CoZee® Air Baby Bassinet & Bedside Sleeper

Instruction Manual

INTRODUCTION

Welcome to the comprehensive instruction manual for your new Tutti Bambini CoZee® Air Baby Bassinet & Bedside Sleeper. This manual provides essential information for the safe and effective use, assembly, maintenance, and troubleshooting of your bassinet. Please read all instructions carefully before assembly and use, and keep this manual for future reference.

The CoZee® Air is designed to provide a safe and comfortable sleeping environment for your baby from birth up to 6 months, functioning as both a standalone bassinet and a bedside sleeper. It features advanced airflow, adjustable mattress heights, and a fast-folding mechanism for portability.

IMPORTANT SAFETY WARNINGS

- Always ensure the bassinet is placed on a firm, horizontal level floor.
- Do not use the bassinet if any parts are broken, torn, or missing.
- Only use the mattress supplied with this bassinet. Do not add a second mattress.
- Ensure all assembly fasteners are tightened securely before use.
- Keep children away from the bassinet during assembly.
- Do not use the bassinet if the child can push up on hands and knees, pull themselves up, or has reached 6 months of age or 9 kg (20 lbs), whichever comes first.
- When used in bedside sleeper mode, always secure the bassinet to the adult bed using the provided safety straps.
- Ensure there is no gap between the bassinet and the adult mattress when used in bedside sleeper mode.
- Never leave the side panel lowered when not attached to the adult bed.
- Keep the bassinet away from open flames, heaters, and other sources of strong heat.
- Do not use accessories or replacement parts other than those approved by the manufacturer.

COMPONENTS OVERVIEW

Before assembly, please ensure all components are present and undamaged. Refer to the diagram below for identification.

Image: Overview of the CoZee Air Bassinet, highlighting its various features such as lockable rocking bars, lockable and removable wheels, storage shelf, and zippable drop-down side.

- Main Bassinet Frame with Fabric
- Deluxe Airflow Mattress
- Travel Bag
- Safety Straps (x2)
- Rocking Bars (pre-attached, with stoppers)
- Removable Wheels (pre-attached)

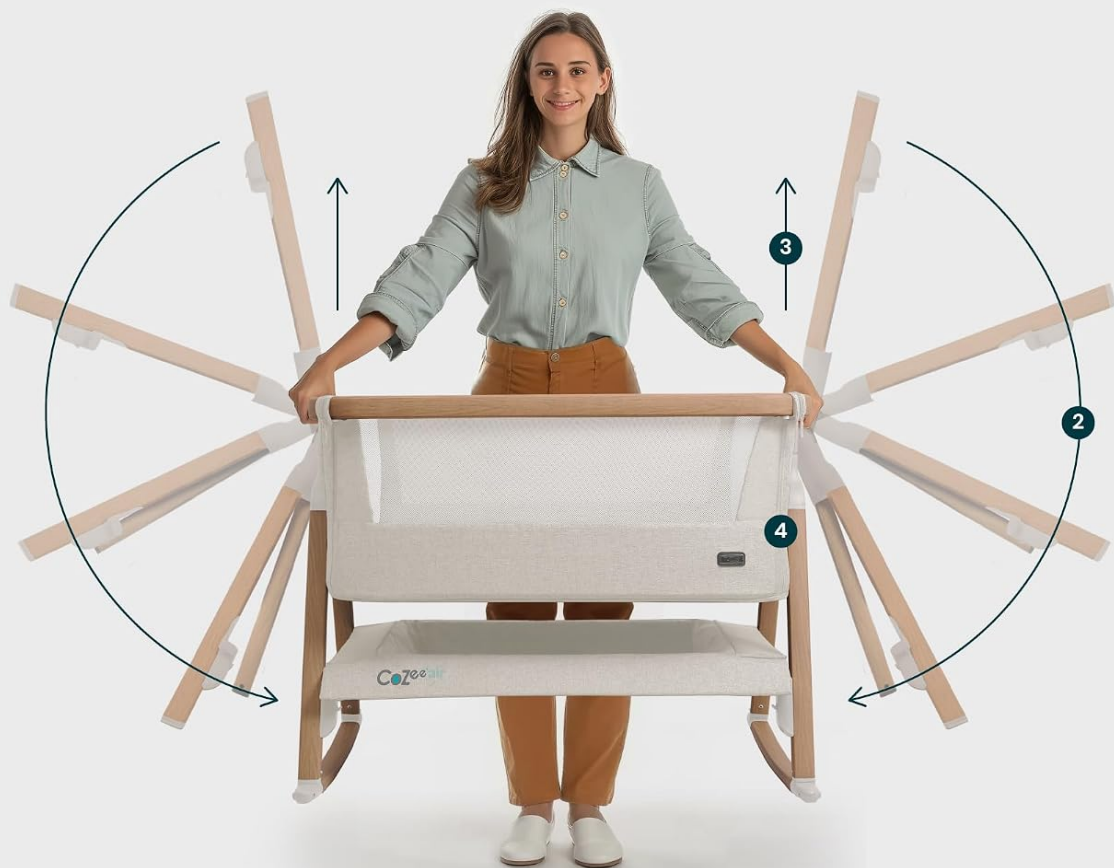

SETUP AND ASSEMBLY

The CoZee Air Bassinet features an innovative fast-folding mechanism for quick setup.

1. Unfolding the Bassinet

1. Remove the bassinet from its travel bag.
2. Unfold the legs outwards until they click securely into place.
3. Adjust the height to your desired level (see "Adjusting Height" section).
4. Ensure all legs are locked securely before placing the mattress inside.

OPERATING INSTRUCTIONS

1. Adjusting Mattress Height

The bassinet offers 6 adjustable mattress height levels (19" to 25"+) to fit various bed frames. To adjust, locate the height adjustment mechanism on the side of the bassinet frame, typically marked with numbers 1-6. Press the release buttons and slide the bassinet up or down to the desired height until it clicks into place. Ensure both sides are adjusted to the same level for a flat sleeping surface.

Image: Illustrates the 6 adjustable height levels of the CoZee Air Bassinet, showing how it can be positioned to match different bed heights, ranging from a minimum of 19 inches to a maximum of 25+ inches.

2. Bedside Sleeper Mode

To use as a bedside sleeper, lower one side of the bassinet by unzipping the fabric and releasing the side panel

mechanism. Position the bassinet flush against your adult bed. Use the provided safety straps to securely attach the bassinet to your bed frame, ensuring there is no gap between the bassinet and the adult mattress. Always ensure the bassinet is securely attached before placing your baby inside.

CoZee® Air: Bassinet & bedside sleeper in one

3. Rocking Function

The CoZee Air Bassinet includes lockable rocking bars. To enable the rocking function, unlock the stoppers on the rocking bars at the base of the bassinet legs. To stop rocking, engage the stoppers to stabilize the bassinet. Note: The rocking function is not intended for use when the bassinet is attached to an adult bed.

4. Incline Function

The bassinet can be tilted to help soothe reflux and congestion. To achieve an incline, adjust one side of the bassinet to a higher mattress height level than the other. Ensure the incline is gentle and safe for your baby.

Image: A visual representation of the CoZee Air Bassinet tilted at a 6-degree angle, illustrating its incline function designed to help soothe congestion and reflux in infants.

5. Airflow Management

The CoZee Air features two breathable mesh windows on both sides for optimal airflow. A roll-down curtain is also included; roll it up to improve circulation or roll it down for extra warmth, depending on the environment and your baby's needs.

CARE AND MAINTENANCE

Proper care and maintenance will extend the life of your CoZee Air Bassinet.

- **Outer Fabrics:** Sponge clean with a mild detergent.
- **Inner Liner and Mattress Cover:** Zip off the inner liner and mattress cover and machine wash for a deep clean. Refer to the care label for specific washing instructions.
- **Frame:** Wipe down the frame with a damp cloth. Do not use abrasive cleaners.
- **Storage:** When not in use, fold the bassinet and store it in its travel bag in a dry, cool place away from direct sunlight.
- Regularly check all fasteners and connections to ensure they are secure.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bassinet feels unstable or wobbly.	Legs not fully locked or fasteners loose.	Ensure all legs are fully extended and clicked into place. Check and tighten all assembly fasteners.
Side panel does not lower smoothly.	Fabric caught or mechanism obstructed.	Check for any fabric obstructions. Ensure the release buttons are fully pressed.
Bassinet does not attach securely to adult bed.	Safety straps not correctly installed or adjusted.	Review the safety strap installation instructions. Ensure straps are taut and there is no gap.
Wheels are not rolling freely.	Wheels are locked or obstructed.	Unlock the wheel brakes. Check for debris or hair caught in the wheels.
