Soundcore A3871

Soundcore AeroFit Pro Open-Ear Headphones User Manual

Model: A3871 | Brand: Soundcore

Introduction

The Soundcore AeroFit Pro Open-Ear Headphones are designed to provide a comfortable and secure listening experience while maintaining awareness of your surroundings. Featuring an open-ear air conduction design, these headphones deliver rich audio without intruding into the ear canal. They are equipped with a 16.2mm oversized, titanium-coated diaphragm for robust bass and support LDAC technology for high-fidelity sound. Built for active lifestyles, the AeroFit Pro boasts IPX5 water resistance with SweatGuard technology, ensuring durability during various activities. Enjoy extended listening with up to 14 hours of playtime on a single charge, and a total of 46 hours with the included charging case.

Image: Soundcore AeroFit Pro Open-Ear Headphones in Frost White, showcasing their unique open-ear design and sleek appearance.

What's in the Box

Verify that all components are present upon unboxing your Soundcore AeroFit Pro Open-Ear Headphones:

- AeroFit Pro Open-Ear Headphones
- Charging Case
- USB-C Cable
- User Manual
- Detachable Neckband

Image: The complete package contents, including the AeroFit Pro headphones, charging case, USB-C cable, and detachable neckband.

Setup

1. Charging the Headphones and Case

Before first use, fully charge the headphones and the charging case. Connect the provided USB-C cable to the charging case and a power source. The LED indicators on the case will show the charging status. A full charge provides up to 14 hours of listening, and the charging case extends this to a total of 46 hours. A quick 10-minute charge can provide approximately 5.5 hours of playback.

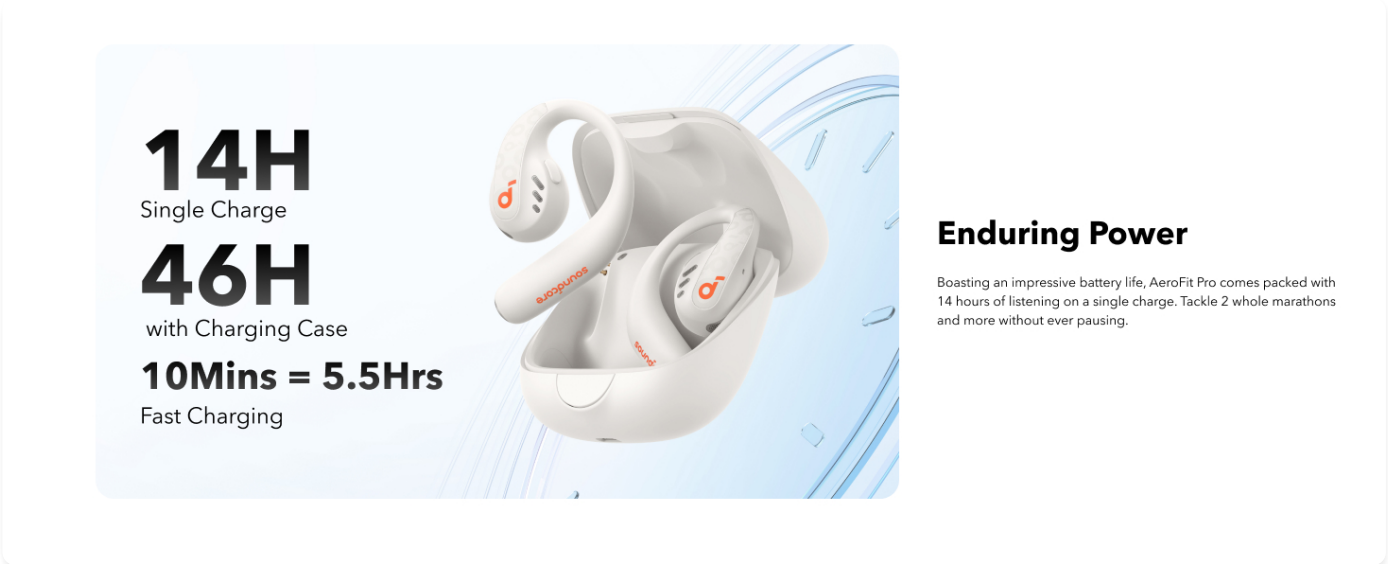

Image: The Soundcore AeroFit Pro headphones nestled in their charging case, illustrating the compact design and charging capability.

2. Bluetooth Pairing

1. Open the charging case. The headphones will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for "Soundcore AeroFit Pro" in the list of available Bluetooth devices and select it to connect.
4. Once connected, you will hear an audio prompt, and the indicator lights on the headphones will confirm successful pairing.

The headphones support Bluetooth 5.3 for a stable connection up to 10 meters (33 feet).

3. Soundcore App Installation

For enhanced control and customization, download the Soundcore app from your device's app store. The app allows you to adjust sound settings, update firmware, and access additional features.

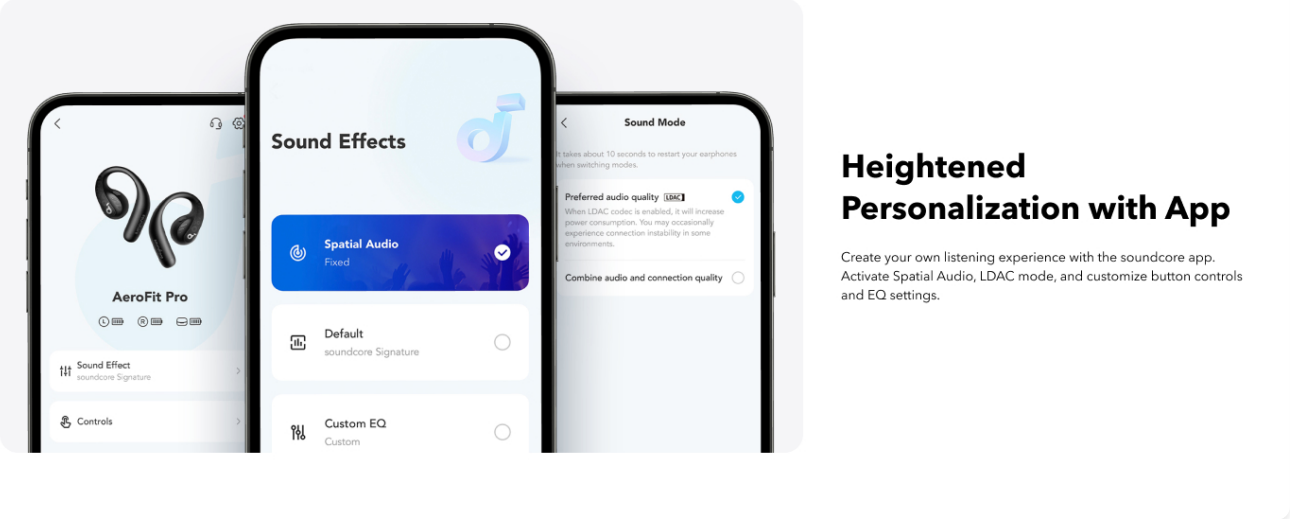

Image: A visual representation of the Soundcore app interface, highlighting options for sound effects, sound modes, and personalized settings.

Operating the Headphones

Controls

The AeroFit Pro headphones feature intuitive button controls for managing playback, calls, and other functions. Specific button assignments can often be customized via the Soundcore app.

- **Play/Pause:** Single press on either earbud.
- **Next Track:** Double press on the right earbud.
- **Previous Track:** Double press on the left earbud.
- **Answer/End Call:** Single press on either earbud.
- **Reject Call:** Press and hold on either earbud.
- **Activate Voice Assistant:** Triple press on either earbud (customizable).

Sound Features

The AeroFit Pro headphones incorporate advanced audio technologies for a superior listening experience:

- **LDAC Support:** Enjoy high-resolution audio with LDAC technology, providing a richer and more detailed sound experience. This feature can be enabled via the Soundcore app.
- **Spatial Audio:** Experience immersive 360° audio that adapts to your head movements, creating a dynamic soundstage. Activate and customize Spatial Audio settings within the Soundcore app.
- **AI-Boosted Clear Calls:** Equipped with 4 beamforming microphones and advanced AI algorithms, the headphones ensure clear voice pickup and effective wind noise reduction during calls.

Image: A user engaged in a phone call, demonstrating the clear call capabilities of the AeroFit Pro headphones.

Multipoint Connection

The AeroFit Pro supports dual connection, allowing you to seamlessly switch between two paired devices without manually disconnecting and reconnecting. This feature is managed through the Soundcore app.

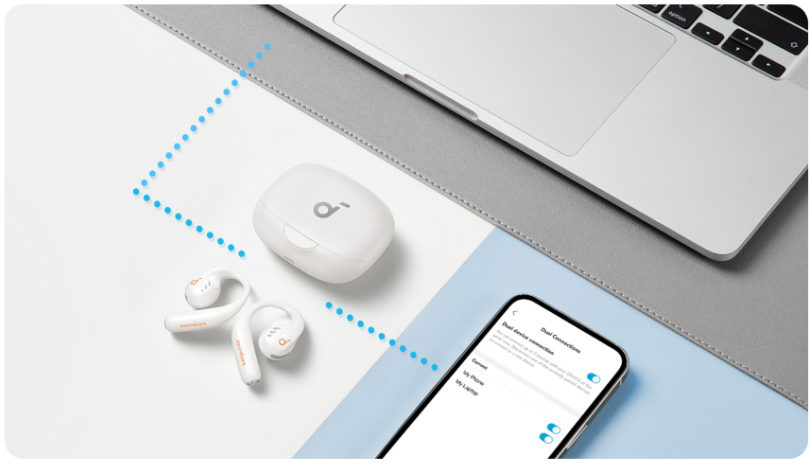

Image: A visual representation of the multipoint connection feature, showing the headphones connected to both a laptop and a smartphone simultaneously.

Maintenance

Cleaning

To maintain optimal performance and hygiene, regularly clean your AeroFit Pro headphones. Use a soft, dry, lint-free cloth to wipe the earbuds and charging case. Avoid using abrasive cleaners, alcohol, or chemical solvents.

Storage

When not in use, store the headphones in their charging case to protect them from dust and damage. Store the case in a cool, dry place away from extreme temperatures and direct sunlight.

Water Resistance

The AeroFit Pro headphones are IPX5 water-resistant with SweatGuard technology, making them suitable for workouts and light rain. However, they are not designed for submersion in water. Ensure the headphones are dry before placing them back into the charging case to prevent damage.

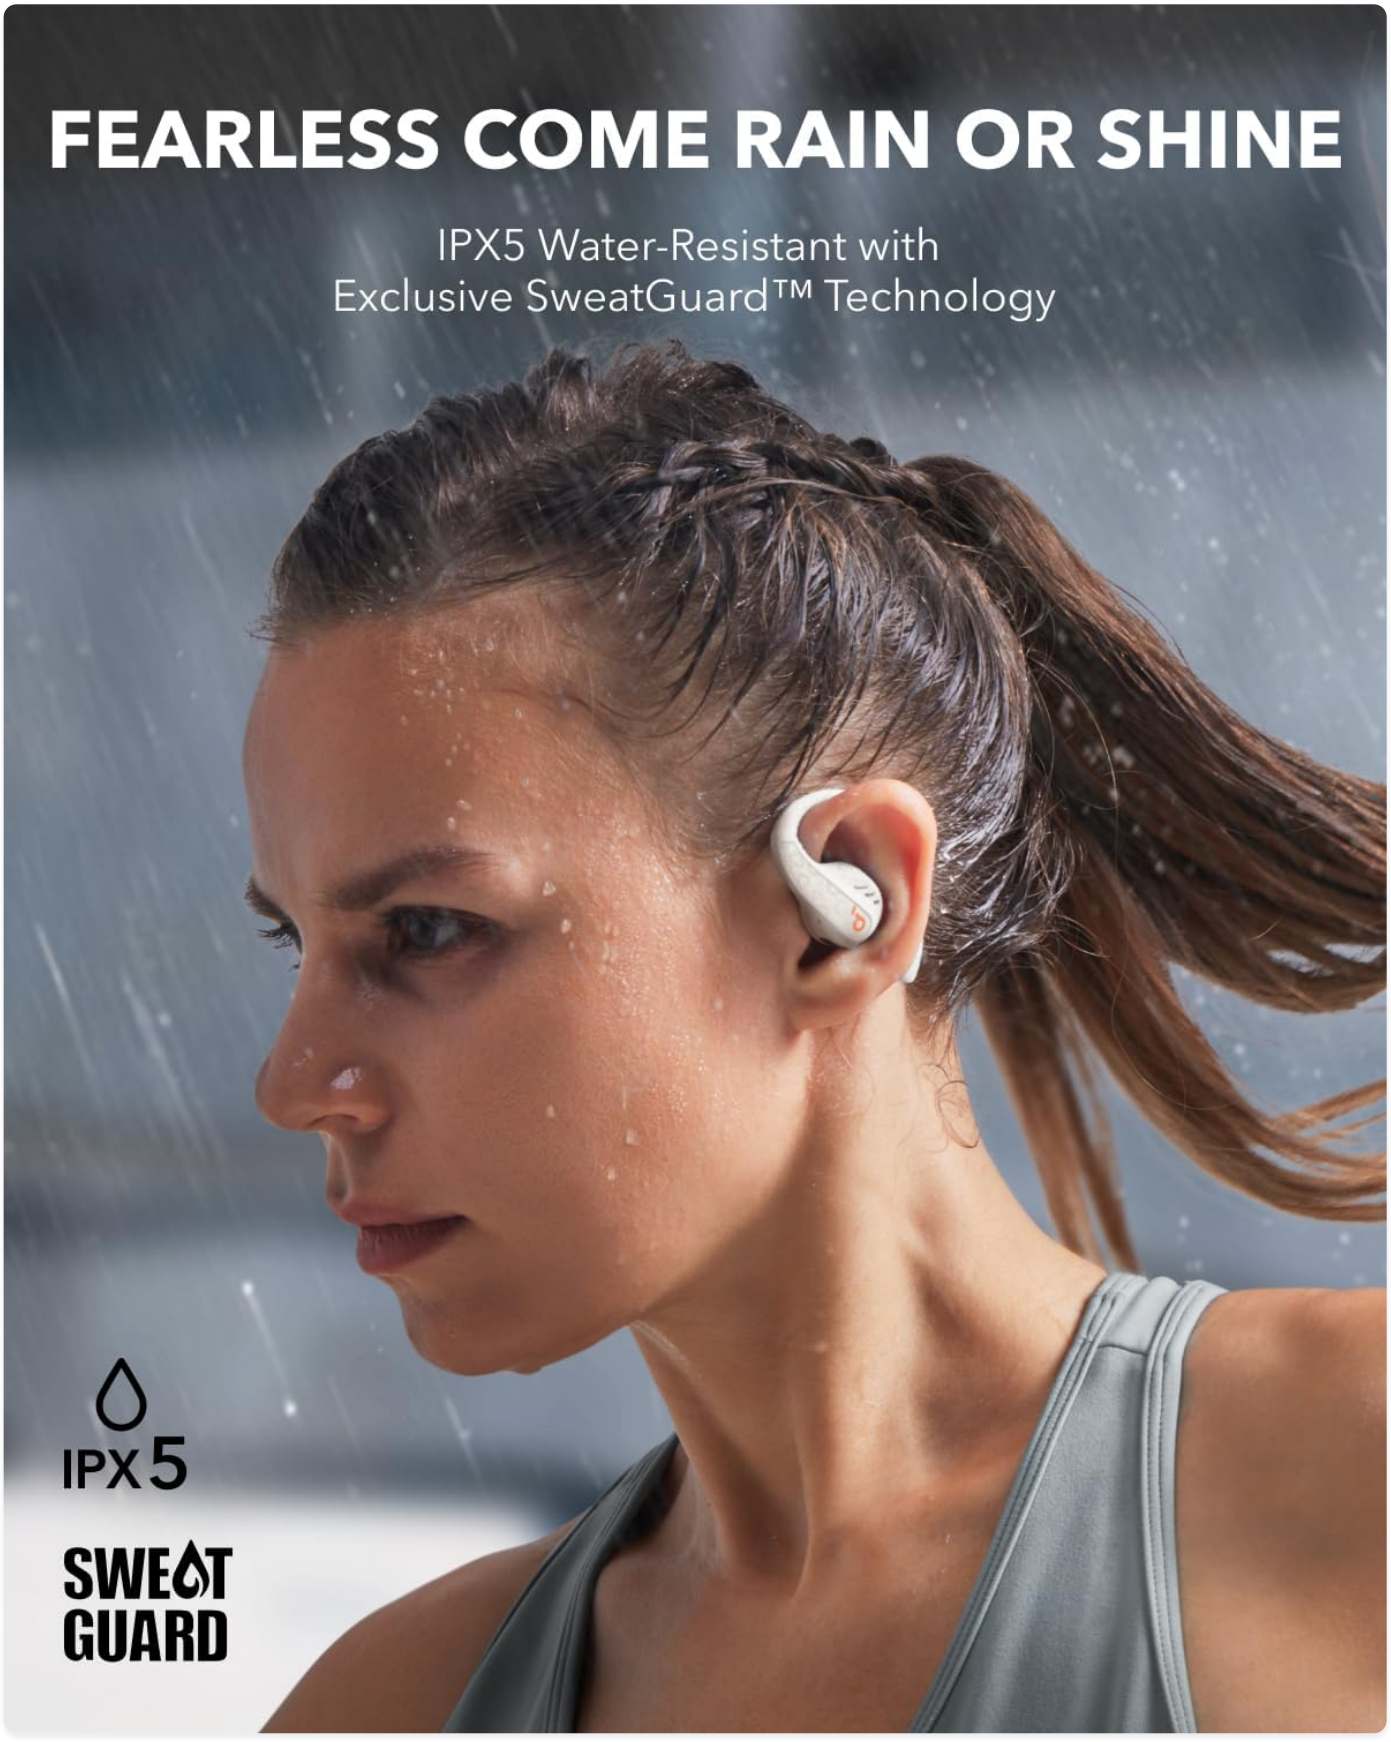

Image: A person running in the rain, illustrating the IPX5 water-resistant and SweatGuard features of the AeroFit Pro headphones.

Troubleshooting

No Sound or Intermittent Connection

- Ensure the headphones are charged.
- Verify Bluetooth is enabled on your device and the headphones are connected.
- Move your device closer to the headphones and away from potential interference sources.
- Try unpairing and re-pairing the headphones with your device.

Headphones Not Charging

- Check the USB-C cable and power adapter for damage.
- Ensure the charging contacts on the headphones and inside the case are clean and free of debris.
- Try a different USB-C cable or power source.

App Connection Issues

- Ensure your headphones are connected via Bluetooth to your device.
- Update the Soundcore app to the latest version.
- Restart your device and the headphones.

If issues persist, refer to the Soundcore support website or contact customer service for further assistance.

Specifications

Feature	Detail
Model Name	A3871
Connectivity Technology	Wireless (Bluetooth 5.3)
Bluetooth Range	10 Meters
Audio Driver Size	16.2 Millimeters
Battery Life (Single Charge)	14 Hours
Total Playtime (with Charging Case)	46 Hours
Fast Charging	10 mins charge for 5.5 hours playtime
Water Resistance Level	IPX5 (with SweatGuard)
Control Type	Button Control, App Control
