Tutti Bambini CoZee 2-in-1 Baby Bassinet & Bedside Sleeper

MODEL: 211205

Introduction

This manual provides essential instructions for the safe assembly, operation, and maintenance of your Tutti Bambini CoZee 2-in-1 Baby Bassinet & Bedside Sleeper. Designed for infants from birth up to 6 months, this versatile product functions as both a standalone bassinet and a bedside sleeper. Please read all instructions carefully before use and retain this manual for future reference.

Safety Information

WARNING: DO NOT USE THIS PRODUCT WITHOUT READING THE INSTRUCTIONS FIRST.

WARNING: SUFFOCATION HAZARD. Babies have suffocated in bassinets and bedside sleepers. Always follow manufacturer guidelines.

- Ensure all parts are correctly assembled and securely fastened before placing an infant in the bassinet.
- The product is JPMA certified and compliant with ASTM/CPSC standards.
- Always use the mattress provided by the manufacturer. Do not add extra padding.
- When used in bedside sleeper mode, ensure the bassinet is securely attached to the adult bed using the provided safety straps. The crib barrier must be no higher than the adult mattress.
- Do not use the bassinet if any parts are broken, torn, or missing.
- Suitable for infants from birth up to 6 months, or until the infant can push up on hands and knees, whichever comes first.

Setup Instructions

1. **Unpack the Bassinet:** Remove the bassinet from its carry bag. The main frame is pre-assembled in a folded position.
2. **Unfold the Legs:** Gently pull the legs outwards until they lock into place. Ensure all four legs are fully extended and stable.
3. **Adjust Height:** Locate the height adjustment levers on each side of the bassinet. Press the levers and raise or lower the bassinet to your desired height. There are 6 adjustable mattress height levels (19"-25"+). Ensure both sides are set to the same level for standalone use.
4. **Insert Bottom Storage Tray:** Unfold the bottom storage tray and clip it into the designated brackets on the lower part of the bassinet legs. Ensure it is securely engaged.
5. **Place Mattress:** Insert the deluxe airflow mattress into the bassinet. Ensure it lies flat and fits snugly within the bassinet walls.

Operating Instructions

Bedside Sleeper Mode

To use the CoZee as a bedside sleeper, lower one side of the bassinet and secure it to your adult bed frame using the provided safety straps. Ensure the crib barrier is no higher than your adult mattress to prevent gaps.

- **Lowering the Side:** Unzip the fabric on one side of the bassinet and release the clips to lower the mesh panel.
- **Attaching to Bed:** Wrap the two safety straps around your bed frame and clip the red buckles together, tightening them to secure the bassinet firmly against your bed.

Height Adjustment

The bassinet offers 6 adjustable mattress height levels (19"-25"+) to match most bed frames. Use the levers on the legs to adjust the height. For standalone use, ensure both sides are at the same height. For incline mode, set one side higher than the other.

Incline Function

The bassinet features an incline mode to help soothe infants with reflux or congestion. To activate, set one side of the bassinet to a higher height level than the other. This creates a gentle incline for the baby.

Storage Tray

A convenient storage tray is located beneath the bassinet, providing space for essential baby items such as blankets, diapers, or sleep sacks.

Portability

The CoZee bassinet features an innovative fast-folding mechanism, allowing it to be set up or folded away in seconds. It is lightweight (22 lbs) and includes a carry bag for easy transport, making it ideal for travel.
