## Hikity 7018B

# Hikity 7018B 2 Din Car Stereo User Manual

Model: 7018B

## INTRODUCTION

---

Thank you for choosing the Hikity 7018B 2 Din Car Stereo. This device is designed to enhance your driving experience with its advanced features, including a 7-inch touchscreen, Apple CarPlay, Android Auto, Mirror Link, Bluetooth connectivity, FM radio, and support for various multimedia inputs. This manual provides essential information for proper installation, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your car stereo.

## SETUP AND INSTALLATION

---

### What's in the Box

Before installation, please verify that all components are present in the package:

- 1 x Car Stereo
- 1 x Power Cable
- 1 x Horn Cable
- 1 x Microphone
- 1 x Remote Control
- 1 x User Manual
- 1 x Backup Camera

# Product Size & Package List

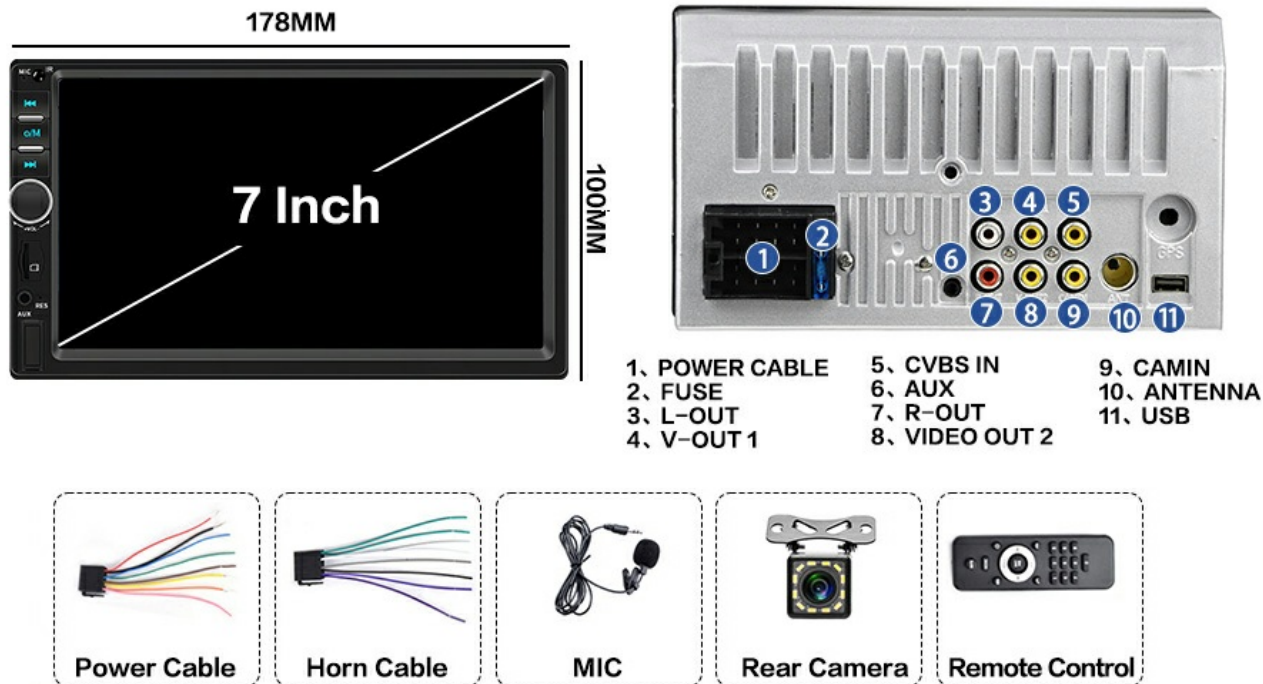

Image: Overview of the Hikity 7018B car stereo dimensions (178mm x 100mm) and included accessories such as power cables, microphone, rear camera, remote control, and user manual.

## Installation Dimensions

The mounting dimensions for the 7-inch touchscreen car stereo are 178mm (Length) x 100mm (Height). Please ensure your vehicle's dashboard opening is compatible with these dimensions before proceeding with installation.

## Wiring Diagram

Proper wiring is crucial for the functionality of your car stereo, especially for the backup camera. Refer to the diagram below for connecting the power cable, horn cable, and backup camera.

Image: Detailed wiring diagram for the backup camera input, showing connections for the reversing lamp (red wire to Power+), ground (black to GND), and video signal to the car stereo.

## Installation Effect

Observe the visual difference before and after installing the Hikity 7018B car stereo in a vehicle dashboard. This illustrates the integrated appearance once installed.

## OPERATING INSTRUCTIONS

### Power On/Off

To power on the device, press the power button located on the front panel. To power off, press and hold the power button until the unit shuts down.

## Apple CarPlay

Connect your iPhone to the car stereo via a USB cable to activate Apple CarPlay. This allows you to use Siri, access navigation, make calls, send messages, and play music directly from your iPhone on the stereo's screen.

Image: Display of the car stereo showing the Apple CarPlay interface with various app icons like Spotify, YouTube, and WhatsApp.

## Android Auto

Connect your Android smartphone to the car stereo via a USB cable to enable Android Auto. This feature integrates your phone's essential functions, such as navigation, messaging, and music, onto the stereo display for safe use while driving.

Image: Display of the car stereo showing the Android Auto interface with icons for navigation, phone, messages, and media apps.

## Mirror Link

Use the Mirror Link function to display your smartphone's screen directly on the car stereo. Connect your phone via the original USB cable. Android phones support two-way control, while iOS devices offer one-way control (display only).

## Bluetooth Hands-Free & Music

Pair your smartphone with the car stereo via Bluetooth for hands-free calling and wireless audio streaming. Access your phonebook, dial numbers, and play music directly through the stereo system.

## Controllo al volante

## Radio FM

## Touchscreen HD

## Bluetooth

Image: A split display showing the Bluetooth interface on the right, indicating a 'Not Connected' status with a numeric keypad, and the FM radio interface on the left.

## FM Radio

Tune into your favorite FM radio stations. The digital FM radio supports automatic channel search and allows you to save up to 18 preset stations for quick access to news, traffic, and music.

Image: Car stereo display showing the FM radio interface, tuned to 87.50 MHz, with preset buttons and equalizer visualization.

## Multimedia Player (USB/AUX/TF)

The car stereo supports various multimedia inputs including USB, AUX, and TF (MicroSD) cards. Simply insert your storage device or connect an external audio source to play your favorite audio and video files.

Image: Car stereo display showing four play modes: Radio, PhoneLink, USB, and Bluetooth, along with other app icons like SD, AV IN, Calculator, and Clock.

## Backup Camera

When the vehicle is shifted into reverse gear, the rear-view camera image will automatically appear on the car stereo screen, providing a clear view of the area behind your vehicle for safer parking and maneuvering. The included camera is waterproof and features 12 LEDs for enhanced night vision.

Image: Car stereo display showing a split-screen view from the backup camera, with an overhead vehicle diagram and parking guidelines.

## Steering Wheel Control

The car stereo supports steering wheel controls. After learning the buttons, you can conveniently manage radio functions, music playback, volume adjustments, and calls directly from your steering wheel, enhancing driving safety and convenience.

Image: Car stereo display showing the steering wheel control setup menu, with options for learning and assigning functions like volume, track skip, and call management.

## EQ Settings

Customize your audio experience with the built-in equalizer. Adjust various frequency bands (30Hz to 16KHz) to match your musical preferences, with preset options like Jazz, Classic, Rock, Pop, Flat, and a customizable User mode.

Image: Car stereo display showing the equalizer interface with adjustable sliders for different audio frequencies and various sound presets.

## 7-Inch HD Touchscreen

The responsive 7-inch HD touchscreen allows for intuitive control of all functions. Use touch gestures to navigate menus, select options, and interact with applications.

## MAINTENANCE

---

To ensure the longevity and optimal performance of your Hikity 7018B car stereo, follow these maintenance guidelines:

- **Cleaning the Screen:** Use a soft, lint-free cloth to gently wipe the touchscreen. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid harsh chemicals or abrasive materials.
- **General Cleaning:** Keep the unit free from dust and debris. Use a soft brush or compressed air to clean vents and button areas.
- **Avoid Extreme Temperatures:** Do not expose the unit to extreme heat or cold for extended periods, as this can affect its electronic components.
- **Cable Connections:** Periodically check all cable connections to ensure they are secure and free from damage.

## TROUBLESHOOTING

---

If you encounter issues with your car stereo, refer to the following common problems and solutions:

- **No Power:**
  - Check the power cable connection and ensure it is properly seated.
  - Verify the vehicle's fuse box for any blown fuses related to the stereo.
  - Ensure the car's ignition is on or in accessory mode.
- **No Sound:**
  - Check speaker wire connections.
  - Ensure the volume is not muted or set to minimum.
  - Verify audio source selection (e.g., FM, USB, Bluetooth).
- **CarPlay/Android Auto Not Connecting:**
  - Use the original USB cable provided with your smartphone.
  - Ensure your phone's operating system is up to date.
  - Restart both your phone and the car stereo.
- **Backup Camera Not Displaying:**
  - Check the camera's power and video signal connections.
  - Ensure the vehicle is in reverse gear.

- Verify the camera is properly installed and not obstructed.

• **Touchscreen Unresponsive:**

- Perform a soft reset by pressing the reset button (if available) or by turning the unit off and on.
- Ensure the screen is clean and free from debris.

If these steps do not resolve the issue, please contact customer support for further assistance.
