4. MAINTENANCE

To ensure the longevity and appearance of your ODK Gaming Desk, follow these simple maintenance guidelines:

- **Cleaning:** The desk surface is designed to be easily cleanable. Use a soft, damp cloth to wipe down the carbon fiber black surface. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. This will maintain the desk's super sturdy and stable construction.
- **Adjustable Foot Pads:** The desk is equipped with adjustable non-slip foot pads. Adjust them as needed to ensure the desk remains stable on uneven flooring and to protect your floor from scratches.
- **Weight Distribution:** Ensure proper weight distribution of items on the desk and shelves. Do not exceed the maximum weight recommendation of 100 pounds to prevent tipping or collapsing.

5. TROUBLESHOOTING

If you encounter any issues with your ODK Reversible Gaming Desk, please refer to the following common solutions. If the problem persists, contact customer support.

Problem	Possible Cause / Solution
Desk feels wobbly or unstable.	Ensure all assembly screws are tightened. Adjust the non-slip foot pads to compensate for uneven flooring.
LED lights are not turning on or functioning correctly.	Check if the power cord is securely plugged into the wall outlet and the desk. Verify the LED strip's control buttons are being pressed correctly. Ensure no damage to the LED strip or wiring.

Problem	Possible Cause / Solution
USB charging ports or AC outlets are not working.	Confirm the desk is plugged into a live power source. Test with different devices to rule out device-specific issues. Check for any tripped circuit breakers in your home.
CPU tower does not fit in the designated shelf area.	Verify the dimensions of your CPU tower against the shelf dimensions (7.9"W x 18.1"D x 45.6"H for the overall shelf unit, with adjustable internal height). The CPU stand area is designed for standard home/office PCs, not necessarily oversized gaming rigs.
