## HUGO HG 1272

# Hugo Boss HG 1272 Eyewear User Manual

Model: HG 1272 | Brand: HUGO

## INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your Hugo Boss HG 1272 Eyewear. Please read this manual thoroughly before using your eyewear to ensure optimal performance and longevity.

## PACKAGE CONTENTS

Upon unboxing, please verify that all the following items are included:

- 1 x Hugo Boss HG 1272 Eyewear (Green, 52mm)
- 1 x Protective Case
- 1 x Cleaning Cloth

## PRODUCT OVERVIEW

Familiarize yourself with the key components of your Hugo Boss HG 1272 Eyewear.

**Figure 1:** Side view of the Hugo Boss HG 1272 Eyewear, showcasing the full frame and temples.

**Figure 2:** Front view of the Hugo Boss HG 1272 Eyewear, highlighting the lens shape and bridge design.

**Figure 3:** Angled side view of the eyewear, providing a clear look at the temple and hinge connection.

**Figure 4:** Close-up of the temple and hinge area, showing the subtle branding and construction details.

## SETUP

Your Hugo Boss HG 1272 Eyewear is designed for immediate use. Follow these steps for initial preparation:

1. **Unpack:** Carefully remove the eyewear from its protective case.

2. **Inspect:** Check for any visible damage or loose parts. If any issues are found, contact customer support.
3. **Clean:** Before first use, gently wipe the lenses and frame with the provided cleaning cloth to remove any dust or smudges from handling.
4. **Fit Adjustment (Optional):** If the fit feels too loose or too tight, a professional optician can adjust the frame for optimal comfort. Avoid attempting to bend the frame yourself, as this may cause damage.

## OPERATING

---

Using your Hugo Boss HG 1272 Eyewear is straightforward. Handle with care to ensure its longevity.

- **Wearing:** Place the eyewear on your face, ensuring the temples rest comfortably behind your ears and the nose pads sit gently on your nose bridge.
- **Removing:** Always use both hands to remove the eyewear to prevent bending the temples or frame.
- **Storage:** When not in use, always store your eyewear in its protective case to prevent scratches and damage. Avoid placing them face down on surfaces.

## MAINTENANCE

---

Regular cleaning and proper care will extend the life and maintain the clarity of your eyewear.

1. **Daily Cleaning:** Use the provided microfiber cleaning cloth to gently wipe away fingerprints and smudges from the lenses and frame.
2. **Deep Cleaning:** For more thorough cleaning, rinse the eyewear under lukewarm running water. Apply a small drop of mild, pH-neutral dish soap to the lenses and gently rub with your fingertips. Rinse thoroughly to remove all soap residue.
3. **Drying:** Gently shake off excess water and dry the lenses and frame with a clean, soft, lint-free cloth. Avoid using paper towels or rough fabrics, as they can scratch the lenses.
4. **Avoid Harsh Chemicals:** Do not use ammonia-based cleaners, window cleaners, or abrasive solvents, as these can damage lens coatings and frame materials.
5. **Temperature Extremes:** Avoid exposing your eyewear to extreme heat (e.g., leaving them in a hot car) or extreme cold, as this can warp the frame or damage lens coatings.

## TROUBLESHOOTING

---

Here are solutions to common issues you might encounter:

Problem	Solution
Lenses are smudged or dirty.	Clean with the provided microfiber cloth or follow the deep cleaning instructions in the Maintenance section.
Eyewear feels loose or slides down.	Visit a professional optician for a proper fit adjustment. Do not attempt to bend the frame yourself.
Minor scratches on lenses.	Minor scratches are often unavoidable over time. For significant scratches affecting vision, consider lens replacement by a professional.

Problem	Solution
Screws on hinges are loose.	Gently tighten with a small eyewear screwdriver. Do not overtighten. If unsure, consult an optician.
