# Valera Swiss Excellence Smart Hair Clipper Instruction Manual

Model: 53000119

## 1. INTRODUCTION

---

The Valera Swiss Excellence Smart Hair Clipper is a professional-grade tool designed for precise hair and beard trimming. Developed and manufactured in Switzerland, this clipper offers reliability, accuracy, and sustainability. It features 46mm Durablade blades, 5 cutting levels, and comes with 6 spacing combs for versatile styling.

## 2. SAFETY INSTRUCTIONS

---

Please read all safety warnings and instructions carefully before using this appliance. Keep this manual for future reference.

- Standard safety warnings for hair trimmers apply.
- Do not immerse the appliance in water or other liquids.
- Keep the appliance away from children.
- Ensure the power cord is not damaged before use.
- Do not use the appliance if the blades are damaged, as this may cause injury.
- Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition. This product is for hair and beard trimming only.

## 3. PACKAGE CONTENTS

---

Verify that all items are present in the package:

- Valera Swiss Excellence Smart Hair Clipper
- 46mm Durablade (pre-installed)
- 6 Spacer Combs (3mm, 6mm, 9mm, 12mm, 16mm, 20mm)
- Power Adapter/Charging Cable
- Cleaning Brush
- Lubricating Oil
- Instruction Manual

## 6 attachment combs

3, 6, 9, 12, 16 & 20 mm

### 4. PRODUCT OVERVIEW

Familiarize yourself with the components of your Valera Swiss Excellence Smart Hair Clipper.

# Swiss Excellence Clipper

With a Swiss Excellence Clipper, the well-groomed man relies on precision without compromise.

Image 4.1: The Valera Swiss Excellence Clipper, highlighting its dual functionality as a hair clipper and beard trimmer.

- **Blade Unit:** Features 46mm Durablade blades made of Japanese diamond-ground steel.
- **Cutting Length Adjustment Lever:** Allows for 5 precise cutting levels (0.8, 1.3, 1.8, 2.4, 3.0mm) without an attachment comb.
- **Power Button:** Turns the clipper on and off.
- **Charging Indicator Light:** Displays battery status.
- **Charging Port:** For connecting the power adapter.

Image 4.2: A detailed view of the clipper's blade unit, showing the "DURA BLADE JAPAN STEEL" marking and the blade change mechanism.

## Japanese steel meets Swiss precision

The DURABLADE diamond-ground blades guarantee sharpness and absolute precision.

Image 4.3: A close-up of the Dura Blade, emphasizing the Japanese steel and precision engineering.

## 5. SETUP

---

### 5.1 Initial Charging

Before first use, fully charge the clipper. Connect the power adapter to the charging port on the clipper and plug it into a 100-240V power outlet. The charging indicator light will show the charging status. A full charge provides up to 120 minutes of cordless operation.

### 5.2 Attaching and Removing Spacer Combs

1. Ensure the clipper is turned off.
2. Select the desired spacer comb (3, 6, 9, 12, 16, or 20mm).
3. Align the comb with the clipper head and slide it on until it clicks into place.
4. To remove, gently push the comb upwards from the back and slide it off.

## 6. OPERATING INSTRUCTIONS

---

### 6.1 Turning On/Off

Press the power button once to turn the clipper on. Press it again to turn it off.

## 6.2 Adjusting Cutting Length

- **Without Spacer Comb:** Use the cutting length adjustment lever on the clipper body to select one of the 5 precise cutting levels: 0.8mm, 1.3mm, 1.8mm, 2.4mm, or 3.0mm.
- **With Spacer Comb:** Attach the desired spacer comb. The comb determines the primary cutting length, and the adjustment lever can fine-tune the length within the comb's range (e.g., for blending).

## 6.3 Cordless and Coded Operation

The clipper can be used cordless after charging or directly connected to a power outlet for corded operation, providing flexibility during use.

## 7. MAINTENANCE

### 7.1 Cleaning the Blades

1. Turn off the clipper and disconnect it from the power source if applicable.
2. Remove any attached spacer comb.

3. Use the provided cleaning brush to remove hair clippings from the blades and the clipper head.
4. For thorough cleaning, the blade unit can be detached. Refer to the "Blade Change" marking on the clipper for instructions on detaching and reattaching the blade unit.

## 7.2 Lubricating the Blades

After every few uses or after cleaning, apply a small drop of the provided lubricating oil to the blades. Turn the clipper on for a few seconds to distribute the oil evenly. This ensures optimal cutting performance and extends blade life.

## 7.3 Storage

Store the clipper in a dry place, away from direct sunlight and extreme temperatures. Ensure the blades are clean and oiled before storing for extended periods.

## 8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Clipper does not turn on.	Battery is depleted. Power cord not properly connected.	Charge the clipper. Ensure power cord is securely connected.
Poor cutting performance.	Blades are dull or dirty. Blades are not lubricated. Hair buildup in blades.	Clean and oil the blades. Lubricate the blades. Remove hair clippings with brush.
Clipper gets hot during use.	Extended continuous use. Blades require lubrication.	Allow clipper to cool down. Clean and oil the blades.

If the problem persists after attempting these solutions, please contact customer support.

## 9. SPECIFICATIONS

- **Model Number:** 53000119
- **Blade Material:** Japanese Diamond-Ground Steel (Durablade)
- **Blade Width:** 46mm
- **Cutting Levels (without comb):** 0.8mm, 1.3mm, 1.8mm, 2.4mm, 3.0mm
- **Spacer Combs Included:** 3mm, 6mm, 9mm, 12mm, 16mm, 20mm
- **Motor:** Professional DC motor with high torque
- **Power Source:** Battery Powered (Li-Ion LFP), Corded Electric (100-240V)
- **Battery Life:** Up to 120 minutes (cordless operation)
- **Battery Type:** 1 Lithium Ion battery (included)
- **Color:** Black
- **Item Weight:** Approximately 1.3 Pounds
- **Manufacturer:** Ligo Electric SA

## 10. WARRANTY

Valera products are manufactured to high quality standards. For specific warranty information, please refer to the warranty card included with your product or contact Valera customer support. Typically, a standard manufacturer's warranty covers defects in materials and workmanship from the date of purchase.
