Product Dimensions	3.94"D x 7.01"W x 1.89"H
Item Weight	3.12 pounds

Setup and Installation

Professional installation is recommended for this car stereo. Ensure the vehicle's power is disconnected before beginning installation. Refer to your vehicle's specific wiring diagram in conjunction with the provided wiring harness.

Wiring Connections

Connect the power cable, RCA cable, USB cables, and other accessories as per the included wiring diagram. Pay close attention to the speaker outputs, power supply, and ground connections.

Operating Instructions

System Overview (Android 13)

Your car stereo runs on the latest Android 13 operating system with a 4-core CPU, 2GB RAM, and 64GB ROM, ensuring smooth performance and ample storage for applications. The intuitive touchscreen interface allows for easy navigation.

GPS Navigation and WiFi

The stereo supports GPS navigation and works with 2.4GHz WiFi and your phone's hotspot. You can download free offline map

data from applications like "Here WeGo" or install other online navigation apps from the Play Store for accurate real-time navigation.

Bluetooth, FM RDS, HiFi, and EQ Settings

Enjoy hands-free calling and audio streaming via Bluetooth. The unit features FM RDS radio reception for enhanced radio experience. Adjust your audio preferences with the built-in HiFi quality sound and comprehensive EQ settings.

Mirror Link

The Mirror Link function allows you to project your mobile phone screen onto the car stereo via WiFi or USB data cable. This enables you to display applications, videos, and pictures from your phone directly on the large screen.

Split Screen Display

The 10.1-inch full HD touchscreen supports split-screen display, allowing you to run two applications simultaneously, such as navigation and music playback.

Troubleshooting

If you encounter issues with your Hikity car stereo, please refer to the following general troubleshooting tips:

- **No Power:** Check all power connections, including the main power cable and ground wire. Ensure the vehicle's fuse for the stereo is intact.
- **No Sound:** Verify speaker connections are secure and correctly wired. Check the volume levels and EQ settings. Ensure the audio source is properly selected.
- **Bluetooth Connection Issues:** Ensure Bluetooth is enabled on both the stereo and your mobile device. Try unpairing and re-pairing the devices. Restarting both devices can often resolve connectivity problems.
- **GPS Signal Loss:** Ensure the GPS antenna is properly installed and has a clear line of sight to the sky. Check the GPS settings within the stereo's menu.
- **CarPlay/Android Auto Not Connecting:** Verify Bluetooth and Wi-Fi are active. Ensure the ZLink5 app is running and updated. Try restarting the stereo and your phone. For wired connections, check the USB cable.
- **Touchscreen Unresponsive:** Try restarting the unit. If the issue persists, a factory reset might be necessary (note: this will erase all user data).

For persistent issues, please contact Hikity customer support.

Maintenance

To ensure the longevity and optimal performance of your Hikity car stereo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Avoid abrasive cleaners or solvents that could damage the surface.
- **Software Updates:** Periodically check for software updates from Hikity to ensure your system has the latest features and bug fixes.
- **Temperature:** Avoid exposing the unit to extreme temperatures, as this can affect its performance and lifespan.
- **Power Management:** Always turn off the vehicle's ignition before disconnecting any wiring or performing maintenance.

Warranty and Support

Hikity offers a comprehensive warranty and support for your product:

- **Warranty:** 15-day Money-Back Guarantee, 12-month Replacement, and life-time Technical Support.
- **Customer Service:** For any inquiries or technical assistance, please contact Hikity customer service.
