

Matchbox C1817

Matchbox MBX Construction 5 Pack Instruction Manual

Model: C1817

INTRODUCTION

Thank you for choosing the Matchbox MBX Construction 5 Pack. This collection features five durable die-cast metal toy vehicles designed for imaginative play. Each vehicle is crafted to represent real-world construction equipment, providing an engaging experience for young enthusiasts.

WHAT'S IN THE BOX

Your Matchbox MBX Construction 5 Pack includes the following:

- 1 x Chevrolet Silverado Pickup Truck
- 1 x Road Roller
- 1 x Road Scraper
- 1 x Backhoe
- 1 x Dump Truck (Turf Hauler)

SETUP

The Matchbox MBX Construction 5 Pack requires no assembly. Simply remove the toy vehicles from their packaging, and they are ready for play.

OPERATING INSTRUCTIONS

These die-cast vehicles are designed for manual play. Use your imagination to create various construction scenarios.

- **Chevrolet Silverado Pickup Truck:** Roll the truck along surfaces.
- **Road Roller:** Push the roller to simulate compacting surfaces. The front rolling mechanism is designed to rotate as the vehicle moves.
- **Road Scraper:** The top section of the road scraper can twist and turn, allowing for dynamic play as if grading a surface.
- **Backhoe:** The front loader of the backhoe can be manually lifted and lowered to simulate scooping and moving materials.
- **Dump Truck (Turf Hauler):** The bed of the dump truck can be manually tilted to simulate dumping materials.

MAINTENANCE

To ensure the longevity of your Matchbox vehicles:

- Wipe clean with a damp cloth as needed.
- Avoid submerging in water.
- Store in a dry place away from direct sunlight.
- Regularly check for any loose parts and ensure they are securely attached.
