Novilla 150x190cm Essential White Metal Bed Frame with Wood Slats Instruction Manual

Brand: Novilla | Model: N-F10016

1. INTRODUCTION

Thank you for choosing the Novilla 150x190cm Essential White Metal Bed Frame. This manual provides comprehensive instructions for the safe assembly, proper use, and effective maintenance of your new bed frame. Please read this manual thoroughly before beginning assembly and retain it for future reference.

2. SAFETY INFORMATION

Your safety is paramount. Please adhere to all safety guidelines during assembly and use. Ensure all components are correctly installed and tightened before use. Do not allow children to play on or around the bed frame unsupervised.

For detailed safety information, please download and review the official safety document: [Download Safety Information \(PDF\)](#)

3. PACKAGE CONTENTS

Before assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, please contact Novilla customer support.

- Metal frame components (side rails, support beams, legs)
- Wood slats (poplar wood)
- Hardware pack (screws, bolts, washers, nuts)
- Assembly tools (e.g., hex key)
- Instruction Manual

4. SETUP AND ASSEMBLY

The Novilla bed frame is designed for easy assembly, typically requiring only one person and a few simple steps. Refer to the included Installation Manual for detailed diagrams and instructions.

1. **Place the Frame:** Begin by laying out the main metal frame components on a clean, flat surface.
2. **Install Support Frame:** Connect the support beams and central leg(s) to the main frame, ensuring all connections are secure.
3. **Extend Slats:** Place the wood slats across the frame. Ensure they are evenly spaced and properly seated in their designated positions.
4. **Remove Strap:** If present, remove any protective or adhesive straps from the slats. Some slats may have noise-reducing strips that should remain in place.

5. OPERATING AND USAGE

This bed frame is designed to provide a stable and comfortable sleeping surface. It is suitable for adults, children, and teenagers.

- **Mattress Compatibility:** The frame is compatible with a 150x190cm mattress. A box spring is not required, as the wood slats provide adequate support.
- **High Under-Bed Clearance:** The design offers approximately 30.5 cm of clearance beneath the frame, providing convenient space for storage or easy cleaning by robotic vacuums.

más espacio para alojamiento

Figure 5.1: An illustration showing the generous 30.5 cm under-bed clearance, providing ample space for storing items like suitcases or storage boxes, and allowing for easy cleaning.

- **Stable Support:** The frame features strong central support legs and a robust metal structure to ensure stability and prevent shaking.

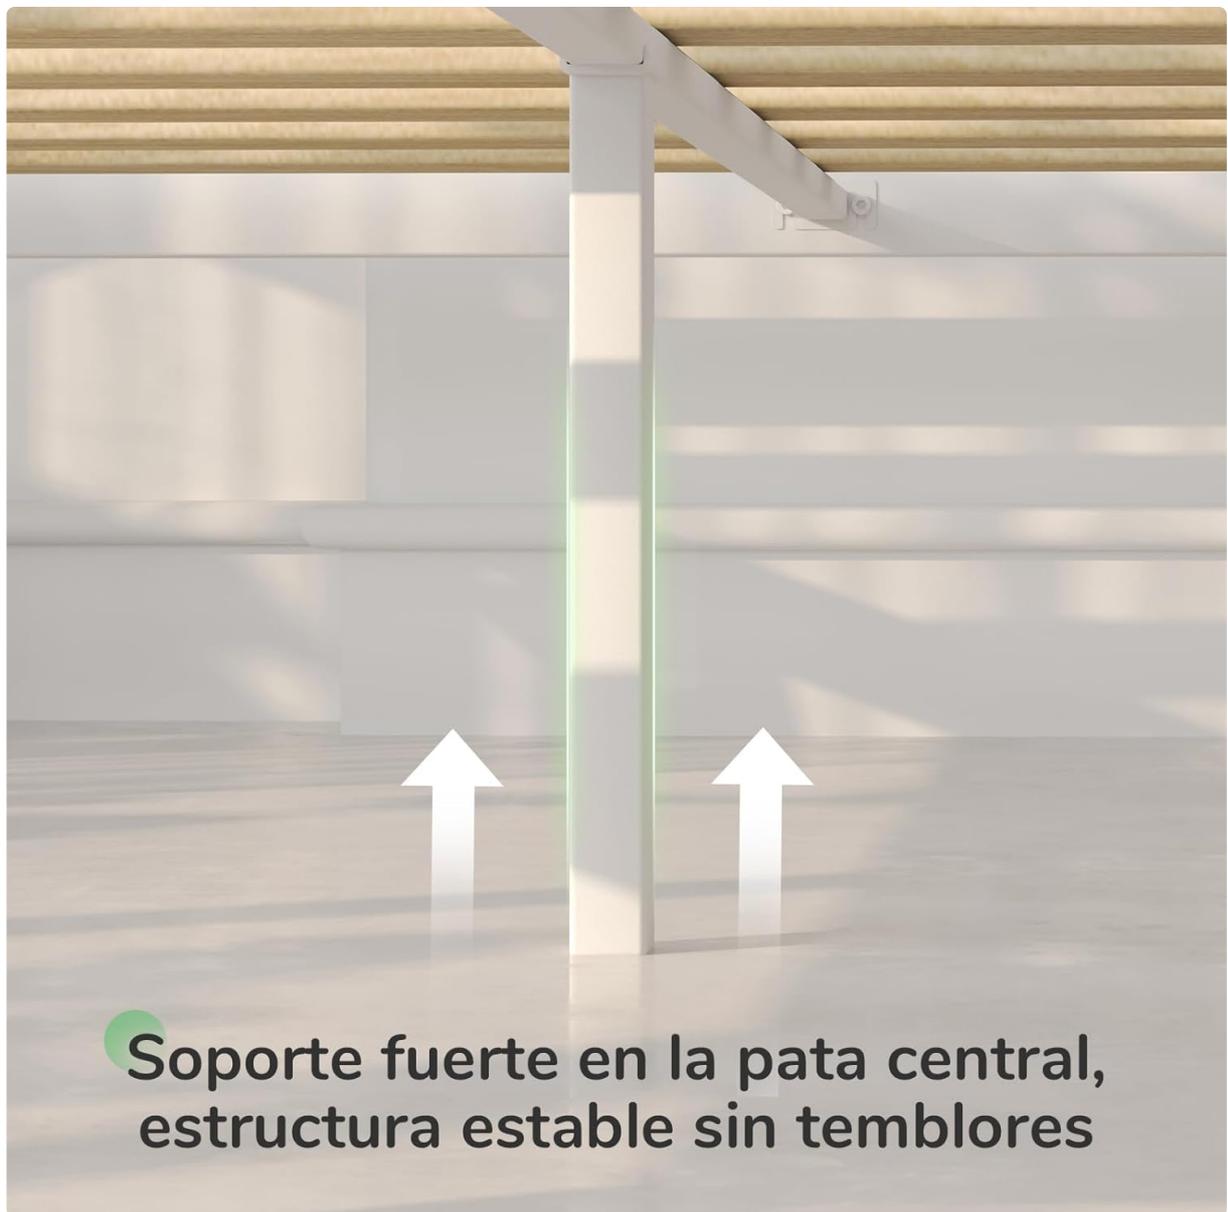

Figure 5.2: A detailed view of the robust central support leg, designed to provide enhanced stability and prevent shaking of the bed frame.

- **Floor Protection:** The bed legs are equipped with anti-scratch pads to protect your flooring from damage.

6. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your bed frame.

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Slats:** The poplar wood slats are solid and durable. Periodically check them for any signs of wear or damage.

- ✓ Legno sostenibile in classe E0
- ✓ Solido e durevole
- ✓ No se rompe ni se dobla fácilmente

Figure 6.1: A detailed view of the solid and durable E0 class sustainable poplar wood slats, which are designed to be strong and resistant to breaking or bending.

- **Fasteners:** Periodically check all screws, bolts, and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Movement:** If you need to move the bed frame, lift it rather than dragging it to prevent damage to the frame or your floor.

7. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

- **Squeaking Noises:**
 - Ensure all bolts and screws are securely tightened.
 - Check that the wood slats are properly seated and not rubbing against the metal frame. The integrated noise-reducing strips should prevent this.
 - Verify that the mattress is correctly positioned and not causing friction.
- **Instability/Wobbling:**
 - Confirm that all frame components are correctly assembled according to the instructions.

- Tighten all fasteners.
- Ensure the bed frame is placed on a level surface.

8. SPECIFICATIONS

Brand	Novilla
Model Number	N-F10016
Dimensions (L x W x H)	190 cm x 150 cm x 35.7 cm
Compatible Mattress Size	150 x 190 cm
Material	Metal frame, Poplar wood slats
Color	White
Style	Essential (No headboard required)
Maximum Weight Recommendation	544 Kilograms
Special Feature	No box spring needed, High under-bed clearance

Dimensiones y capacidad
