N'essayez pas de remplacer la batterie ou de la réinitialiser vous-même pour éviter les fuites, la surchauffe, les incendies et les explosions de la batterie.

Sicurezza: Si prega di non tentare di sostituire la batteria da soli né di smontarla per ripristinarla, al fine di evitare perdite, surriscaldamenti, incendi ed esplosioni.

Seguridad: Por favor, no intente reemplazar la batería usted mismo ni desarmarla para reiniciarla, a fin de evitar fugas, sobrecalentamiento, incendios y explosiones.

Veiligheid: Probeer de batterij niet zelf te vervangen of te demonteren om deze te resetten, om lekkage, oververhitting, brand en explosies te voorkomen.
