

Tupperware 10 Piece Container Set

Tupperware Heritage Collection 10 Piece Nested Canister Set User Manual

Model: 10 Piece Container Set

INTRODUCTION

The Tupperware Heritage Collection 10 Piece Nested Canister Set is designed for efficient and reliable food storage. This set includes five containers and five matching lids, featuring the classic Tupperware sunburst lid design and vintage colors. These canisters are crafted to lock in freshness and flavor, ensuring your food remains in optimal condition. They are made from durable, BPA-free material and are dishwasher safe for easy cleaning. The nesting design allows for convenient storage when not in use.

SETUP

Before first use, it is recommended to wash all containers and lids thoroughly. Use warm, soapy water or place them in

the dishwasher. Ensure all components are completely dry before storing food or nesting the canisters.

Image: Tupperware canisters nested neatly within a kitchen drawer, demonstrating their space-saving storage capability.

The canisters are designed to nest neatly within each other for efficient storage when not in use. Place smaller containers inside larger ones, and stack lids separately or place them on top of the nested set.

OPERATING INSTRUCTIONS

Sealing the Canister:

1. Fill the canister with desired contents, ensuring not to overfill. Leave some space at the top for the lid.
2. Place the lid onto the canister.
3. Press firmly in the center of the lid with the palm of your hand until you hear a click, indicating the signature Instant Seal has engaged. This creates an airtight seal.

Opening the Canister:

1. To open, lift the edge of the lid with your fingers.
2. The flexible material allows for easy removal of the lid.

Bring the chemistry home.

MAINTENANCE AND CARE

Cleaning:

- The Tupperware Heritage Collection canisters and lids are dishwasher safe. Place them on the top rack for best results.
- Alternatively, wash by hand with warm water and mild dish soap.
- Avoid using abrasive cleaners or scouring pads, as these can scratch the surface.
- Rinse thoroughly and allow to air dry completely before storing.

Storage:

- When not in use, nest the containers to save space.
- Store lids separately or on top of the nested containers to prevent warping.
- Avoid storing in direct sunlight or near heat sources to maintain material integrity.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lid not sealing properly.	Contents overfilled; lid not aligned; debris on rim.	Reduce contents; ensure lid is centered; clean rim of canister and lid. Press firmly in the center.

Problem	Possible Cause	Solution
Staining or odor retention.	Storage of highly pigmented foods (e.g., tomato sauce) or strong-smelling foods.	Wash immediately after use. For stubborn stains/odors, create a paste with baking soda and water, apply, let sit for a few hours, then wash. Exposure to sunlight can also help reduce odors.
Lid is difficult to remove.	Vacuum seal created by contents or temperature changes.	Gently lift one edge of the lid to break the seal. If stored in the refrigerator, allow to warm slightly at room temperature.

SPECIFICATIONS

Feature	Detail
Product Name	Tupperware Heritage Collection 10 Piece Nested Canister Set
Model Number	10 Piece Container Set
