Mikikin Mikikin-5L

Mikikin 5L Ultrasonic Cool Mist Humidifier User Manual

Model: Mikikin-5L

Introduction

Thank you for choosing the Mikikin 5L Ultrasonic Cool Mist Humidifier. This device is designed to effectively humidify dry air, promoting a more comfortable environment in your home or office. Its ultrasonic technology ensures quiet operation, while the large 5-liter capacity provides long-lasting mist without frequent refills. Please read this manual thoroughly before use to ensure proper operation and maintenance.

Important Safety Instructions

To reduce the risk of fire, electric shock, or injury, please read and follow these safety instructions carefully:

- Always place the humidifier on a firm, flat, waterproof surface at least 12 inches (30 cm) away from walls and appliances.
- Do not place the humidifier directly on carpet, towels, or other absorbent surfaces.
- Keep the humidifier out of reach of children and pets.
- Do not immerse the base unit in water or other liquids.
- Unplug the humidifier before filling, cleaning, or moving it.
- Do not add essential oils directly into the water tank. Use the designated aromatherapy box only.
- Do not block the mist outlet.

- Use only clean, cool tap water. Distilled or demineralized water is recommended to prevent mineral buildup.
- Do not operate the humidifier if the cord or plug is damaged, or if the unit malfunctions or has been dropped.
- This appliance has an automatic shut-off feature when water runs out.

Package Contents

Please check the package for the following items:

- Mikikin 5L Ultrasonic Cool Mist Humidifier
- User Manual
- Power Cord (integrated)

Product Overview

Familiarize yourself with the components of your humidifier:

Image: A close-up of the Mikikin humidifier's control panel, showing touch-sensitive buttons for power, mist level (L, M, H), timer settings (2H, 4H, 8H), and night light control. This illustrates the ease of operation.

Key Components:

- **Mist Outlet/Nozzle:** Rotatable for directional mist.
- **Water Tank:** 5-liter capacity, top-fill design.
- **Base Unit:** Contains ultrasonic transducer and control panel.
- **Control Panel:** Touch-sensitive buttons for power, mist level, timer, and night light.
- **Aromatherapy Box:** For adding essential oils (do not add to water tank).

Setup

1. **Unpack:** Carefully remove all packaging materials and place the humidifier on a flat, stable surface.
2. **Fill Water Tank:**
   The Mikikin humidifier features a convenient top-fill design. Simply remove the top cover and pour clean, cool tap water directly into the water tank. Do not exceed the maximum fill line. Distilled or demineralized water is recommended to minimize mineral buildup.

Image: Demonstrates the top-fill feature of the humidifier, with water being poured directly into the tank. An inset image shows a hand cleaning the wide opening, emphasizing ease of maintenance.

3. **Replace Cover:** Securely place the top cover back onto the humidifier.
4. **Connect Power:** Plug the power cord into a standard electrical outlet. The humidifier is now ready for operation.

Operating Instructions

1. **Power On/Off:**
   Press the **Power button** ( ) on the control panel to turn the humidifier on or off.
2. **Adjust Mist Level:**
   Press the **Mist Level button** (labeled L, M, H) repeatedly to cycle through Low, Medium, and High mist output settings.

Image: Illustrates the three adjustable mist levels (Low, Medium, High) and the rotatable nozzle feature of the Mikikin humidifier, allowing users to customize mist output and direction.

3. **Set Timer:**
   Press the **Timer button** (▓) to set the humidifier to operate for 2, 4, or 8 hours. The humidifier will automatically turn off after the selected time.
4. **Sleep Mode & Night Light:**
   The humidifier operates quietly, making it suitable for sleep mode. To control the night light, long-press the **Night Light button** (▓) on the touch panel for 3 seconds to turn it off or on. The night light offers 7 different colors.

Maintenance and Cleaning

Regular cleaning is essential for optimal performance and hygiene. Unplug the humidifier before cleaning.

1. **Daily Maintenance:**
    - Empty any remaining water from the tank and base.
    - Wipe the tank and base dry with a clean cloth.
2. **Weekly Cleaning (Descaling):**
    - Remove the top cover.
    - Pour 1 cup (240ml) of undiluted white vinegar into the water tank and base.
    - Let it soak for 20-30 minutes.
    - Use a soft brush or cloth to clean mineral deposits from the tank and ultrasonic transducer.

- Rinse the tank and base thoroughly with clean water until the vinegar smell is gone.
- Wipe all surfaces dry.

3. **Aromatherapy Box Cleaning:**
   - Remove the aroma pad from the aromatherapy box.
   - Clean the pad with mild soap and water, then rinse thoroughly.
   - Allow the pad to air dry completely before reinserting.
4. **Storage:**
   Before storing, ensure the humidifier is completely clean and dry. Store it in a cool, dry place.

Troubleshooting

Problem	Possible Cause	Solution
No mist or low mist output	◦ No water in the tank. ◦ Mineral buildup on the ultrasonic transducer. ◦ Mist outlet blocked.	◦ Refill the water tank. ◦ Clean the ultrasonic transducer as per maintenance instructions. ◦ Ensure the mist outlet is clear.
Unusual odor	◦ New unit odor. ◦ Dirty water or tank.	◦ Run for a few hours with fresh water. ◦ Clean the water tank and base thoroughly. Use fresh water.
Water leakage	◦ Overfilled tank. ◦ Unit not on a level surface.	◦ Do not exceed the max fill line. ◦ Place the humidifier on a flat, stable surface.
White dust around humidifier	◦ Hard water used.	◦ Use distilled or demineralized water. ◦ Clean the humidifier regularly.
