Samsung SM-R940N

Samsung Galaxy Watch 6 BT 44mm (Model SM-R940N) User Manual

Comprehensive guide for setup, operation, and maintenance.

INTRODUCTION

Welcome to the user manual for your new Samsung Galaxy Watch 6 BT 44mm, model SM-R940N. This smartwatch is designed to enhance your daily life with advanced fitness tracking, smart notifications, and seamless connectivity. This guide will provide you with essential information on how to set up, operate, maintain, and troubleshoot your device to ensure optimal performance and longevity.

WHAT'S IN THE BOX

Upon opening your Samsung Galaxy Watch 6 package, please verify that all the following items are included:

- Samsung Galaxy Watch 6 BT 44mm (Model SM-R940N)
- Charging Cable
- Quick Start Guide (may vary by region)

SETUP GUIDE

1. Charging the Device

Before initial use, fully charge your Galaxy Watch 6.

1. Connect the charging cable to a power adapter (not included) and plug it into a wall outlet.
2. Place your Galaxy Watch 6 onto the wireless charging pad. Ensure the watch is properly aligned for charging to begin.
3. The watch display will indicate charging status. A full charge typically takes approximately 1.5 to 2 hours.

2. Powering On/Off

- **To Power On:** Press and hold the Home key (bottom button) until the Samsung logo appears.
- **To Power Off:** Press and hold both the Home key and the Back key (top button) simultaneously, then tap 'Power off' on the screen. Alternatively, swipe down from the top of the watch screen, tap the Power icon, and then tap 'Power off'.

3. Pairing with a Smartphone

Your Galaxy Watch 6 requires pairing with a compatible Android smartphone for full functionality.

1. Ensure your smartphone's Bluetooth is enabled.
2. Download and install the **Galaxy Wearable** app from the Google Play Store on your smartphone.
3. Open the Galaxy Wearable app and follow the on-screen instructions to connect your watch.

4. Confirm the pairing code displayed on both your watch and smartphone.
5. Complete the initial setup process within the app, including granting necessary permissions and logging into your Samsung account.

OPERATING THE DEVICE

Basic Navigation

- **Touchscreen:** Swipe left/right to navigate through tiles, swipe up/down for notifications and quick settings. Tap to select.
- **Home Key (bottom button):** Press to go to the Watch face. Double-press for a customizable shortcut. Press and hold for Bixby or Power options.
- **Back Key (top button):** Press to go back to the previous screen.

Key Features

- **Fitness Tracking:** Utilizes GPS and a heart rate monitor to track various activities, steps, distance, calories burned, and heart rate. Access detailed reports via the Samsung Health app on your smartphone.
- **Notifications:** Receive alerts for calls, messages, and app notifications directly on your wrist.
- **Time Display:** Customizable watch faces allow for personalized time display and quick access to information.
- **Water Resistance:** Rated IP68 and 5 ATM, making it suitable for swimming and shallow water activities. Avoid high-pressure water or deep diving.
- **Operating System:** Powered by Tizen OS, offering a smooth and intuitive user experience with access to a wide range of apps.

MAINTENANCE

Cleaning Your Watch

Regular cleaning helps maintain your watch's appearance and functionality.

- Wipe the watch and strap with a soft, lint-free cloth.
- For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Ensure the watch is completely dry before charging or prolonged use.

Water Resistance Guidelines

The Galaxy Watch 6 is water-resistant up to 50 meters (5 ATM) and IP68 rated.

- It is suitable for shallow-water activities like swimming in a pool or ocean.
- It is **not** suitable for scuba diving, waterskiing, or other activities involving high-velocity water or submersion below shallow depths.
- After exposure to saltwater, rinse the watch with fresh water and dry thoroughly.

Battery Care

- Avoid extreme temperatures, which can degrade battery life.
- For optimal battery health, try to keep the charge level between 20% and 80%.

Software Updates

Keep your watch's software updated to ensure the best performance and access to new features. Updates are typically managed through the Galaxy Wearable app on your connected smartphone.

TROUBLESHOOTING

If you encounter issues with your Galaxy Watch 6, try the following solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charging cable and wait a few minutes before attempting to power it on again.
- **Cannot pair with smartphone:**
 - Ensure Bluetooth is enabled on your smartphone.
 - Make sure the Galaxy Wearable app is installed and updated.
 - Restart both your watch and smartphone.
 - If previously paired, try unpairing and re-pairing the devices through the Galaxy Wearable app.
- **Apps not working correctly:**
 - Check for app updates in the Galaxy Wearable app.
 - Restart the watch.
 - If the issue persists, try uninstalling and reinstalling the problematic app.
- **Poor battery life:**
 - Adjust screen brightness and timeout settings.
 - Disable unnecessary features like Always On Display or frequent heart rate monitoring if not needed.
 - Ensure all apps are updated.
 - Check for background app usage in the Galaxy Wearable app.
- **Watch unresponsive:** Perform a force restart by pressing and holding both the Home key and the Back key for approximately 7 seconds until the watch restarts.

If these steps do not resolve your issue, please refer to the Warranty and Support section for further assistance.
