onerbl AC Power Adapter User Manual

For NordicTrack Ellipticals and Treadmills

Introduction

This manual provides essential information for the safe and effective use of your onerbl AC Power Adapter. This adapter is designed as a replacement power supply for various NordicTrack fitness equipment models. Please read these instructions carefully before use and retain them for future reference.

cable.

Product Features

- High-quality replacement AC/DC power charger adapter.
- Universal AC Input: 100-240V, 50/60Hz, suitable for worldwide use.
- Built-in safety features: Over Voltage Protection, Over Heat Protection, Short-circuit Protection, and Over-current Protection.
- Tested units ensure reliable and safe operation.

Image: Diagram illustrating the 'SMART CHIP' features, including icons for short-circuit protection, over-voltage protection, and over-current protection, emphasizing electrical safety.

Compatibility

This onerbl AC Power Adapter is compatible with various NordicTrack fitness equipment models, including but not limited to:

- NordicTrack Ellipticals: iFit 5.5, 7.0 Trainer, A.c.t. Pro, Audiostrider 990, E5.5, E5.7
- NordicTrack Treadmills: 1750, A2550, C900, C2150, Incline X7i, T5.5, T5.7, T7.0, X9i

Always verify the power requirements of your specific fitness equipment model against the adapter's specifications before use.

Setup Instructions

1. **Unpack the Adapter:** Carefully remove the onerbl AC Power Adapter from its packaging. Inspect it for any visible damage.

2. **Connect to Power Outlet:** Plug the AC power adapter into a standard wall outlet (100-240V, 50/60Hz). Ensure the outlet is easily accessible and not overloaded.
3. **Connect to Equipment:** Locate the power input port on your NordicTrack fitness equipment. Insert the barrel connector of the adapter firmly into this port.
4. **Verify Connection:** Ensure both ends of the adapter are securely connected. Your fitness equipment should now receive power.

Operating Instructions

The onerbl AC Power Adapter functions automatically once connected. It provides a stable power supply to your compatible NordicTrack fitness equipment. No user interaction is required for its operation beyond proper connection.

- Ensure the adapter is not covered to allow for proper ventilation.
- Avoid placing the adapter in direct sunlight or near heat sources.

- If your equipment has a power switch, turn it on after connecting the adapter.

Maintenance

Proper maintenance ensures the longevity and safe operation of your power adapter.

- **Cleaning:** Disconnect the adapter from the power outlet and your equipment before cleaning. Use a soft, dry cloth to wipe the adapter. Do not use liquid cleaners or solvents.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and moisture. Avoid tightly coiling the cable to prevent damage.
- **Inspection:** Periodically inspect the adapter's casing and cable for any signs of damage, such as cuts, fraying, or exposed wires. If damage is found, discontinue use immediately and replace the adapter.

Troubleshooting

If you encounter issues with your onerbl AC Power Adapter, refer to the following common solutions:

- **No Power to Equipment:**
  - Ensure the adapter is securely plugged into both the wall outlet and the fitness equipment.
  - Test the wall outlet with another device to confirm it is functional.
  - Check the adapter cable for any visible damage.
- **Adapter Overheating:**
  - Disconnect the adapter immediately. Allow it to cool down in a well-ventilated area.
  - Ensure the adapter is not covered or placed in an enclosed space during operation.

    - Verify that the fitness equipment's power requirements do not exceed the adapter's output capacity.
- **Intermittent Power:**
    - Check for loose connections at both the wall outlet and the equipment's power port.
    - Inspect the cable for any kinks or damage that might disrupt power flow.

If troubleshooting steps do not resolve the issue, discontinue use and consider replacing the adapter.

Specifications

- **Brand:** onerbl
- **Model (ASIN):** B0CCTT61S5
- **Input Voltage:** AC 100-240V, 50/60Hz
- **Output:** Refer to product label for specific voltage and current.
- **Connector Type:** Barrel Connector
- **Color:** Black
- **Form Factor:** Compact
- **Cable Length:** Approximately 76 inches (1.93 meters)
- **Dimensions (Adapter Body):** Approximately 2.6 inches (Length) x 1.6 inches (Width) x 1.2 inches (Height)
- **Safety Features:** Over Voltage Protection, Over Heat Protection, Short-circuit Protection, Over-current Protection
