## VISOFO Facial Hair Removal For Women

# VISOFO Facial Hair Removal Device User Manual

## INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your VISOFO Facial Hair Removal Device. Please read this manual thoroughly before first use and retain it for future reference.

## SAFETY INFORMATION

### WARNING:

- Keep this product out of reach of children.
- Avoid using on irritated skin.
- If skin irritation occurs, discontinue use immediately.

## PRODUCT FEATURES

The VISOFO Facial Hair Removal Device is designed for gentle and effective removal of unwanted facial hair. Key features include:

- Stainless steel bladed head for precise hair removal.
- Integrated LED light to illuminate fine hairs.
- Compact and discreet design.
- Hypoallergenic and dermatologist-recommended for painless hair removal.

small compact design.

## SETUP

The device is battery-powered. To install or replace the battery:

1. Twist the bottom part of the device counter-clockwise to open the battery compartment.
2. Insert one AA battery, ensuring correct polarity.
3. Twist the bottom part clockwise to securely close the battery compartment.

No charging is required as it operates on replaceable batteries.

## OPERATING INSTRUCTIONS

Follow these steps for effective facial hair removal:

1. Ensure your skin is clean and dry before use.
2. Remove the protective cap from the device.
3. Slide the switch to the "ON" position. The LED light will illuminate.
4. Gently press the device to your face and make small, circular motions to remove hair.
5. For stubborn areas, hold the skin taut to ensure closer contact with the shaving head.
6. The device can be used on the lips, chin, neck, cheeks, and for shaping eyebrows.
7. After use, slide the switch to the "OFF" position and replace the protective cap.

## MAINTENANCE

Regular cleaning ensures optimal performance and hygiene:

1. After each use, twist the shaving head counter-clockwise to remove it from the device body.
2. Use the provided cleaning brush to remove any accumulated hair from the shaving head and the device interior.
3. Reattach the shaving head by twisting it clockwise until secure.

## TROUBLESHOOTING

If the device is not functioning as expected, consider the following:

- **Device not turning on:** Check if the battery is correctly inserted and has sufficient power. Replace the battery if necessary.
- **Reduced performance:** The shaving head may be clogged with hair. Clean the device thoroughly as per the maintenance instructions.
- **Skin irritation:** Ensure you are using the device on clean, dry skin. Avoid applying excessive pressure. If irritation persists, discontinue use.
