Hugo Boss BOSS 1603/S

Hugo Boss BOSS 1603/S Sunglasses User Manual

Model: BOSS 1603/S

INTRODUCTION

Welcome to your Hugo Boss BOSS 1603/S Sunglasses user manual. These instructions provide essential information for the proper use, care, and maintenance of your new sunglasses.

The BOSS 1603/S sunglasses feature a matte black silver frame with grey non-polarized lenses, designed for adult use. They are crafted from metal and plastic with polycarbonate lenses, offering a stylish square shape.

SETUP

Upon receiving your sunglasses, carefully remove them from their packaging.

Inspect the frame and lenses for any visible damage. If any damage is found, contact your retailer.

Gently unfold the temples. The fit should be comfortable without causing pressure points. If adjustments are needed, it is recommended to visit a professional optician.

This image shows the Hugo Boss BOSS 1603/S sunglasses being worn, providing a visual reference for fit and style.

OPERATING

Wear your sunglasses by placing them gently on your face, ensuring the temples rest comfortably over your ears and the nose pads sit correctly on your nose bridge.

Avoid placing sunglasses face down on hard surfaces to prevent scratching the lenses.

Do not wear sunglasses for direct observation of the sun or for driving at night or in conditions of poor visibility.

These sunglasses are not UV protected and are non-polarized. They are designed for general use and fashion purposes.

MAINTENANCE

Cleaning Lenses

To clean the lenses, use a soft, clean microfiber cloth. For stubborn smudges, lightly dampen the cloth with water or a specialized lens cleaning solution. Avoid using paper towels, clothing, or harsh chemicals, as these can scratch the lens coating.

Cleaning Frame

Wipe the frame with a soft, damp cloth to remove dirt and oils. Dry thoroughly.

Storage

When not in use, always store your sunglasses in their protective case to prevent scratches and damage. Keep them away from extreme heat, such as car dashboards, as this can warp the frame and damage lens coatings.

This image provides a detailed front view of the Hugo Boss BOSS 1603/S sunglasses, highlighting the frame and lens design.

TROUBLESHOOTING

Loose Screws

If the screws on the hinges become loose, gently tighten them with a small optical screwdriver. Do not overtighten.

Smudged Lenses

Refer to the 'Cleaning Lenses' section for proper cleaning techniques.

Discomfort

If the sunglasses feel uncomfortable or misaligned, consult a professional optician for adjustment.

SPECIFICATIONS

- **Item Model Number:** 20646812458IR
- **Brand:** Hugo Boss
- **Color:** Matte Black Silver
- **Lens Color:** Grey
- **Item Shape:** Square
