TRAVELKIN more than travel Cable Organizer Bag-Black

Travelkin Cord Organizer Travel Instruction Manual

Brand: TRAVELKIN more than travel | Model: Cable Organizer Bag-Black

INTRODUCTION

Thank you for choosing the Travelkin Cord Organizer Travel case. This manual provides essential information for setting up, using, and maintaining your new electronic accessory organizer. Designed for convenience and durability, this organizer helps keep your cords, chargers, and other small electronic items neatly stored and easily accessible, whether at home or on the go.

KEY FEATURES

- **Well Organized And Ample Space:** This organizer provides sufficient space for electronic accessories including chargers, cords, cables, SD cards, SIM cards, phones, and more, allowing for quick storage and access.
- **Durable And Waterproof Tech Case Organizer:** Crafted from high-quality nylon material, it is waterproof, scratch-resistant, and lightweight. It also helps prevent wires from getting entangled.
- **Multipurpose Design:** An essential travel companion suitable for various scenarios such as weekend getaways, business trips, and vacations. Ideal for both personal and family use.
- **Unique Telescopic And Expandable Space Design:** Features 30% extra space after expanding the front layer. The user-friendly, expandable double-layer design allows for reasonable placement of different items, preventing clutter.
- **Lightweight Travel Accessories:** Normal size: 8.3"L x 5.50"W x 2.15"H. Expanded size: 8.3"L x 5.50"W x 3"H. Weight: 0.43lb. Easily stored in backpacks and handbags.

SETUP AND PREPARATION

The Travelkin Cord Organizer is designed for immediate use with minimal setup. Follow these steps to prepare your organizer:

1. **Unpack:** Remove the organizer from its packaging.
2. **Inspect:** Check for any visible damage or defects.
3. **Expand (Optional):** If you require additional space, locate the expansion zipper on the side of the organizer. Unzip it to activate the unique telescopic design, providing 30% extra storage capacity.
4. **Adjust Compartments:** The lower layer features adjustable and flexible Velcro dividers. Arrange these dividers to create customized compartments that best suit your specific electronic accessories, such as chargers, mice, or adapters.

Expandable Space Design

One more laptop charger & power bank can be placed after expansion.

BEFORE

Work with normal form, there is a noticeable bulge if overload.

AFTER

After expansion, 30% extra space released. More accessories can fit in.

2 Adjustable & Flexible Velcros

Free combination of compartment

Image: A visual guide demonstrating how to expand the organizer for more space and how to configure the internal compartments using the adjustable Velcro dividers.

OPERATING INSTRUCTIONS

Utilizing your Travelkin Cord Organizer is straightforward. Follow these guidelines for efficient storage:

- **Front Pocket:** Use the zippered front pocket for smaller, flat items like SD cards, SIM cards, or small cables. It includes dedicated card slots for secure storage.
- **Upper Layer (Mesh Pockets):** The upper layer features mesh pockets ideal for items you need to see at a glance, such as power banks, stylus pens, or frequently used data cables.
- **Lower Layer (Variable Compartments):** This main compartment is perfect for bulkier items. Use the adjustable Velcro dividers to separate and secure larger chargers, a travel mouse, earphones, or even a laptop charger when expanded.
- **Cable Management:** For longer cables, consider coiling them neatly and securing them with cable ties or wraps before placing them in the compartments to prevent tangling.
- **Maximizing Space:** When packing, place larger items first in the lower layer, then fill the remaining spaces with smaller accessories. Utilize the expansion feature if you find yourself needing more room.

Large Internal Capacity

30% Extra space after expanding the front layer

Image: A detailed view of the organizer's large internal capacity, illustrating how different electronic items can be efficiently arranged within the front pocket, upper compartment, and lower compartment.

ACCOMMODATE DETAIL LIST

Large Capacity with Expandable extra space

CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your Travelkin Cord Organizer, follow these simple care instructions:

- **Cleaning:** For general cleaning, wipe the exterior with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners, as they may damage the fabric.
- **Drying:** Allow the organizer to air dry completely before storing or using it again, especially if it has been exposed to water. Do not machine wash or tumble dry.
- **Storage:** Store the organizer in a cool, dry place away from direct sunlight when not in use.
- **Preventing Damage:** Avoid overstuffing the organizer, as this can strain zippers and seams. While the material is durable, excessive force can lead to wear and tear.

Twill Nylon Lamination Fabric

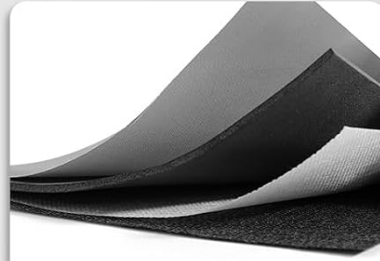

Particular texture, Durable & Excellent hand feel

Microfiber elastic bands

High quality dense mesh

4 Layers composite fabric

Water-resistant surface

PU leather handle

Image: A visual representation of the Twill Nylon Lamination Fabric, highlighting its durable, water-resistant surface and multi-layered composite structure for enhanced protection.

TROUBLESHOOTING

While the Travelkin Cord Organizer is designed for reliability, here are some common issues and tips:

- **Difficulty Zipping:** If a zipper is difficult to close, ensure the contents are not overstuffing the compartment. Gently pull the zipper while ensuring no fabric is caught. Avoid forcing the zipper.
- **Items Not Fitting:** If certain items do not fit, consider utilizing the expandable layer feature. Re-adjust the Velcro dividers to create larger sections as needed.
- **Bag Appears Bulky:** If the organizer appears bulky even when not fully expanded, try re-arranging items to distribute weight and volume more evenly. Utilize the various pockets and layers for optimal organization.
