## OPERATING INSTRUCTIONS

The cabinet door opens and closes using the round knob. The magnetic catch ensures the door remains securely closed. The interior features one adjustable shelf. To adjust the shelf height:

1. Open the cabinet door.
2. Carefully lift the shelf to remove it from its current position.
3. Align the shelf pins with the desired set of pre-drilled holes on the cabinet sides.
4. Insert the shelf pins into the holes and gently lower the shelf onto the pins, ensuring it is level and secure.

## MAINTENANCE

---

To maintain the appearance and longevity of your medicine cabinet, follow these simple guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish and mirror.
- **Mirror Care:** Use a standard glass cleaner for the mirror surface. Spray cleaner onto a cloth, not directly onto the mirror, to prevent liquid from seeping into edges.
- **Moisture:** While the cabinet is designed for bathroom environments, prolonged exposure to excessive moisture should be avoided. Ensure proper ventilation in the bathroom.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.

## TROUBLESHOOTING

---

If you encounter any issues with your medicine cabinet, please consider the following:

- **Door not closing properly:** Check if the magnetic catch is aligned and free of obstructions. Ensure hinges are securely fastened and not bent.

- **Shelf wobbles:** Verify that the shelf pins are fully inserted into the support holes and that the shelf is resting evenly on all pins.
- **Cabinet feels unstable:** Recheck all wall mounting hardware. Ensure the cabinet is securely attached to wall studs or appropriate anchors.

For issues not resolved by these steps, please contact COSTWAY customer support.
