UPBRIGHT 5V 2-Pin AC Adapter

UpBright 5V 2-Pin AC Adapter Instruction Manual

For Suttik Cordless Hair Clipper and Trimmer Models

1. PRODUCT OVERVIEW

The UpBright 5V 2-Pin AC Adapter is a reliable power supply designed to charge various Suttik cordless hair clippers and trimmers. This adapter provides a stable 5V DC output at 1A, ensuring efficient and safe charging for your compatible devices. It features built-in protection mechanisms to safeguard against over-voltage, over-current, and short circuits.

2. SAFETY INFORMATION

- **Read all instructions:** Before using the adapter, read this manual thoroughly.
- **Indoor use only:** This adapter is designed for indoor use in dry conditions. Do not expose to rain or moisture.
- **Proper voltage:** Ensure the wall outlet voltage matches the adapter's input voltage (100-240VAC).
- **Avoid damage:** Do not use the adapter if the cord or plug is damaged. Do not attempt to open or repair the adapter.
- **Unplug when not in use:** Disconnect the adapter from the power outlet when not charging or during electrical storms.
- **Keep away from children:** Store the adapter out of reach of children.

3. COMPATIBILITY

This UpBright 5V 2-Pin AC Adapter is specifically designed for compatibility with the following Suttik cordless hair clipper and trimmer models:

- Suttik JM-2021
- Suttik JM-2022
- Suttik JM-104
- Suttik JM-700al
- Suttik LM-2028
- Suttik LM-300

Important Compatibility Notes:

⚠ **2-Pin Connector:** This adapter features a 2-pin (2-prong) connector. Ensure your device requires this specific connector type.

Not Compatible with USB-C: This adapter is not designed for devices that use a USB-C charging port.

Not Compatible with Suttik LM-2027: This adapter is not compatible with the Suttik LM-2027 model.

UpBright AC Adapter Power Supply Compatible with:

This image illustrates various components and features of the Suttik hair clippers, such as stainless steel material, sharp teeth, 10W powerful motor, USB port, and LCD display. Please note that the clippers themselves are not included with the adapter.

4. SETUP

1. **Inspect the adapter:** Before first use, visually inspect the adapter and its cable for any signs of damage.

2. **Connect to device:** Insert the 2-pin connector of the adapter firmly into the charging port of your Suttik hair clipper or trimmer.
3. **Plug into power outlet:** Plug the adapter's main plug into a standard wall power outlet (100-240VAC).

Image 4.2: Close-up of the 2-pin connector. This image highlights the specific 2-pin connector type required for compatible Suttik devices.

5. OPERATING INSTRUCTIONS

Once the adapter is properly connected to your device and a power outlet, the charging process will begin automatically. Refer to your Suttik hair clipper/trimmer's manual for specific charging indicators (e.g., LED lights, screen display) and estimated charging times.

- **Charging:** The adapter will supply power to charge the internal 1500mAh Lithium-Ion battery of your compatible Suttik device.
- **Overcharge Protection:** The adapter is designed with protection features to prevent overcharging, but it is generally recommended to disconnect the device once fully charged.
- **Operating while charging:** Some devices may allow operation while charging; consult your device's manual for confirmation.

6. MAINTENANCE

- **Cleaning:** Disconnect the adapter from the power outlet and the device before cleaning. Use a dry, soft cloth to wipe the adapter. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures. Avoid wrapping the cable too tightly around the adapter to prevent damage.
- **Cable care:** Do not pull the cable forcefully or bend it sharply. Always grasp the plug when disconnecting from the wall outlet.

7. TROUBLESHOOTING

If your device is not charging, consider the following:

- **Check connections:** Ensure the adapter is securely plugged into both the wall outlet and your Suttik device.
- **Verify power outlet:** Test the wall outlet with another device to confirm it is supplying power.
- **Confirm compatibility:** Double-check that your Suttik device model is listed as compatible and requires a 2-pin connector.
- **Inspect for damage:** Look for any visible damage to the adapter, cable, or device charging port. If damaged, discontinue use.
- **Device battery:** If the device has not been used for a long time, its battery might be deeply discharged. Allow it to charge for a longer period.

8. SPECIFICATIONS

Brand	UPBRIGHT
Input Voltage	100-240VAC, 50/60Hz
Output Voltage	5V DC
Output Amperage	1A (1000mA)
Connector Type	2-Pin / 2-Prong
Special Features	OVP, OCP, SCP Protection (Over Voltage, Over Current, Short Circuit)
