Victor M140-3B

Victor M140-3B Quick-Kill Mouse Traps Instruction Manual

Brand: Victor | Model: M140-3B

PRODUCT OVERVIEW

The Victor Quick-Kill Mouse Trap is designed for effective and easy indoor mouse elimination. These traps feature a one-click setting mechanism and a covered bait cup to prevent bait theft. Precision Strike technology aims for a quick and humane kill. A simple release mechanism allows for easy disposal of caught rodents.

Key Features:

- **Indoor Use:** Specifically designed for use within indoor environments.
- **Chemical-Free:** Operates without chemicals or poisons, making it suitable for use around children and pets.
- **Precision Strike Technology:** Engineered for accurate placement, ensuring a quick and humane kill.
- **Low Bait Theft:** Features a covered bait cup design to minimize bait removal by rodents without triggering the trap.
- **One-Click Setting:** Allows for simple and quick trap activation.

SAFETY INFORMATION

- Always handle traps with care.
- Keep traps out of reach of children and pets.
- Avoid placing fingers or other body parts near the trap mechanism when setting or handling.
- Wear gloves when handling traps or disposing of rodents to prevent contact with potential pathogens.
- Read all instructions before use.

SETUP INSTRUCTIONS

1. Baiting the Trap

Apply a small amount of bait, such as peanut butter or a similar attractant, into the covered bait cup located on the trap. Ensure the bait is placed securely within the cup to encourage the mouse to interact with the trigger mechanism.

INSTRUCTIONS:

1. Appâter le piège - Mettez l'appât sous le couvercle à appât.

2. Régler le piège - Ramenez la poignée de la barre rouge vers l'arrière jusqu'à ce que vous entendiez un « clic » et que le piège soit amorcé.

3. Placer le piège - Aux endroits où des traces d'activité de rongeurs sont visibles ou le long des murs où les souris se déplacent.

4. Jeter - Tenez le piège par l'arrière. Soulevez lentement la poignée de la barre rouge pour vous débarrasser de la souris.

Video: Demonstrates the process of baiting and setting the Victor Quick-Kill Mouse Trap.

3. Placement

Place the armed trap where signs of rodent activity are visible, such as along walls where mice commonly travel. Position the trap perpendicular to the wall with the bait cup facing the wall.

2. Set Trap - Pull back the red kill bar handle until it clicks and the trap locks into place.

3. Place Trap - Where signs of rodent activity are visible or along walls where mice travel.

4. Dispose - Hold trap at rear. Slowly lift the red kill bar handle to discard mouse.

OPERATING INSTRUCTIONS

Disposal

Once a rodent is caught, hold the trap at the rear. Slowly lift the red kill bar handle to open the trap and release the rodent into a waste receptacle. The trap can then be reset or cleaned for future use.

MAINTENANCE

The Victor Quick-Kill Mouse Trap is designed for reusability. After disposal, the trap can be cleaned with warm, soapy water if desired. Ensure the trap is completely dry before re-baiting and setting. Store in a cool, dry place when not in use.

TROUBLESHOOTING

- **Trap not catching:** Ensure the bait is securely placed within the bait cup and not easily accessible from the outside. Verify the trap is fully set and the kill bar is locked in the upright position.
- **Bait theft:** If bait is being taken without the trap triggering, try using a stickier bait like peanut butter or hazelnut

spread, pressed firmly into the bait cup. Ensure the trap is placed in an area where the mouse must fully engage with the bait cup to reach the attractant.

- **Improper placement:** Mice tend to travel along walls. Ensure the trap is placed perpendicular to a wall, with the bait cup closest to the wall, to intercept their path effectively.

SPECIFICATIONS

Brand	Victor
Model Number	M140-3B
Color	Gray
Product Dimensions (L x W x H)	1.5" x 4.5" x 6.4"
Item Weight	0.14 Kilograms
Number of Pieces	3
Target Species	Mouse
Power Source	Manual
UPC	072868012587
